FEATURES

- **Ultra Slim and Lightweight Design:** Adds minimal bulk while offering great protection, making it easy to carry.
- **Translucent Frosted Back Cover:** Allows the Apple icon to be visible through your chosen color, protecting against fingerprints and scratches.
- **Auto Sleep/Wake Feature:** Supports automatic sleep/wake functionality to conserve battery life.
- **Magnetic Closure:** Secures the case closure for quick fastening and access.
- **Two-Angle Stand:** Foldable cover provides sturdy stand positions for both viewing (65°) and typing (30°).
- **Precise Cutouts:** Ensures full access to all features including cameras, speaker, ports, and buttons without removing the case.

INSTALLATION AND OPERATION

1. Case Installation

Gently align your iPad Air 2 with the hard back shell of the ProCase Smart Case. Press firmly around the edges until the iPad snaps securely into place. Ensure all corners are properly seated within the case for maximum protection.

3. Using the Stand Function

The tri-fold front cover can be folded into two different stand positions:

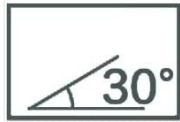

- **Viewing Angle (65°):** Fold the cover into a triangular stand to prop up your iPad for watching videos or presentations.
- **Typing Angle (30°):** Fold the cover into a lower triangular stand for a comfortable typing or drawing position.

TWO ANGLE VIEW

Foldable cover offers sturdy stand for viewing typing.

MAINTENANCE

To keep your ProCase Smart Case in optimal condition:

- Wipe the exterior with a soft, damp cloth to remove dust and fingerprints.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the case material.
- Ensure the case is dry before re-installing your iPad.

TROUBLESHOOTING

- **iPad not sleeping/waking automatically:** Ensure the iPad's "Lock/Unlock" setting is enabled. Go to Settings > Display & Brightness > Lock/Unlock.
- **Stand not stable:** Ensure the tri-fold cover is fully and correctly folded into a stable triangle. Over

time, the material may soften, improving stability.

- **Case feels loose:** Double-check that your iPad model is indeed the iPad Air 2 (A1566/A1567). If it is, ensure the iPad is fully snapped into all corners of the hard shell.
