Corehan COCS-JD-AN-03

Corehan 7-inch Double Din Android Car Stereo Instruction Manual

Model: COCS-JD-AN-03

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Corehan 7-inch Double Din Android Car Stereo. This unit features a 7-inch touch screen, Bluetooth, WiFi, and GPS navigation, running on Android 8.1. It supports steering wheel controls (SWC), rear camera input, and FM radio. The system allows for downloading additional applications from the Google Play Store to expand its functionality.

3. SETUP AND INSTALLATION

Installation of the car stereo requires technical knowledge and should ideally be performed by a qualified professional. Refer to the included Installation Manual for detailed wiring diagrams and specific steps for your vehicle model. Ensure the vehicle's power is disconnected before beginning installation.

3.1. Basic Wiring Connections

1. **Power Connection:** Connect the main power harness to your vehicle's power supply, ensuring correct positive, negative, and accessory wire connections.
2. **Speaker Connections:** Connect the speaker wires from the stereo harness to your vehicle's speakers.
3. **GPS Antenna:** Mount the GPS antenna in a location with a clear view of the sky, typically on the dashboard or under the windshield.
4. **USB Cables:** Connect the provided USB cables for external media or device charging.
5. **RCA Cables:** Connect RCA cables for external amplifiers, subwoofers, or video output to headrest monitors.
6. **Rear Camera Input:** If installing a rear camera, connect its video and power cables to the designated inputs on the stereo.
7. **Steering Wheel Control (SWC):** Connect the SWC wires to your vehicle's steering wheel control

interface (if applicable) to enable control from your steering wheel.

3.2. Initial Power-Up

After all connections are secure, reconnect the vehicle's power. The unit should power on automatically or by pressing the power button. Follow any on-screen prompts for initial setup, such as language selection and time zone.

4. OPERATING INSTRUCTIONS

4.1. Bluetooth Connectivity

The unit features built-in Bluetooth for hands-free calling and audio streaming. To connect your device:

1. Go to the Bluetooth settings on the stereo.
2. Enable Bluetooth on your mobile device and search for available devices.
3. Select the stereo's name (e.g., "Corehan Car Stereo") from your device's list.
4. Confirm the pairing code on both devices.

Once paired, you can make/receive calls and stream music wirelessly.

4.2. GPS Navigation

The stereo includes a built-in GPS module and an external GPS antenna. It supports most navigation applications with offline map capabilities. This allows for navigation even in areas without mobile data signals.

Figure 4: GPS navigation displayed on the Corehan car stereo screen.

4.3. Mirror Link Functionality

The Mirror Link feature allows you to cast the screen of your Android or iOS device directly onto the head unit's display. This enables viewing content from your smartphone on the larger screen.

Mirror Link

スマホ画面を車に映る

カーナビはEasyConnectedを搭載し、アプリによってAndroid携帯とiphoneの画面をパネルに移ることができます。
また、カーナビは動画を出力することができ、mirror linkによってスマホ画面を後席のヘッドレストモニターに映ることもできます。前席も後席も音楽と動画を楽しめます。

4.4. Multimedia Playback

The unit supports various multimedia channels including USB drives, micro SD cards, and Bluetooth for music and video playback. You can also download music and video applications from the Google Play Store.

音楽と動画再生

運転の時に、好みの音楽と動画を楽しむことができます

カーナビは、USBメモリ、micro SDカード、Bluetoothなど様々な方法で好みの音楽と動画をとることができます。

また、google play storeでspotifyやGoogle音楽などの音楽・動画アプリをダウンロードすることができます。

4.5. Video Output

The Android car stereo supports video output to external displays, such as headrest monitors. This allows passengers to view videos simultaneously.

ビデオ出力

ビデオはどこにもあります

カーナビでビデオの出力をサポート、最大は同時に二つのスクリーンに対応できます。

どんな時にもあなたは前や後に座った家族にビデオをシェアできます。旅にはあなたとお子様やご家族にもっと多くの楽しみをもたらします!

4.6. OBDII Scanner Support

The unit supports connection to an OBDII scanner (sold separately), allowing you to monitor vehicle diagnostics and engine information directly on the stereo display.

5. MAINTENANCE

5.1. Cleaning the Screen

Use a soft, lint-free cloth to gently wipe the touch screen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals or abrasive materials.

5.2. Software Updates

Periodically check for software updates to ensure optimal performance and access to new features. Updates can typically be found through the system settings or the manufacturer's website. Follow the on-screen instructions carefully during the update process.

6. TROUBLESHOOTING

If you encounter issues with your car stereo, try the following basic troubleshooting steps:

- **No Power:** Check all power connections and fuses. Ensure the vehicle's ignition is on.

- **No Sound:** Verify speaker connections, volume levels, and audio source selection.
- **Bluetooth Connection Issues:** Ensure Bluetooth is enabled on both devices and try re-pairing. Clear previous pairings if necessary.
- **GPS Signal Loss:** Ensure the GPS antenna has a clear view of the sky and is securely connected.
- **Touch Screen Unresponsive:** Try restarting the unit. If the issue persists, a factory reset may be required (note: this will erase all user data).
- **System Slow/Freezing:** Close unnecessary applications. A system restart or factory reset can often resolve performance issues.

For more complex problems, refer to the detailed troubleshooting section in the full User & Installation Manual or contact customer support.

7. SPECIFICATIONS

Feature	Specification
Product Dimensions	5.7 x 7 x 4 inches
Item Weight	1.98 pounds
Model Number	COCS-JD-AN-03
Operating System	Android 8.1 (as per product title, though specifications list Android 7)
RAM	2 GB
Wireless Communication	Bluetooth, Wi-Fi
Connectivity Technologies	Bluetooth, USB, Wi-Fi
GPS	Supported (Built-in module and external antenna)
Special Features	Bluetooth, Touchscreen, Mirror Link, Video Output, OBDII Support
Display Resolution	1024 x 600
Screen Size	7 Inches
Manufacturer	Corehan Technology

優れたハードウェアとソフトウェア 8コアと Android 8

8コアCPU、2GBramと32GBrom

システムはAndroid 8に対応します。8コアCPUが内蔵され、CPU最高クロック周波数が1.8GHzで、ARM Cortex A7を使用します。

また、SGX544MP1 GPU、2GB Ramと32GB Romが搭載されます。より優れたハードウェア搭載、より大きなストレージと最適化したシステムによって、カーナビをよりスムーズで効率的にお使いいただけます。
