MIGHTYDUTY WAC1555-01

MIGHTYDUTY Car Oil Diffuser with Dual USB Charger Adapter Instruction Manual

Product Overview

The MIGHTYDUTY Car Oil Diffuser with Dual USB Charger Adapter is designed to enhance your driving experience by providing fresh air, humidification, and aromatherapy in your vehicle. This compact device also features two integrated USB ports for convenient charging of your electronic devices.

- **Air Purification:** Releases fine mist to help absorb dust and harmful particles, improving air quality in your car.
- **Dual USB Charging:** Equipped with two USB ports (total 2.1A output) to charge your phone or other devices while the diffuser is in use.
- **One-Button Control:** Simple operation to switch between humidifier mode, aroma mode, and power on/off.
- **Aromatherapy:** Allows for the addition of 2-3 drops of essential oil to create a pleasant fragrance, helping to relax your mood and reduce tension.
- **Auto Shut-Off:** Features a 2-hour continuous working power protection, automatically turning off to prevent dry burning.

Setup Instructions

1. **Fill the Water Tank:** Gently remove the top cover of the diffuser. Fill the water tank with ordinary tap water up to the indicated maximum fill line. The tank has a 50ml capacity.
2. **Add Essential Oil (Optional):** For aromatherapy, add 2 to 3 drops of your preferred essential oil directly into the water tank. Do not overfill.
3. **Secure the Cover:** Replace the top cover firmly onto the diffuser.
4. **Connect to Power:** After starting your car, insert the diffuser into the car's cigarette lighter port. Ensure the car is running before plugging in the device to prevent potential damage from current fluctuations.

Operating Instructions

The diffuser features a single button for control. Press the button to cycle through the operating modes:

- **First Press:** Activates Humidifier Mode (Blue Light). The device will continuously emit mist.
- **Second Press:** Activates Aroma Mode (Red & Blue Light). The device will emit mist intermittently.
- **Third Press:** Turns the device OFF (Red Light briefly, then no light).

The device will automatically shut off after 2 hours of continuous operation to prevent dry burning and ensure safety.

Maintenance

Regular maintenance ensures optimal performance and longevity of your diffuser.

- **Nozzle Cleaning:** If the humidifier is powered on but not producing mist, the nozzle may be clogged. Gently clean the nozzle with a cotton swab or a soft cloth.
- **Water Tank Cleaning:** Periodically empty and rinse the water tank with clean water. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use for an extended period, ensure the device is empty, clean, and dry. Store it in a cool, dry place.

Troubleshooting

Problem	Possible Cause	Solution
No mist, but light is on	Nozzle is clogged or water level is too low.	Clean the nozzle. Ensure sufficient water in the tank.
Device does not power on	Not properly plugged into cigarette lighter, car not started, or fuse issue.	Ensure the car is started before plugging in. Check connection. Verify car's cigarette lighter fuse.
Weak or inconsistent mist	Low water level, dirty nozzle, or mineral buildup.	Refill water. Clean the nozzle. Perform regular cleaning of the water tank.
Burning smell	Device plugged in before car started, causing current surge.	Immediately unplug the device. Always insert the humidifier into the cigarette lighter port **after** starting the car.

Specifications

- **Brand:** MIGHTYDUTY
- **Model Name:** WAC1555-01
- **Water Tank Capacity:** 50 ml
- **Operation Mode:** Ultrasonic
- **Runtime:** 2 hours (with automatic shut-off)
- **Power Source:** Corded Electric (Car Cigarette Lighter)
- **Wattage:** 1.5 watts
- **Material:** Polypropylene
- **Special Features:** Auto Shut Off, Dual USB Car Charger
- **USB Output:** Two USB ports, total 2.1A
- **Dimensions:** Approximately 8.3 inches (21 cm) height, 2.8 inches (7 cm) width
