### 3. SETUP INSTRUCTIONS

---

The Jamara 460420 Puzzle Mats feature an easy plug-in system for quick assembly.

1. **Unpack:** Carefully remove all four puzzle mat pieces from their packaging.
2. **Prepare Surface:** Ensure the area where you intend to place the mat is clean, dry, and flat.
3. **Assemble:** Align the interlocking edges of two mat pieces and gently press them together until they securely connect. Repeat this process for the remaining pieces to form a 1 x 1 meter square area.
4. **Expand (Optional):** If you have additional Jamara puzzle mats, you can connect them to expand the covered area. The interlocking design allows for seamless expansion.

## 4. OPERATING INSTRUCTIONS (USAGE)

---

The Jamara 460420 Puzzle Mat is designed for versatile use:

- **Play Mat:** Provides a soft, cushioned, and safe surface for children to play on. The non-slip surface helps prevent accidental slips during activity.
- **Cold Protection:** Acts as an insulating layer against cold floors, making it suitable for use in playrooms, nurseries, or other areas where floor temperature is a concern.
- **General Floor Protection:** Can be used to protect floors from scratches or spills in various settings.

Always ensure the mat is placed on a flat, stable surface to prevent tripping hazards.

## 5. MAINTENANCE

---

To ensure the longevity and hygiene of your Jamara 460420 Puzzle Mat, follow these maintenance guidelines:

- **Cleaning:** The mats are washable. For general cleaning, wipe the surface with a damp cloth and mild soap. For deeper cleaning, the mats can be disassembled and washed individually. Rinse thoroughly and allow to air dry completely before reassembly or storage.
- **Drying:** Do not use harsh chemicals or abrasive cleaners, as these may damage the mat material or surface.
- **Storage:** When not in use, disassemble the mats and store them in a clean, dry place away from direct sunlight or extreme temperatures.

## 6. TROUBLESHOOTING

---

This product is designed for simplicity and durability. Most issues can be resolved with proper assembly and cleaning.

- **Mats not interlocking smoothly:** Ensure the edges are correctly aligned. Apply gentle, even pressure. Check for any debris caught between the interlocking teeth.
- **Mat appears uneven:** Verify that the underlying surface is flat and free of obstructions. Reassemble the mats to ensure all connections are secure.
- **Stains:** Address spills immediately. For stubborn stains, use a gentle cleaner specifically designed for foam or plastic surfaces, testing on an inconspicuous area first.
