› Morden Fort White Beaded Chandelier (Model MF-Light-06) Instruction Manual

## Morden Fort MF-Light-06

# Morden Fort White Beaded Chandelier (Model MF-Light-06)

Instruction Manual

## 1. INTRODUCTION

This manual provides essential information for the safe installation, operation, and maintenance of your Morden Fort White Beaded Chandelier, Model MF-Light-06. Please read all instructions carefully before beginning installation and retain this manual for future reference.

## 2. IMPORTANT SAFETY INFORMATION

**WARNING: RISK OF ELECTRIC SHOCK. Disconnect power at the circuit breaker or fuse box before installation or servicing.**

- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC).
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure the fixture is securely mounted to a structural component of the ceiling.
- Do not exceed the recommended wattage for light bulbs.
- This fixture is designed for indoor use only.
- Keep flammable materials away from the light bulbs.

## 3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- Chandelier Light Fixture (1)
- Mounting Hardware (1 set)
- Instruction Manual (This document)

*Note: Light bulbs are not included and must be purchased separately.*

## 4. SETUP AND INSTALLATION

Professional installation by a qualified electrician is highly recommended for safety and proper function.

#### 4.1 Pre-Installation

1. **Turn off power:** Locate the circuit breaker or fuse box and turn off the power to the junction box where the fixture will be installed.
2. **Unpack:** Carefully remove all contents from the carton.
3. **Inspect:** Check all components for any damage. Do not install if any parts are damaged.
4. **Tools Required (not included):** Screwdriver, wire strippers, electrical tape, ladder, safety glasses.

#### 4.2 Assembly and Mounting

The Morden Fort White Beaded Chandelier is designed for ceiling installation. It can be hard-wired or converted to a plug-in fixture with an additional plug (not provided) under professional guidance.

1. **Attach Mounting Plate:** Secure the mounting plate to the ceiling junction box using the provided screws. Ensure it is firmly attached to a structural ceiling component.
2. **Adjust Hanging Height:** The chandelier's hanging height can be adjusted from a minimum of 26.75 inches to a maximum of 99.75 inches. Adjust the chain length as desired before wiring.
3. **Wire Connections:** Connect the fixture's electrical wires to the corresponding wires from the junction box (typically black to black, white to white, and ground to ground). Use approved wire connectors and secure connections with electrical tape.
4. **Secure Canopy:** Carefully push the canopy up to the ceiling, covering the junction box, and secure it with the provided screws or nuts.
5. **Install Bulbs:** Insert five (5) E12 base, max 60W Type B light bulbs (not included) into the sockets. Ensure bulbs are securely seated.

Figure 1: Chandelier dimensions. Diameter is 16 inches. Lamp body height is 23.5 inches.

Figure 2: Close-up of the chandelier's top hanging mechanism and chain connection.

## 5. OPERATING INSTRUCTIONS

---

Once installed and bulbs are in place, your Morden Fort Chandelier is ready for operation.

- **Power On:** Restore power at the circuit breaker.
- **Control:** The chandelier is operated via a standard wall switch or compatible touch control system (not included).
- **Bulb Type:** Uses 5 E12 base, max 60W Type B light bulbs.
- **Voltage:** Designed for 110-120 V electrical systems.
- **Non-Dimmable:** This fixture is not dimmable. Do not use with dimmer switches, as this may damage the fixture or bulbs.

## 6. MAINTENANCE

Regular cleaning and care will help maintain the appearance and longevity of your chandelier.

- **Cleaning:** Always turn off power and allow the fixture to cool before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.

- **Bulb Replacement:** Ensure power is off and bulbs are cool before replacing. Use only E12 base, max 60W Type B bulbs.
- **Inspection:** Periodically check all connections and hanging components for tightness and wear.

## 7. TROUBLESHOOTING

If you experience issues with your chandelier, refer to the following common problems and solutions:

| Problem                 | Possible Cause                                                                                                  | Solution                                                                                                                                                                                                     |
|-------------------------|-----------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Light does not turn on. | Power is off at the circuit breaker.<br>Loose wire connections.<br>Faulty light bulb(s).<br>Wall switch is off. | Check the circuit breaker and ensure power is on.<br>Verify all wire connections are secure (consult an electrician if unsure).<br>Replace light bulb(s).<br>Ensure the wall switch is in the "ON" position. |
| Flickering lights.      | Loose bulb.<br>Incorrect bulb type (e.g., dimmable bulb on non-dimmable fixture).<br>Loose wire connection.     | Tighten bulbs.<br>Ensure correct E12 base, max 60W Type B bulbs are used.<br>Check wire connections (consult an electrician).                                                                                |
| Fixture hums.           | Incompatible dimmer switch.                                                                                     | This fixture is not dimmable. Remove any dimmer switch and replace with a standard ON/OFF switch.                                                                                                            |

If the problem persists after attempting these solutions, please contact Morden Fort customer support.
