Yamaha ATS-1080

Yamaha ATS-1080 35" 2.1 Channel Soundbar User Manual

Model: ATS-1080

1. INTRODUCTION

Thank you for purchasing the Yamaha ATS-1080 Soundbar. This manual provides essential information for the safe and efficient operation of your new audio system. Please read it thoroughly before use and retain it for future reference.

The Yamaha ATS-1080 is a 35-inch 2.1 channel soundbar designed to enhance your home audio experience. It features dual built-in subwoofers, Bluetooth connectivity for wireless streaming, and 4K Ultra HD pass-through for high-quality video. With multiple input options including HDMI, Optical, and Analog, it offers versatile connectivity for various devices.

2. SAFETY INFORMATION

Always follow basic safety precautions when using this product to reduce the risk of fire, electric shock, and injury. Keep this manual in a safe place for future reference.

- Do not expose this appliance to rain or moisture.
- Do not block any ventilation openings.
- Ensure proper grounding for the power cord.
- Unplug the appliance during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel.

3. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- Yamaha ATS-1080 Soundbar Unit
- Remote Control
- Power Cord
- Optical Cable
- Wall Mounting Brackets and Screws
- Quick Start Guide

4. PRODUCT OVERVIEW

The Yamaha ATS-1080 soundbar is designed for optimal audio performance and ease of use. Key features include:

- **120 Total Watts Output:** Delivers powerful and clear audio.
- **Bluetooth Enabled:** Allows for wireless music streaming from compatible devices.
- **4K Ultra HD Pass-Through:** Supports high-resolution video signals.
- **Multiple Inputs:** Includes 1 Optical, 1 Analog, and 1 HDMI input for versatile connectivity.
- **Dual Built-in Subwoofers:** Provides rich, deep bass without the need for an external subwoofer.

5. SETUP

5.1 Placement

The soundbar can be placed on a TV stand or wall-mounted. Ensure it is positioned centrally below your television for the best audio experience.

Figure 3: The Yamaha ATS-1080 Soundbar positioned on a media console directly beneath a television, demonstrating a typical setup.

5.2 Connecting to Your TV

Choose one of the following connection methods:

- **HDMI (ARC):** Connect an HDMI cable from the soundbar's HDMI OUT (ARC) port to your TV's HDMI IN (ARC) port. This allows your TV remote to control the soundbar's volume and power.
- **Optical:** Connect an optical cable from the soundbar's OPTICAL port to your TV's optical digital audio output.
- **Analog:** Connect an analog audio cable from the soundbar's ANALOG port to your TV's analog audio output.

5.3 Power Connection

Connect the power cord to the soundbar's DC IN port and then to a wall outlet.

5.4 Bluetooth Pairing

To stream audio wirelessly:

1. Press the Bluetooth button on the soundbar or remote control.
2. On your mobile device, search for
