4. SETUP

The Playmobil Tactical Unit Vehicle requires minimal assembly. Most components are pre-assembled. Follow these steps to prepare the vehicle for play:

- 1. Battery Installation:** The vehicle's flashing lights require 1 x AAA battery (not included).
 - Locate the battery compartment, typically on the underside or roof of the vehicle.
 - Using a small Phillips head screwdriver, open the battery compartment cover.
 - Insert 1 AAA battery, ensuring correct polarity (+/-).
 - Replace the cover and secure it with the screw.
- 2. Figure Preparation:**
 - Dress the police figures with their protective vests, gloves, helmets, and face shields as desired.
 - Provide figures with accessories such as handcuffs, weapons, or radios.
- 3. Vehicle Access:** The roof of the vehicle is removable for easy access to the interior. The rear doors also open for loading and unloading equipment.

5. OPERATING INSTRUCTIONS

Once set up, the Playmobil Tactical Unit Vehicle offers several interactive features:

- **Flashing Lights:** Activate the flashing lights by pressing the button located on the roof of the vehicle. These lights are designed to simulate emergency vehicle alerts. *Note: This model features flashing lights but does not include a siren sound.*
- **Removable Roof:** The vehicle's roof can be easily removed to place up to four figures inside the cabin or to arrange interior accessories.
- **Opening Doors:** The rear doors and side doors (if applicable) can be opened to load and unload figures or equipment.
- **Figure Interaction:** The police figures are designed with articulated limbs, allowing them to be posed and interact with the vehicle and accessories.
