ZINUS ESBS-9K

ZINUS Upholstered Metal and Wood Box Spring Instruction Manual

Model: ESBS-9K

1. INTRODUCTION

The ZINUS Upholstered Metal and Wood Box Spring is designed to provide a sturdy and durable foundation for your mattress. It combines the strength of steel and plywood with the aesthetic appeal of woven grey fabric paneling, eliminating the need for a bed skirt. This foundation is engineered for easy assembly and is suitable for various mattress types, including latex, memory foam, and spring mattresses.

2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep all small parts and packaging materials away from children. Ensure all connections are secure before placing a mattress on the foundation. This box spring is designed to support a maximum recommended load of 700 pounds (for all sizes except Twin, which supports up to 350 pounds). Do not exceed the stated weight capacity.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Steel and Plywood Frame Components
- Woven Fabric Cover
- Assembly Tools (if included)
- Instruction Manual (this document)

4. SETUP (ASSEMBLY INSTRUCTIONS)

Assembly of the ZINUS Upholstered Metal and Wood Box Spring is designed to be straightforward, typically completed in five simple steps. It is recommended to assemble the unit in the room where it will be used.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratching.
2. Follow the detailed step-by-step instructions provided in the separate assembly guide included in your package.
3. Ensure all bolts and fasteners are tightened securely, but do not overtighten.
4. Carefully place the fabric cover over the assembled frame, ensuring a snug fit.
5. Position the assembled box spring within your bed frame or on a suitable platform.

5. OPERATING (USAGE GUIDELINES)

This box spring serves as a foundational support for your mattress. It is compatible with various mattress types, including latex, memory foam, and traditional spring mattresses. The design allows for direct placement of your mattress on top, providing a stable and supportive sleeping surface.

Dimension & capacity

6. MAINTENANCE

To maintain the appearance and longevity of your ZINUS Upholstered Metal and Wood Box Spring, follow these simple care instructions:

- **Cleaning:** Wipe the fabric cover with a damp cloth as needed. Avoid using harsh chemicals or abrasive cleaners, which may damage the fabric.

- **Inspection:** Periodically check all connections and fasteners to ensure they remain tight. Retighten if necessary.
- **Placement:** Ensure the box spring is placed on a flat, stable surface or within a compatible bed frame to prevent undue stress on the structure.

7. TROUBLESHOOTING

If you encounter any issues with your ZINUS Upholstered Metal and Wood Box Spring, consider the following:

- **Squeaking Noises:** Check all assembly bolts and ensure they are securely tightened. Loose connections can sometimes cause noise.
- **Instability:** Verify that the box spring is placed on a level surface and that all support legs (if applicable, when used with a bed frame) are evenly distributed and making full contact with the floor.
- **Damaged Parts:** If any parts are damaged or missing upon arrival, do not proceed with assembly. Contact ZINUS customer

support for assistance.
