## Garnier 362

# Garnier Nutrisse Nourishing Creme Permanent Hair Color - 362 Darkest Berry Burgundy

Instruction Manual

## 1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of Garnier Nutrisse Nourishing Creme Permanent Hair Color in shade 362 Darkest Berry Burgundy (Raspberry Jam). This product is designed to provide rich, long-lasting color with 100% gray coverage, while nourishing hair with a blend of fruit oils.

## 2. IMPORTANT SAFETY INFORMATION

**Always read and follow the instruction leaflet inside the box completely before use.** Hair colorants can cause severe allergic reactions. To reduce your risk, perform an allergy patch test 48 hours before each use, even if you have previously used coloring products.

### 2.1 Allergy Alert Test

1. Cleanse a small area of skin behind the ear or on the inner surface of the forearm with soap and water.
2. Mix a small, equal amount of the colorant and developer in a non-metallic bowl.
3. Apply a small amount of the mixture to the cleansed area and allow it to dry. Do not wash, cover, or disturb the area for 48 hours.
4. If you experience any reaction such as itching, redness, or swelling during this period, do not use the product.

### 2.2 General Precautions

- Do not use if you have a rash on your face or a sensitive, irritated, or damaged scalp.
- Do not use if you have experienced a reaction to a temporary 'black henna' tattoo in the past.
- Wear suitable gloves provided in the kit during application.

- Avoid contact with eyes. Rinse eyes immediately if product comes into contact with them.
- Do not use to dye eyelashes or eyebrows.
- Keep out of reach of children.
- Store between 50°F (10°C) and 80°F (27°C).

### 3. PRODUCT COMPONENTS

Each Garnier Nutrisse Nourishing Creme Permanent Hair Color kit contains the following items:

- Nourishing Color Creme (Tube A)
- Creme Developer (Bottle B)
- Fruit Oil Ampoule
- Silicone-Free After Color Conditioner (Bottle D)
- Instruction Leaflet
- 1 Pair of Gloves

This shade is suitable for all hair textures.

# WHAT'S IN THE KIT?

## NOURISHING COLOR CRÈME

## SILICONE-FREE AFTER COLOR CONDITIONER

## CRÈME DEVELOPER

## FRUIT OIL AMPOULE

**+ INSTRUCTION LEAFLET / 1 PAIR OF GLOVES**

Image 5.2: The product is designed for use on all hair textures, delivering the Raspberry Jam 362 shade.

## 6. PREPARATION

1. Perform the allergy patch test 48 hours before application.
2. Gather all necessary items: the hair color kit, an old towel, a timer, and a non-metallic comb.
3. Put on the gloves provided in the kit.
4. Ensure your hair is dry and unwashed.

## 7. APPLICATION INSTRUCTIONS

Follow these steps carefully for optimal results:

1. **Mix the Color:** Unscrew the cap from the Creme Developer bottle (B). Puncture the Nourishing Color Creme tube (A) with the cap. Squeeze the entire contents of the Nourishing Color Creme (A) into the Creme Developer bottle (B). Snap and pour the entire Fruit Oil Ampoule into the Creme Developer bottle (B).
2. **Shake:** Replace the cap on the Creme Developer bottle (B) and shake vigorously for 60 seconds until the mixture is thoroughly blended.
3. **Apply:** Immediately unscrew the tip of the applicator bottle and begin application. Refer to the instruction leaflet for detailed application methods for full head color or root touch-up. Ensure even distribution for consistent color.

## 8. PROCESSING TIME

---

Allow the color mixture to process for the time specified in the instruction leaflet, typically around 25-30 minutes. Do not exceed the recommended processing time.

## 9. RINSING AND CONDITIONING

---

1. Once the processing time is complete, rinse your hair thoroughly with warm water until the water runs clear.
2. Apply a generous amount of the Silicone-Free After Color Conditioner (D) to your hair.
3. Leave the conditioner on for 2-5 minutes to deeply nourish and lock in color.
4. Rinse thoroughly again.

## 10. MAINTENANCE

---

To maintain the vibrancy and health of your colored hair:

- Use color-safe shampoos and conditioners.
- Limit washing frequency to preserve color.
- Protect hair from excessive sun exposure and chlorine.
- Regularly use nourishing hair treatments.

## 11. TROUBLESHOOTING

---

### 11.1 Color Not as Expected

- Ensure the product was mixed thoroughly and applied evenly.
- Verify that the processing time was followed correctly.
- Starting hair color significantly impacts the final result. Review the shade selection guide.

### 11.2 Allergic Reaction

- If you experience itching, burning, or swelling during or after application, rinse immediately and seek medical attention.
- Always perform an allergy patch test 48 hours prior to each use.
