Logitech G 945-000062

Logitech G Farm Simulator Heavy Equipment Bundle (2nd Gen) User Manual

Model: 945-000062

INTRODUCTION

The Logitech G Farm Simulator Heavy Equipment Bundle (2nd Generation) is designed to enhance your virtual farming experience. This bundle includes a steering wheel controller, a pedal set, and a vehicle side panel control deck, providing realistic tools for immersive gameplay. This manual provides essential information for setting up, operating, and maintaining your equipment.

PRODUCT COMPONENTS

- Heavy Equipment Steering Wheel with 6.6ft/2m USB connector cable
- Gas and Brake Pedal Set with 6ft/1.8m USB connector cable
- Side Panel Control Deck with 6.6ft/2m USB connector cable

SETUP

System Requirements

- Operating System: Windows 10, Windows 8.1, Windows 7, MAC OSX 10.10
- USB Ports: 2 USB 2.0 Ports

Physical Setup

To set up your Logitech G Farm Simulator Heavy Equipment Bundle, connect the steering wheel, pedal set, and side panel control deck to your PC or PS4 using the provided USB cables. Ensure all connections are secure. The steering wheel and side panel feature integrated durable clamps for stable mounting to a desk or racing rig.

OPERATING INSTRUCTIONS

Steering Wheel Functions

The steering wheel offers 900 degrees of rotation for realistic vehicle control. It includes integrated dual analog sticks, a set-and-forget cruise control speed dial, and 37 programmable buttons for comprehensive command over your farm machinery.

Side Panel Control Deck

The side panel features a loader control stick and over 25 programmable buttons, allowing for intuitive operation of loaders, cranes, and other agricultural attachments. It is compatible with most major simulation software and games, including Farming Simulator 19, 17, 15, Euro Truck Simulator 2, American Truck Simulator, Train Simulator, and Elite Dangerous.

ALL-AXES LOADER CONTROL

Mod-friendly with 25+ programmable buttons.

MAINTENANCE

To ensure the longevity and optimal performance of your Logitech G Farm Simulator Heavy Equipment Bundle, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe down the surfaces of the steering wheel, pedals, and control deck with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Storage:** When not in use, store the bundle in a clean, dry place away from direct sunlight and extreme temperatures. If disassembling for storage, ensure all components are properly secured to prevent damage.
- **Cable Management:** Keep cables organized and untangled to prevent wear and tear. Avoid sharp bends or pinching of the cables.

TROUBLESHOOTING

If you encounter issues with your Farm Simulator Heavy Equipment Bundle, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
Device not recognized by PC/PS4	Loose USB connection, outdated drivers, incompatible USB port.	Ensure USB cables are securely connected. Try a different USB port. Update device drivers from the Logitech G support website.

Problem	Possible Cause	Solution
Steering wheel/pedals/side panel not responding	Incorrect game settings, calibration issue, power supply problem.	Check in-game controller settings for compatibility and mapping. Recalibrate the device through your system's game controller settings. Ensure the power adapter is securely connected to an active outlet.
Force feedback is weak or absent	Force feedback settings too low, game does not support force feedback, driver issue.	Adjust force feedback strength in Logitech G software or in-game settings. Verify that the game supports force feedback. Reinstall device drivers.
Buttons not working or misbehaving	Incorrect button mapping, software conflict.	Check and reconfigure button assignments in Logitech G software or in-game. Close other applications that might conflict with the device.

SPECIFICATIONS

Feature	Detail
Brand	Logitech G
Model Name	RM 2nd Generation
Item Model Number	945-000062
Hardware Platform	PC
Operating System	Windows
Item Weight	7.8 pounds
Product Dimensions (LxWxH)	10.83 x 12.6 x 13.19 inches
Color	Black
Power Source	Corded Electric
Connectivity Technology	USB
