## Panasonic KX-TG833SK

# Panasonic KX-TG833SK Link2Cell Bluetooth Cordless Phone System

## USER MANUAL

### INTRODUCTION

---

This manual provides detailed instructions for the setup, operation, and maintenance of your Panasonic KX-TG833SK Link2Cell Bluetooth Cordless Phone System. Please read this manual thoroughly before using your new phone system to ensure proper functionality and to take full advantage of its features.

## KEY FEATURES

- **Link2Cell with Voice Assist:** Connect your cell phone via Bluetooth to make and receive calls using your cell line through the cordless handsets.
- **Talking Caller ID:** Announces the caller's name or number, allowing you to screen calls without picking up the phone.
- **Integrated Answering System:** Records messages, allows personalized greetings, and offers remote message retrieval.
- **Expandable System:** Supports up to 6 handsets (additional handsets sold separately) for extended coverage.
- **Crystal-Clear Sound Quality:** Ensures clear and crisp audio for all conversations.

## SETUP GUIDE

---

## 1. Base Unit Installation

1. Place the base unit on a flat, stable surface, away from heat sources and direct sunlight.
2. Connect the AC adapter to the base unit and plug it into a standard electrical outlet.
3. Connect the telephone line cord to the base unit and then to your telephone wall jack.

## 2. Handset Battery Installation and Charging

1. Open the battery compartment cover on the back of each handset.
2. Insert the provided rechargeable battery, ensuring correct polarity.
3. Close the battery compartment cover.
4. Place each handset on its respective charger or the base unit. Charge for at least 7 hours before initial use. The charge indicator will illuminate.

## 3. Bluetooth Pairing (Link2Cell)

The Link2Cell feature allows you to connect your cell phone to the Panasonic phone system via Bluetooth.

1. On the base unit, press and hold the **CELL 1** or **CELL 2** button until the corresponding indicator flashes.
2. On your cell phone, enable Bluetooth and search for available devices.
3. Select the Panasonic phone system (e.g., "KX-TG833SK") from your cell phone's Bluetooth device list.
4. If prompted, enter the PIN (usually "0000") on your cell phone.
5. Once paired, the **CELL 1** or **CELL 2** indicator on the base unit will stop flashing and remain lit.

## OPERATING INSTRUCTIONS

---

### 1. Making and Answering Calls

- **To Make a Call:** Press **TALK**, then dial the number.
- **To Answer a Call:** Press **TALK** when the phone rings.
- **To End a Call:** Press **OFF** or place the handset back on the base/charger.

### 2. Using Link2Cell for Cell Phone Calls

- **To Make a Cell Call:** Press **CELL 1** or **CELL 2** on the handset, then dial the number.
- **To Answer a Cell Call:** When your cell phone rings through the Panasonic system, press **TALK**.

### 3. Talking Caller ID

When an incoming call is received, the handset will announce the caller's name or number if it is stored in your phonebook or provided by your service provider.

