Life Extension NT2 Collagen™

Joint Health Supplement User Manual

1. PRODUCT OVERVIEW

Life Extension NT2 Collagen™ is a dietary supplement formulated to support joint health and promote comfortable, flexible joint function. It features an innovatively processed type of undenatured type II collagen, which is the same type of collagen found naturally in your joints. This supplement is designed for daily use to encourage healthy cartilage growth and support overall joint mobility.

Key Benefits:

- **Joint Flexibility & Function:** Supports your range of motion and promotes comfortable joint function.
- **Joint Health & Comfort:** Clinically studied to promote joint health through various processes that enhance comfort.
- **Novel Type II Collagen:** Contains undenatured type II collagen, identical to the collagen found in healthy joints, ideal for encouraging healthy cartilage growth.

2. INGREDIENTS AND SUPPLEMENT FACTS
