Glovii GZ1

Glovii GZ1 Heated Mittens User Manual

Model: GZ1

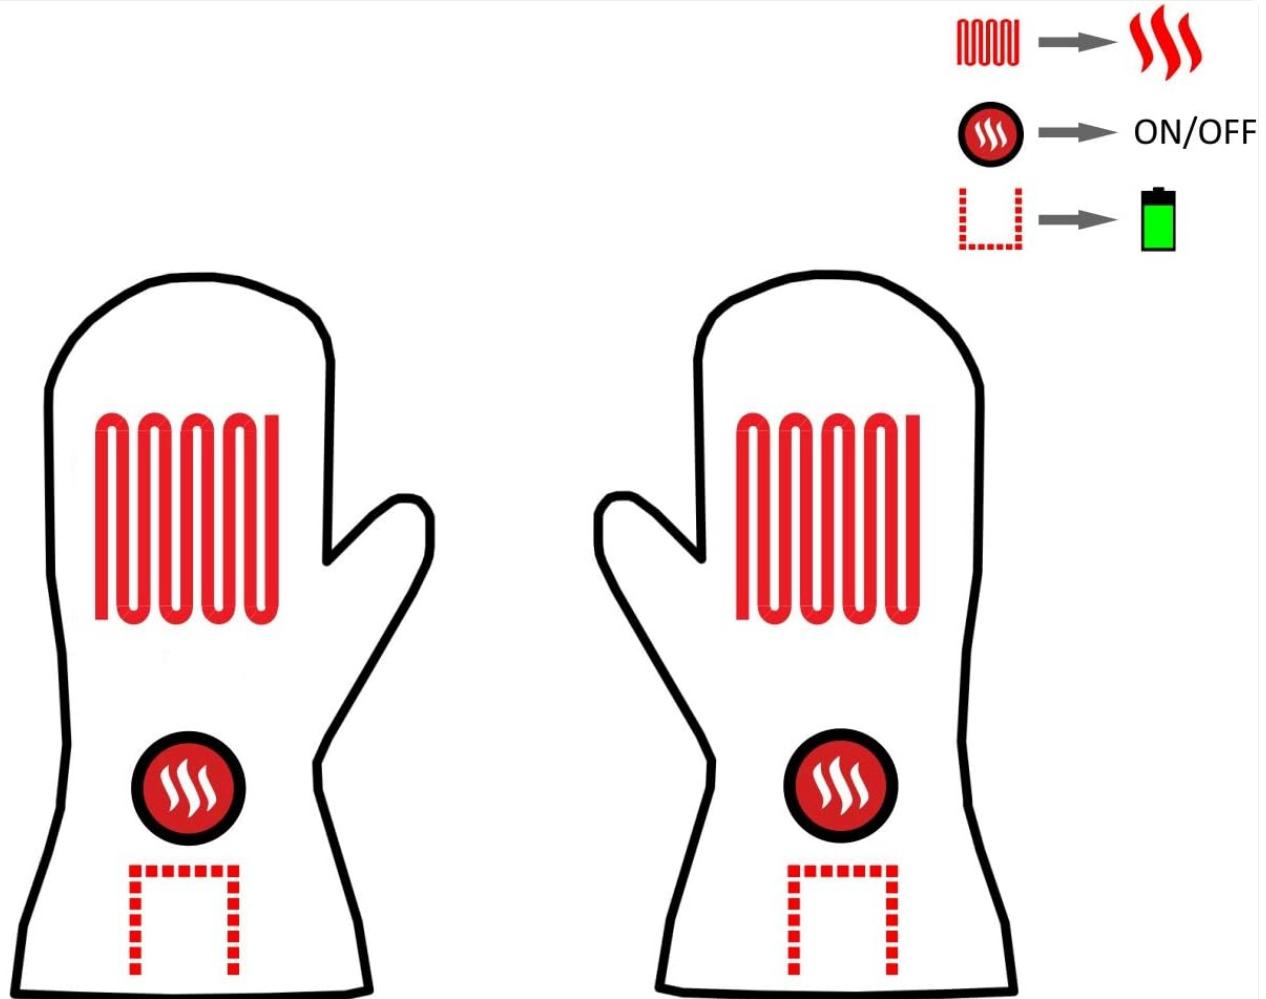

1. INTRODUCTION

Thank you for choosing Glovii GZ1 Heated Mittens. These mittens are designed to provide exceptional thermal comfort in cold weather conditions, making them ideal for winter sports enthusiasts, hikers, photographers, and anyone spending extended periods outdoors. The integrated heating system, powered by rechargeable batteries, ensures warmth and improved blood circulation.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- Glovii GZ1 Heated Mittens (1 pair)
- 2x 2100 mAh Li-Poly Rechargeable Batteries
- Battery Charger
- Set of Power Adapters (EU, UK, US)
- Convenient Storage Case

