Dimensions	14.5 x 7 x 5.9 inches
Weight	0.93 Pounds (approx. 14.9 ounces)
Special Features	Portable, Impact Resistant, Rechargeable, USB Output (Power Bank)

SETUP AND INITIAL USE

1. Charging the Spotlight

Before first use, fully charge the spotlight. Locate the charging port on the back of the unit, typically covered by a rubber plug for waterproofing. Use the provided USB-C cable and 4.2V/1A charger (or the charger included in the package) to connect the spotlight to a power source. A red indicator light will show it's charging, turning green when fully charged.

2. Using as a Power Bank

The spotlight features a USB output port. Open the rubber cover on the back of the unit and connect your smart device using a compatible USB cable to charge it. This is ideal for emergencies when you need to power your phone or other small electronics.

3. Red Lens Application

The included red lens can be attached to the front of the spotlight. This is useful for preserving night vision, signaling, or for specific hunting and fishing applications where red light is preferred.

4. Versatile Usage Scenarios

The BUYSIGHT A953 spotlight is designed for a wide range of applications, including yard work, farm use, illuminating paths, and mountain adventures. Its robust and waterproof design ensures reliable performance in various environments.

Suitable for Multiple Scenes

Yard • Farm • Path • Mountain

MAINTENANCE AND CARE

- Keep the charging port covered with the rubber plug when not in use to maintain its IPX6 waterproof rating.
- Clean the lens and body with a soft, damp cloth. Avoid abrasive cleaners or solvents.
- Store the spotlight in a cool, dry place away from direct sunlight and extreme temperatures.
- Regularly charge the battery, even if not in frequent use, to prolong its lifespan.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Spotlight does not turn on.	Low battery.	Charge the spotlight fully.
Light output is dim.	Low battery; incorrect mode.	Recharge the battery; cycle through modes to select High Brightness.
Device not charging from USB output.	Spotlight battery low; incompatible cable/device.	Ensure spotlight is charged; try a different USB cable or device.
Water ingress.	Rubber plug not sealed; extreme water pressure.	Ensure rubber plug is firmly sealed. While IPX6 is water-resistant, avoid prolonged submersion or high-pressure jets.

WARRANTY AND SUPPORT

BUYSIGHT offers a No-Worries Guarantee. If you receive a defective product, please contact us directly for a free replacement unit. No return is required. We are committed to providing excellent customer service and will reply within 24 hours. For further assistance, please visit the [BUYSIGHT Store on Amazon](#).
