# JOYIN 150Pcs Glowing Marble Run Instruction Manual

Model: 10653 | Brand: JOYIN

## 1. INTRODUCTION

Thank you for choosing the JOYIN 150-piece Glowing Marble Run. This construction building block set is designed to provide an engaging and educational experience, fostering creativity, logical thinking, and hand-eye coordination. With transparent parts and glow-in-the-dark marbles, children can observe the marbles' journey through their unique creations.

## 2. SAFETY INFORMATION

- **Age Recommendation:** This toy is suitable for children aged 36 months to 10 years.
- **Small Parts:** The set contains small marbles and building pieces which may pose a choking hazard for children under 3 years. Adult supervision is recommended.
- **Non-Toxic Materials:** All components are made from 100% non-toxic materials and meet US Safety Standards.
- **Assembly:** Adult assistance may be required for initial assembly or complex designs.

## 3. WHAT'S IN THE Box

Your JOYIN 150Pcs Glowing Marble Run set includes the following components:

- 100 pieces of multi-color translucent plastic action parts (various shapes and sizes for track construction).
- 50 regular size glass marbles (including glow-in-the-dark marbles).
- Assembly instruction booklet.

# SUPER VALUE PACK

Includes 100-piece multi-color action parts and 50 regular size glass marbles.

## 4. SETUP AND ASSEMBLY

The JOYIN Marble Run is designed for flexible and creative construction. The pieces are easy to connect, allowing for numerous track configurations. An instruction booklet is included to guide you through various designs, from beginner to advanced.

### 4.1. Basic Assembly Steps

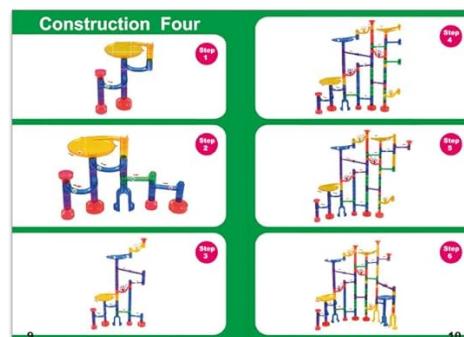

- Unpack Components:** Carefully remove all pieces from the box and sort them by type (e.g., tubes, bases, funnels, spinners).
- Choose a Design:** Refer to the included instruction booklet for example designs, or unleash your creativity to build your own unique track.
- Connect Pieces:** Snap the translucent plastic pieces together firmly. Ensure connections are secure to maintain stability.
- Build Vertically:** Start with a stable base and build upwards, adding track pieces and special features as desired.
- Test Your Design:** Before adding multiple marbles, test your track with one marble to ensure smooth flow and identify any potential blockages or unstable sections.

# LEARN WITH INSTRUCTIONS

Follow the instruction booklet to build different combinations!

## BEGINNER

## HARD

## 5. OPERATING INSTRUCTIONS

Once your marble run is assembled, it's time to enjoy the action!

- Insert Marbles:** Place one or more marbles into the designated starting points at the top of your track.
- Observe the Flow:** Watch as the marbles travel through the various tubes, funnels, and spinners, demonstrating principles of gravity and motion.
- Glow-in-the-Dark Marbles:** To activate the glow effect, expose the glow-in-the-dark marbles to a light source (natural or artificial) for a few minutes, then observe them in a darkened room.
- Experiment:** Encourage children to experiment with different marble drop points, track modifications, and marble quantities to see how the outcome changes.

## 6. CARE AND MAINTENANCE

- **Cleaning:** Wipe plastic pieces with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Disassemble the marble run and store all pieces in the original packaging or a suitable container to prevent loss and damage. Keep marbles separate from small children when not in use.
- **Inspection:** Periodically inspect all pieces for any signs of wear or damage. Discontinue use if any parts are broken.

## 7. TROUBLESHOOTING

- **Marbles getting stuck:** Check all connections to ensure pieces are properly aligned and securely snapped together. Ensure no foreign objects are obstructing the track.
- **Track instability:** Verify that all base pieces are on a flat, stable surface. Re-check all vertical connections for tightness. Some complex designs may require careful balancing.
- **Glow-in-the-dark marbles not glowing:** Ensure the marbles have been exposed to a strong light source for an adequate period (e.g., 5-10 minutes) before being taken into a dark environment.

## 8. PRODUCT SPECIFICATIONS

Feature	Detail
Product Dimensions	3 x 5 x 7 inches
Item Weight	3.79 pounds
Item Model Number	10653
Manufacturer Recommended Age	36 months - 10 years
Manufacturer	Joyin Inc.