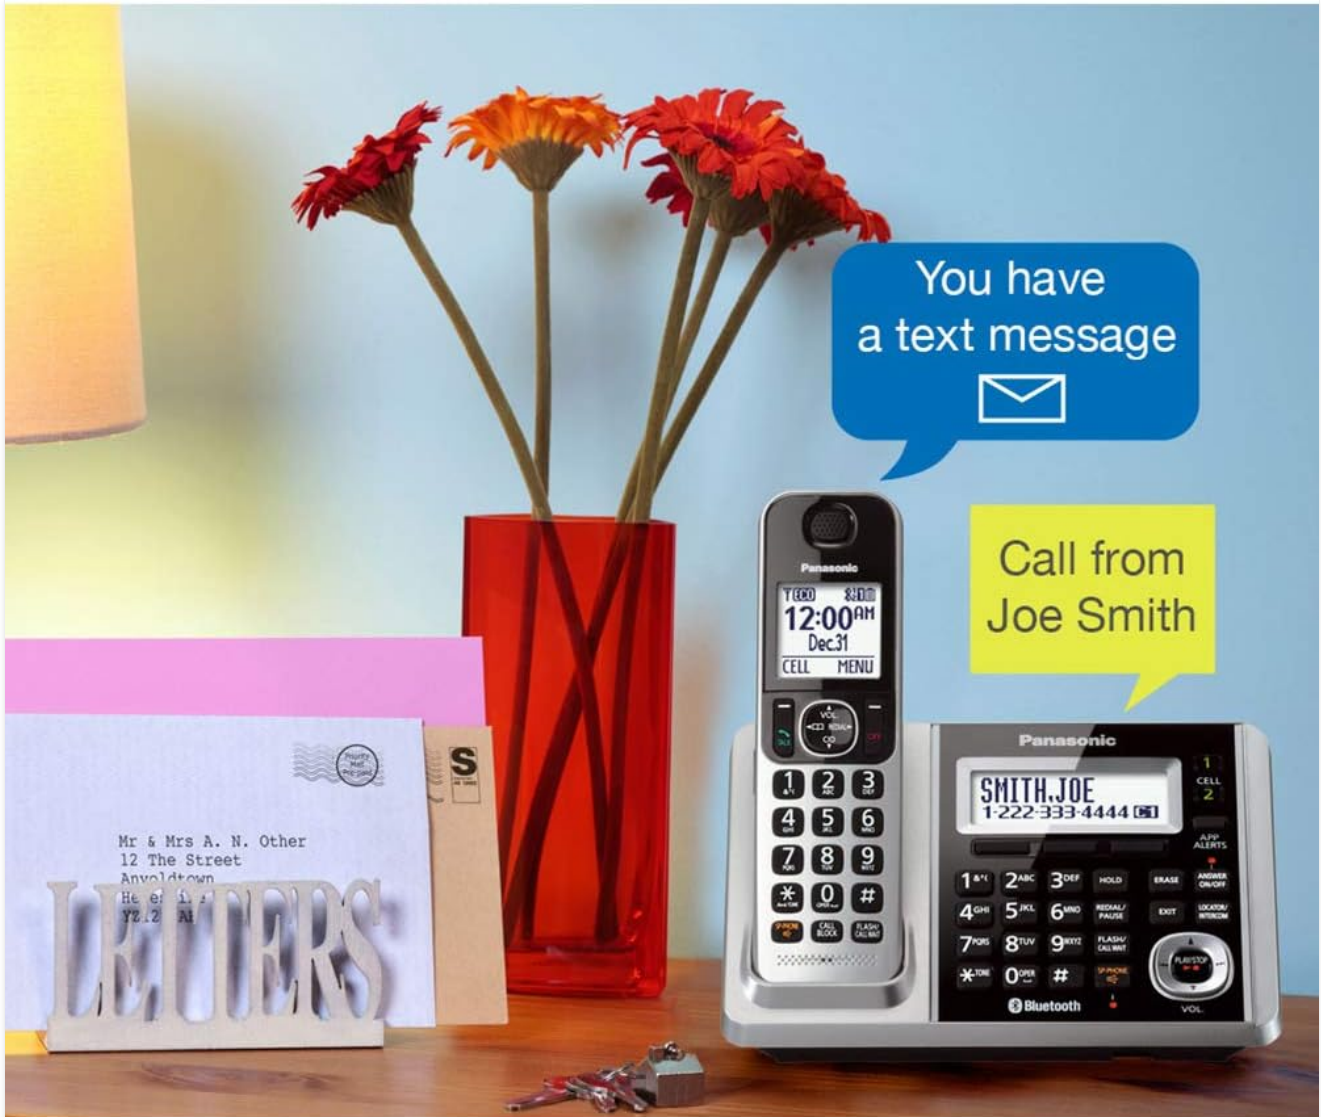

Image: The Panasonic phone system showing an incoming call from "Joe Smith" and a text message notification.

#### 4. Answering System Functions

- **Turning On/Off:** Press **ANSWER ON/OFF** on the base unit.
- **Playing Messages:** Press **PLAY/STOP** on the base unit.
- **Erasing Messages:** Press **ERASE** during message playback.

# Quick Read Message Counter

*Image: A close-up of the base unit's message counter, indicating the number of new messages.*

## 5. Call Blocking

To block unwanted calls, use the dedicated Call Block button.

- **To Block an Incoming Call:** While the phone is ringing or during a call, press **CALL BLOCK**.
- **To Block a Number from Caller ID History:** Access the Caller ID list, select the number, and press **CALL BLOCK**.

# Easily Block Unwanted Calls with Just One Touch

Image: A close-up of the handset, showing the 'CALL BLOCK' button for easy access.

## MAINTENANCE

- **Cleaning:** Wipe the phone and base unit with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Battery Care:** Use only the specified rechargeable batteries. Replace batteries when they no longer hold a charge effectively.
- **Environmental Conditions:** Avoid exposing the phone system to extreme temperatures, humidity, or direct sunlight.

## TROUBLESHOOTING

Problem	Solution
---------	----------

<b>Problem</b>	<b>Solution</b>
No dial tone	Ensure the telephone line cord is securely connected to both the base unit and the wall jack. Check if the AC adapter is properly connected.
Handset does not charge	Verify the handset is correctly placed on the charger. Clean the charging contacts on both the handset and charger with a dry cloth.
Cannot pair cell phone via Bluetooth	Ensure Bluetooth is enabled on your cell phone and the Panasonic base unit is in pairing mode. Move your cell phone closer to the base unit.
Poor sound quality	Move closer to the base unit. Check for interference from other electronic devices. Ensure the telephone line cord is not damaged.
