Artemide Castore Suspension Lamp 35 cm

Artemide Castore Suspension Lamp 35 cm User Manual

Model: Castore Suspension Lamp 35 cm

1. INTRODUCTION

The Artemide Castore Suspension Lamp 35 cm is an elegant lighting fixture designed to provide soft, diffused illumination. Featuring a hand-blown spherical diffuser made of opaque white glass and a tapering stem, this lamp is suitable for various interior spaces, including dining rooms, entryways, and larger areas. This manual provides essential information for the safe installation, operation, and maintenance of your Castore Suspension Lamp.

2. SAFETY INFORMATION

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- **Professional Installation:** Installation should only be performed by a qualified electrician in accordance with all local and national electrical codes.
- **Power Disconnection:** Always disconnect power at the circuit breaker before installing, cleaning, or servicing the lamp.
- **Voltage:** Ensure the supply voltage matches the lamp's requirements (120V).
- **Bulb Type:** Use only the specified bulb type and wattage (MAX 100W E26/A18). Exceeding the maximum wattage can cause overheating and fire.
- **Handling:** Handle the glass diffuser with care to prevent breakage.

- **Environment:** This lamp is designed for indoor use only and is not water resistant. Do not install in damp or wet locations.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation. If any parts are missing or damaged, contact your retailer.

- Castore Suspension Lamp Diffuser (White hand-blown glass)
- Tapering Stem (Steel tubing with white translucent molded polycarbonate sleeve)
- Ceiling Canopy/Mounting Hardware
- Electrical Wiring
- Instruction Manual

4. SETUP AND INSTALLATION

This section outlines the steps for installing your Artemide Castore Suspension Lamp. Ensure power is OFF at the circuit breaker before proceeding.

1. **Prepare the Mounting Location:** Identify the desired ceiling location for the lamp. Ensure there is a secure electrical junction box capable of supporting the lamp's weight.
2. **Install Mounting Bracket:** Secure the mounting bracket to the electrical junction box using the provided screws. Ensure it is firmly attached.
3. **Wire Connections:** Carefully connect the lamp's electrical wires to the household wiring. Connect the live (black) wire from the lamp to the live (black) wire from the ceiling, the neutral (white) wire from the lamp to the neutral (white) wire from the ceiling, and the ground (green or bare copper) wire to the ground wire from the ceiling. Use appropriate wire connectors and ensure all connections are secure.
4. **Attach Ceiling Canopy:** Tuck the wires neatly into the junction box and secure the ceiling canopy to the mounting bracket.
5. **Assemble Stem and Diffuser:** Attach the tapering stem to the lamp's suspension mechanism. Carefully place the hand-blown glass diffuser onto the stem, ensuring it is seated correctly and securely.
6. **Install Bulb:** Screw an E26/A18 bulb (MAX 100W) into the lamp socket. Do not overtighten.

Figure 4.1: The Castore Suspension Lamp elegantly installed in a contemporary living space, demonstrating its aesthetic integration into an environment.

5. OPERATING INSTRUCTIONS

Once installed, operating your Castore Suspension Lamp is straightforward.

- **Power On/Off:** Restore power at the circuit breaker. The lamp can be turned on and off using a standard wall switch.
- **Dimming Function:** The Castore Suspension Lamp is dimmable. If connected to a compatible dimmer switch (sold separately), you can adjust the light intensity to your preference. The product specifications also indicate a remote control method for dimming. Refer to your remote control's instructions for specific operation.

Figure 5.1: A detailed view of the lamp's hand-blown glass diffuser and the translucent polycarbonate sleeve on the stem, highlighting the quality of materials.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your lamp.

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry, or slightly damp cloth to wipe the glass diffuser and stem. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Bulb Replacement:** Disconnect power at the circuit breaker. Allow the bulb to cool completely before touching it.

Unscrew the old E26/A18 bulb and replace it with a new one of the same type and wattage (MAX 100W). Ensure the new bulb is securely screwed in before restoring power.

7. TROUBLESHOOTING

If you encounter issues with your Castore Suspension Lamp, refer to the following common problems and solutions.

- **Lamp Does Not Turn On:**

- Check if the circuit breaker is tripped.
- Ensure the wall switch is in the 'ON' position.
- Verify the bulb is correctly installed and not burnt out. Replace if necessary.
- Confirm electrical connections are secure (consult a qualified electrician if unsure).

- **Lamp Flickers:**

- Ensure the bulb is fully screwed into the socket.
- If using a dimmer, ensure it is compatible with the bulb type and that the dimmer switch is functioning correctly.
- Check for loose wiring connections (consult a qualified electrician).

- **Dimming Function Not Working:**

- Confirm that the bulb used is dimmable.
- Ensure the dimmer switch is compatible with the lamp and bulb type.
- If using a remote, check its batteries and ensure it's paired correctly with the lamp.

8. SPECIFICATIONS

Feature	Detail
