## SETUP

### 1. Inserting the SIM Card(s) and Battery:

- 1. Remove the back cover:** Gently pry open the back cover from the notch located at the bottom of the phone.
- 2. Insert SIM card(s):** Locate the SIM card slot(s). The BLU Z5 supports dual SIM cards. Carefully insert your 2G GSM SIM card(s) into the designated slot(s) with the gold contacts facing down. Ensure they click into place.
- 3. Insert MicroSD card (optional):** If you wish to expand storage, insert a MicroSD card (up to 32GB) into its dedicated slot.
- 4. Insert the battery:** Align the battery contacts with the phone's contacts and gently press the battery into the compartment.
- 5. Replace the back cover:** Align the cover and press firmly around the edges until it snaps securely into place.

## 2. Charging the Battery:

Before first use, fully charge the battery. Connect the charger to the phone's charging port and plug it into a power outlet. The battery indicator on the screen will show charging progress. Disconnect the charger once the battery is full.

## 3. Powering On/Off:

- To Power On:** Press and hold the Power/End Call button until the screen lights up.
- To Power Off:** Press and hold the Power/End Call button until the power-off options appear, then select "Power off".

# OPERATING INSTRUCTIONS

---

## Basic Navigation:

- Use the **Navigation Key** (center D-pad) to move through menus and options.
- Press the **Left Soft Key** (usually labeled "Menu" or "Select") to confirm selections.
- Press the **Right Soft Key** (usually labeled "Back" or "Options") to go back or access context-sensitive options.
- Press the **Call Key** to make calls or answer incoming calls.
- Press the **End Call Key** to end calls or return to the home screen.

## Making Calls:

- From the home screen, dial the phone number using the keypad.
- Press the **Call Key** to initiate the call.
- To end the call, press the **End Call Key**.

## Sending SMS Messages:

- Go to **Menu > Messages > Write Message**.
- Enter your message using the keypad.
- Select **Options > Send** and enter the recipient's number or select from contacts.

## Multimedia Features:

- Camera:** Access the VGA camera from the main menu to capture photos.
- MP3/MP4 Player:** Use the built-in player to enjoy audio and video files stored on your phone or MicroSD card.
- FM Radio:** Tune into your favorite radio stations using the integrated FM antenna.
- Flashlight:** Activate the flashlight feature for illumination in low-light conditions.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the phone's screen and body. Avoid using liquid cleaners or abrasive materials.
- **Battery Care:**
  - Do not expose the battery to extreme temperatures.
  - Avoid overcharging; disconnect the charger once the battery is full.
  - If the phone will not be used for an extended period, charge the battery to about 50% before storing.
- **Storage:** Store the phone in a cool, dry place away from direct sunlight and moisture.
- **Software Updates:** Periodically check for any available software updates through the phone's settings menu to ensure optimal performance and security.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Phone does not power on.	Battery is drained or not properly inserted.	Charge the battery. Ensure the battery is correctly inserted.
No network signal.	SIM card not inserted correctly, out of network coverage, or incompatible SIM.	Reinsert SIM card. Move to an area with better coverage. Ensure your SIM is 2G GSM compatible.
Cannot make or receive calls.	No network signal, SIM card issue, or call barring enabled.	Check network signal. Verify SIM card. Disable call barring in settings.
Battery drains quickly.	Excessive usage, background applications, or old battery.	Reduce usage. Close unnecessary applications. Consider replacing the battery if it's old.
Phone freezes or is unresponsive.	Software glitch or too many applications running.	Remove and reinsert the battery to force a restart.
