Eastar EFL-1Pu

Eastar EFL-1Pu Closed Hole 16 Keys Flute Instruction Manual

MODEL: EFL-1Pu

Brand: Eastar

1. INTRODUCTION

The Eastar EFL-1Pu Closed Hole 16 Keys Flute is designed for beginner students, offering a user-friendly experience with high-quality components. This instrument features an undercut beveled embouchure for ease of blowing, comfortable double-bladder pads, and accurate keys for pure and bright sound.

Constructed with a real cupronickel body and waterproof leather pads, it ensures strong air-tightness and durability. The package includes essential accessories for immediate use and proper care.

2. SETUP

Before playing, carefully assemble your Eastar flute. Handle the instrument with the provided white gloves to prevent fingerprints and smudges.

- 1. Unpacking:** Remove all components from the durable hard case.
- 2. Stand Assembly:** The included flute stand can be easily assembled by unfolding its legs to provide a stable base for your instrument.
- 3. Flute Assembly:** Gently connect the headjoint, body, and footjoint. Align the keys and embouchure hole carefully. If the joints are stiff, a small amount of cork grease (not included) can be applied to the tenons.

Compact and Portable

Slender Lightweight Design and Highly Durable,
Easy to Clean and Maintain

3. OPERATING THE FLUTE

The Eastar EFL-1Pu is designed with features that facilitate learning and playing for beginners.

- **Embouchure:** The undercut beveled embouchure is designed for easy blowing, helping beginners produce clear tones. Position your lips correctly over the lip plate and direct a steady air stream across the embouchure hole.

- **Key System:** The flute features 16 closed keys with an offset G and split E key mechanism, which are standard for beginner flutes and aid in comfortable finger placement and improved intonation.
- **Fingering:** Refer to the included fingering chart for correct hand positions and note production. Practice scales and simple melodies to familiarize yourself with the instrument.

Embouchure Designed for Beginners

Video 3: Musician @Yumiko demonstrates playing the Eastar Beginner Flute.

4. MAINTENANCE

Proper maintenance is crucial for the longevity and performance of your flute. The Eastar flute is designed for easy cleaning and maintenance.

- **Cleaning Rod and Cloth:** After each use, thread the cleaning cloth through the eye of the tuning rod. Gently pass the rod through the inside of the flute sections to remove moisture and debris.
- **Exterior Cleaning:** Use a soft, dry cleaning cloth to wipe down the exterior of the flute, especially after handling, to prevent tarnish and keep the surface shiny. The included white gloves can be worn during cleaning to avoid leaving new fingerprints.
- **Pad Care:** The waterproof leather pads contribute to strong air-tightness. Avoid touching the pads directly with your fingers. If pads become sticky, use a piece of lint-free paper placed under the pad and gently press the key to absorb moisture.

Figure 6: Cleaning the flute exterior with a cloth and gloves.

5. TROUBLESHOOTING

Here are some common issues and their potential solutions:

- **Difficulty Producing Sound:** Ensure your embouchure is correctly formed and a steady, focused air stream is directed across the embouchure hole. Check that all keys are closed when pressed.
- **Keys Not Sealing:** Inspect the pads under each key. If a pad is damaged or misaligned, it may prevent proper sealing, leading to airy or incorrect notes. Minor adjustments may be possible with the included adjustment screws, but significant issues may require professional attention.
- **Stiff Joints:** If the flute sections are difficult to assemble or disassemble, apply a small amount of cork grease (not included) to the tenons. Avoid forcing the parts together.
- **Tarnishing:** The cupronickel body may tarnish over time, especially with frequent handling. Regular cleaning with a soft cloth helps minimize this. Tarnish does not typically affect the sound quality.

6. SPECIFICATIONS

Feature	Specification
Item Weight	2.2 pounds

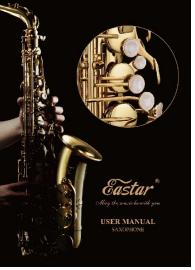

Package Dimensions	16.57 x 5.31 x 3.94 inches
Body Material	Nickel
Color	Purple
Instrument Key	C
Style	Classic
Item Model Number	EB019-FBA-CA

7. WARRANTY AND SUPPORT

The Eastar EFL-1Pu Flute comes with a 12-month product warranty. For any questions, concerns, or support needs, please contact our customer support team. They are ready to help ensure your satisfaction with your Eastar instrument.
