Tvilum 70505akuu

Tvilum Austin 4 Drawer Chest (Model 70505akuu) User Manual

Oak Structure / White High Gloss

1. Introduction

This manual provides essential information for the assembly, operation, and maintenance of your Tvilum Austin 4 Drawer Chest. Please read these instructions carefully before beginning assembly and retain them for future reference.

The Tvilum Austin 4 Drawer Chest is designed to offer a space-saving storage solution with its four wide drawers. Its unique depth makes it suitable for various rooms, including bedrooms, living areas, or entryways. The design features streamlined metal hardware and round feet, complemented by an easy-to-clean foil surface and durable metal drawer runners.

Image 1.2: The Tvilum Austin 4 Drawer Chest placed in a room, demonstrating its compact size and aesthetic appeal.

2. Important Safety Information

To prevent serious or fatal crushing injuries from furniture tip-over, this product must be permanently secured to the wall with the provided anti-tip device. Always follow the assembly instructions for proper installation of the anti-tip kit.

- Do not allow children to climb on drawers or shelves.
- Place the heaviest items in the lowest drawers.
- Never open more than one drawer at a time.
- Ensure the chest is placed on a level surface.
- Keep small parts and packaging materials away from children.

Image 2.1: Illustration indicating the maximum weight capacity for the top surface (15 kg / 33 lbs) and each drawer (8 kg / 18 lbs).

Weight Capacity: The top surface of the chest can support up to 15 kg (33 lbs). Each individual drawer has a maximum weight capacity of 8 kg (18 lbs). Do not exceed these limits to ensure stability and prevent damage.

3. Package Contents

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

Expected Components:

- Side Panels (Left & Right)
- Top Panel
- Bottom Panel
- Back Panel
- Drawer Fronts (x4)
- Drawer Side Panels (x8)
- Drawer Back Panels (x4)
- Drawer Bottom Panels (x4)
- Drawer Runners (Metal slides, x8)
- Handles (x4)
- Assembly Hardware (screws, dowels, cam locks, anti-tip kit, etc.)
- Feet (x4)

Tools Required (Not Included):

- Phillips Head Screwdriver
- Hammer (for dowels and back panel nails)

4. Assembly Instructions

Assembly is required for this product. Please follow the step-by-step diagrams and instructions provided in the separate assembly guide included with your purchase. Ensure you have ample space and a clean, soft surface to prevent scratching components during assembly.

1. **Unpack and Identify:** Carefully unpack all components and hardware. Refer to the parts list in your assembly guide to identify each piece.
2. **Assemble Frame:** Begin by assembling the main frame of the chest, connecting the side panels to the top and bottom panels using the specified hardware.
3. **Install Drawer Runners:** Attach the metal drawer runners to the inside of the chest frame and to the drawer side panels as indicated in the diagrams.
4. **Assemble Drawers:** Construct each of the four drawers by connecting the front, back, and side panels, then inserting the bottom panel. Attach the handles to the drawer fronts.
5. **Insert Drawers:** Carefully slide the assembled drawers onto their respective runners in the chest frame.
6. **Attach Back Panel:** Secure the back panel to the chest frame.
7. **Install Anti-Tip Device:** Crucially, install the anti-tip device to the back of the chest and secure it to a wall stud according to the instructions. This step is vital for safety.

Do not overtighten screws. Periodically check all fasteners to ensure they remain tight.