	14.5-16cm	S
	16-17.5cm	M
	17.5-19cm	L
	19-21cm	XL

3. PRODUCT FEATURES

The Glovii GZ1 Heated Mittens incorporate advanced technology for superior performance:

- **Carbon Fiber Heating Element:** Located around the top of the hand, these elements emit infrared waves, positively impacting blood circulation.
- **Rechargeable Li-Poly Battery:** Provides several hours of continuous heating.
- **Practical Battery Pocket:** Securely stores the battery within the mitten.
- **Touchscreen Compatibility:** Allows use of touchscreens without removing the mittens.
- **Waterproof and Breathable Membrane:** Features an external Hypora membrane for protection against moisture while allowing breathability.

- **Thinsulate Insulation:** Patented 3M Thinsulate fabric provides excellent thermal insulation.

Wie wir unsere Produkte auswählen?

Die von uns angebotenen Produkte müssen drei grundlegende Bedingungen erfüllen: Sie müssen funktional sein, sie müssen gut verarbeitet sein und sie müssen ein unverwechselbares Design haben.

So können Sie sicher sein, dass Sie mit Ihrem Kauf zufrieden sind und dass Ihr Produkt so einzigartig ist wie Sie selbst.

4. SETUP AND CHARGING

4.1 Charging the Batteries

1. Connect the charger to an appropriate power outlet using the provided adapter for your region (EU, UK, or US).
2. Connect the battery packs to the charger. Ensure a secure connection.
3. Allow the batteries to charge fully before first use. The charging indicator on the charger will typically change color or turn off when charging is complete.

4.2 Inserting Batteries into Mittens

1. Locate the battery pocket on the inside of each mitten, typically near the wrist or cuff.
2. Carefully insert a charged battery into each pocket.
3. Connect the battery cable from the mitten to the battery pack. Ensure the connection is firm.
4. Close the battery pocket securely, usually with a zipper or hook-and-loop fastener.

5. OPERATION

5.1 Powering On/Off and Adjusting Heat Levels

1. Once batteries are inserted and connected, locate the power button on the back of each mitten.
2. **To Power On:** Press and hold the power button for a few seconds until the indicator light illuminates. The mittens will typically start at the highest heat setting.
3. **To Adjust Heat Level:** Briefly press the power button to cycle through the available heat settings (e.g., High, Medium, Low). The indicator lights will change to reflect the current setting.
4. **To Power Off:** Press and hold the power button again for a few seconds until the indicator lights turn off.

6. CARE AND MAINTENANCE

Proper care will extend the lifespan of your Glovii Heated Mittens:

- **Cleaning:** Disconnect and remove batteries before cleaning. Hand wash the mittens gently with mild soap and cold water. Do not machine wash, tumble dry, or iron.
- **Drying:** Air dry thoroughly in a well-ventilated area, away from direct heat or sunlight. Ensure the mittens are completely dry before storing or reinserting batteries.
- **Storage:** Store the mittens and batteries in the provided storage case in a cool, dry place when not in use. Avoid extreme temperatures.
- **Battery Care:** For optimal battery life, fully charge the batteries every 3-6 months even if not in use.

7. TROUBLESHOOTING

If you encounter issues with your Glovii GZ1 Heated Mittens, please refer to the following common solutions:

Problem	Possible Cause	Solution
Mittens not heating	Batteries not charged or not connected	Ensure batteries are fully charged and securely connected to the mitten's internal cable.
Short heating duration	Battery not fully charged or operating on highest setting	Fully charge batteries before use. Reduce heat setting to extend battery life.
Indicator lights not working	Battery issue or connection problem	Check battery connection. Try charging the battery again. If problem persists, contact support.

If the issue persists after following these steps, please contact Glovii customer support for further assistance.

8. SPECIFICATIONS

Detailed specifications for the Glovii GZ1 Heated Mittens:
