Spigen 063GL25358

Spigen GlasTR EZ FIT Tempered Glass Screen Protector User Manual

Model: 063GL25358

INTRODUCTION

This manual provides comprehensive instructions for the installation, use, and maintenance of your Spigen GlasTR EZ FIT Tempered Glass Screen Protector. Designed for iPhone 11 Pro, iPhone X, and iPhone XS models, this screen protector offers robust protection for your device's display.

WHAT'S IN THE BOX

Don't break a sweat.

Auto Alignment Kit makes installation easy.

Image: Contents of the Spigen GlasTR EZ FIT package, including two screen protectors, an installation tray, cleaning wipes, and dust removal stickers.

- Spigen GlasTR EZ FIT Tempered Glass Screen Protector (2 units)
- Auto-alignment installation kit (EZ Fit Tray)
- Cleaning wipes (2 units)
- Dust removal stickers
- Microfiber cloth
- Instruction manual

SETUP: INSTALLATION GUIDE

Follow these steps for a bubble-free and perfectly aligned installation:

1. **Clean the Screen:** Use the provided cleaning wipe (wet) to thoroughly clean your device's screen. Ensure all smudges and fingerprints are removed.

2. **Dry the Screen:** Use the microfiber cloth to dry the screen completely.
3. **Remove Dust:** Use the dust removal sticker to pick up any remaining dust particles from the screen. Ensure the screen is completely dust-free.
4. **Position the EZ Fit Tray:** Place the EZ Fit Tray onto your iPhone. The tray is designed for precise alignment.
5. **Apply the Screen Protector:** Gently press down on the center of the screen protector within the tray. The adhesive will begin to spread.
6. **Wait and Slide:** Wait approximately 30 seconds for the adhesive to settle. Then, press and slide the orange strip on the tray to fully adhere the protector.
7. **Remove Tray and Bubbles:** Carefully remove the EZ Fit Tray. If any small bubbles remain, use the provided squeegee or microfiber cloth to gently push them towards the edges of the screen.

Compatibility

Please check the device model.

5.8 inch

Compatible with

iPhone 11 Pro | XS | X

5.4 inch

Not compatible with

iPhone 12 mini

OPERATING INSTRUCTIONS

Once installed, the Spigen GlasTR EZ FIT screen protector operates seamlessly with your device. It maintains original touchscreen responsiveness and clarity.

- **Touch Sensitivity:** The screen protector is designed to preserve the original touch sensitivity of your iPhone's display.
- **Display Clarity:** Enjoy crystal clear viewing without any distortion or reduction in screen quality.
- **Case Compatibility:** This screen protector is engineered to be case-friendly, ensuring a perfect fit with most protective cases, especially Spigen cases.

Intuitive touch
**Undisturbed and
quick touch response.**

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your screen protector, follow these maintenance tips:

- **Cleaning:** Use a soft, lint-free cloth (like the provided microfiber cloth) to gently wipe the screen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner.
- **Oleophobic Coating:** The screen protector features an oleophobic coating to resist fingerprints and smudges. Regular cleaning will help maintain this coating's effectiveness.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, alcohol, or ammonia-based solutions, as these can damage the coating.
- **Protection:** While highly durable (9H hardness), avoid placing your device face down on rough surfaces or exposing it to sharp objects to prevent scratches.

All day defense
**Protects the screen
from scratches.**

Image: Demonstrating the screen protector's defense against scratches from everyday items.

TROUBLESHOOTING

- **Bubbles After Installation:** Small bubbles often disappear within 24-48 hours. For larger, persistent bubbles, gently lift the nearest edge of the protector and re-apply, pushing the bubble out with the squeegee.
- **Dust Under Protector:** If dust particles are trapped, carefully lift the corner of the screen protector near the dust. Use a dust removal sticker to gently dab the dust off the screen and the adhesive side of the protector, then re-apply.
- **Reduced Touch Sensitivity:** Ensure the screen protector is clean and free from moisture. If the issue persists, re-installation might be necessary to ensure proper adhesion.
- **Cracked Screen Protector:** If the screen protector cracks, it has absorbed an impact that would have otherwise damaged your phone's screen. Replace it immediately with a new one from the 2-pack.

SPECIFICATIONS

Brand	Spigen
Model Number	063GL25358
Compatible Devices	iPhone 11 Pro, iPhone X, iPhone XS (5.8 inch)
Material	Tempered Glass
Item Hardness	9H
Special Features	9H Surface Hardness, Oleophobic Coating, Auto-alignment installation kit
Product Dimensions	5.35 x 2.49 x 0.02 inches
