Driver Installation

Before using your tablet, it is crucial to install the correct drivers. The Artist 22 2nd Generation supports Windows 10/8/7, Mac OS X 10.10 (and higher), Chrome OS 88 (or later), and Linux. Drivers can typically be downloaded from the official XP-PEN website or found on the included installation media. Refer to the [Installation Manual \(PDF\)](#) and [User Manual \(PDF\)](#) for detailed instructions.

Adjustable Stand

The tablet comes with a versatile adjustable stand, allowing you to set the display angle from 16 to 90 degrees for ergonomic comfort during long drawing sessions. This flexibility helps reduce strain and enhances productivity. Additionally, the tablet features a standard VESA mount (100x100mm) for compatibility with various third-party stands or monitor arms, offering customizable workspace options.

OPERATING INSTRUCTIONS

Stylus and Display Features

The PA6 battery-free stylus offers 8,192 pressure sensitivity levels and 60° tilt function for smooth and natural drawing. It includes two programmable side buttons for quick shortcut access and an eraser function. The display itself is a spacious 21.5-inch IPS screen with 1920x1080 resolution, 178° viewing angle, and a rich color gamut (sRGB ≥ 122%, Adobe RGB ≥ 90%, 86% NTSC) for superior color accuracy. A rapid screen report rate of 14 ms and a pen response time of 8ms ensure minimal lag, providing a fluid drawing experience.

MAINTENANCE

Cleaning the Display

Use the provided cleaning cloth to gently wipe the display surface. Avoid using harsh chemicals or abrasive materials that could damage the screen or anti-glare film.

Pen Nib Replacement

The pen holder includes 8 replacement pen nibs. To replace a nib, use the nib removal tool (often integrated into the pen

holder) to gently pull out the old nib. Insert a new nib firmly until it clicks into place.

Anti-Glare Protective Film

The integrated anti-glare protective film helps reduce reflections and minimize eye strain, making it ideal for extended drawing sessions. Ensure the screen is clean to maintain the film's effectiveness.

TROUBLESHOOTING

Common Issues

- **Not a Standalone Device:** Please note that the XPPen Artist 22 2nd Generation is NOT a standalone drawing tablet. It requires connection to a computer or laptop to function.
- **Driver Issues:** If you experience issues with pen tracking, pressure control, or display recognition, ensure your drivers are up-to-date. Sometimes, uninstalling and reinstalling the latest drivers from the official XP-PEN website can resolve these problems.
- **Connectivity Problems:** Double-check all cable connections (USB-C, HDMI, power). Ensure your computer's ports are functioning correctly.

For more detailed troubleshooting steps and solutions, please refer to the comprehensive[User Manual \(PDF\)](#).