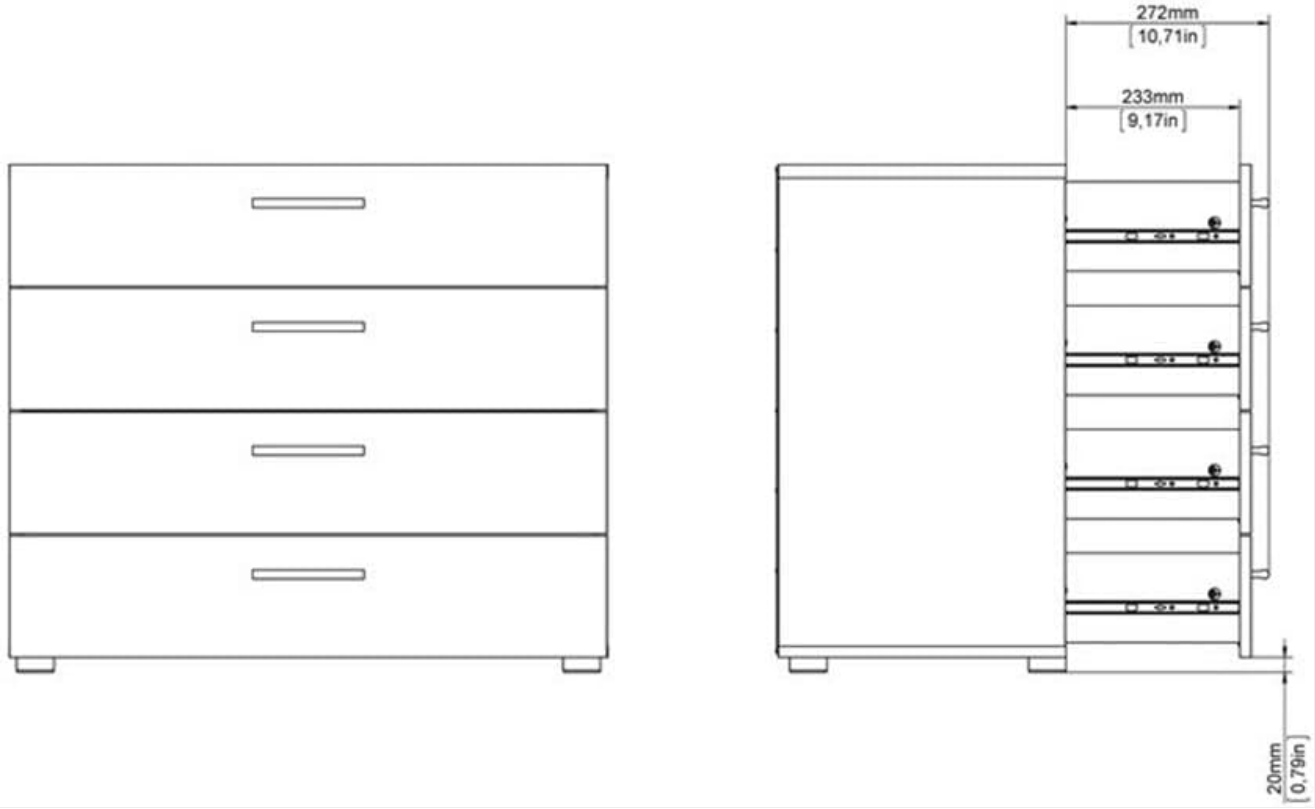

Image 4.1: Detailed view of the drawer mechanism, showing the metal runners and how the drawer integrates into the chest frame.

5. Operating Instructions

The Tvilum Austin 4 Drawer Chest is designed for straightforward use. To operate the drawers:

- **Opening Drawers:** Gently pull the handle of the desired drawer outwards. The metal runners ensure smooth operation.
- **Closing Drawers:** Push the drawer inwards until it is fully closed and flush with the chest frame.
- **Loading Drawers:** Distribute items evenly within each drawer. Avoid placing all heavy items at the front or back of a drawer.
- **Weight Limits:** Adhere to the specified weight limits: 15 kg (33 lbs) for the top surface and 8 kg (18 lbs) per drawer. Overloading can damage the runners and compromise stability.

6. Maintenance and Care

Proper care will extend the life and appearance of your Tvilum Austin 4 Drawer Chest.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or polishes that may damage the foil surface.
- **Spills:** Immediately wipe up any spills to prevent moisture damage.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Protect the chest from excessive moisture and direct sunlight, which can cause fading or warping.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Loose hardware can affect the stability and function of the chest.
- **Drawer Runners:** If drawers become stiff, a small amount of silicone-based lubricant can be applied to the metal runners.

7. Troubleshooting

Here are solutions to common issues you might encounter:

- **Chest is Wobbly:**
  Ensure the chest is on a level surface. Check all assembly fasteners and tighten any that are loose.
- **Drawers Do Not Close Smoothly:**
  Verify that the drawer runners are correctly installed and aligned on both the drawer and the chest frame. Check for any obstructions in the runners. Ensure drawers are not overloaded.
- **Drawer Fronts Are Uneven:**
  This can often be adjusted by slightly loosening and then re-tightening the screws connecting the drawer front to the drawer box, allowing for minor alignment adjustments.
- **Missing or Damaged Parts:**
  If you discover missing or damaged parts during assembly, do not proceed. Contact Tvilum customer support for replacements.

8. Product Specifications

Brand	Tvilum
Model Name	Austin 4 Drawer Chest
Model Number	70505akuu
Color	Oak Structure / White High Gloss
Product Dimensions (D x W x H)	15.85"D x 31.57"W x 26.81"H (Assembled)

Item Weight	54.45 Pounds
