# Stokke Tripp Trapp Newborn Set Instruction Manual

Model: 526301

## 1. INTRODUCTION

---

This manual provides essential information for the safe and proper use of your Stokke Tripp Trapp Newborn Set. Please read all instructions carefully before assembly and use. Retain this manual for future reference. The Stokke Tripp Trapp Newborn Set is designed to allow infants to join the family at the table from birth, providing a comfortable and secure environment. It attaches to the Stokke Tripp Trapp chair (sold separately) and is suitable for newborns up to 20 lbs (9 kg).

## 2. SAFETY INFORMATION

---

**WARNING: Failure to follow these warnings and instructions could result in serious injury or death.**

- Always use the 5-point safety harness when your child is in the Newborn Set. Ensure it is correctly adjusted and securely fastened.
- Never leave your child unattended in the Newborn Set.
- The Newborn Set is designed for use with Stokke Tripp Trapp chairs manufactured after May 2003. Do not use with older models.
- Ensure the Newborn Set is correctly mounted to the Tripp Trapp chair. The red-green indicators provide visual confirmation of correct attachment. A green indicator means it is securely attached.
- Maximum weight capacity for the Newborn Set is 20 lbs (9 kg). Discontinue use when your child reaches this weight or can sit up unaided, whichever comes first.
- Do not use the Newborn Set if any parts are broken, torn, or missing.
- Keep children away from the product during assembly and disassembly.

- This product is not intended for prolonged periods of sleep.

## Our mission is simple:

Empowering confident children for a better world. At Stokke, we transform this vision into action by making products that promote parent-child closeness with grow-with-your-child functionality. Our commitment to longevity drives us to use durable, high-quality materials, vital for crafting long-lasting products and working towards a brighter future.

## 4. SETUP AND INSTALLATION

The Newborn Set is designed for tool-free attachment to your Tripp Trapp chair.

### 4.1 Attaching the Newborn Set to the Tripp Trapp Chair

1. Ensure your Tripp Trapp chair is stable and on a flat surface.
2. Locate the attachment points on the Tripp Trapp chair's backrest.
3. Align the Newborn Set with these attachment points.
4. Push the Newborn Set firmly onto the chair until you hear a click and the safety indicators on both sides turn **green**. If the indicator is **red**, the set is not correctly installed. Remove and re-attach.
5. Gently pull upwards on the Newborn Set to confirm it is securely fastened.

### 4.2 Attaching the Extended Gliders

For added stability, especially when using the Newborn Set, attach the extended gliders to the bottom of the Tripp Trapp chair's legs.

1. Turn the Tripp Trapp chair upside down.
2. Remove the existing gliders (if any) by pulling them off.
3. Push the extended gliders onto the chair legs until they are firmly in place.

### **4.3 Attaching the Toy Hanger**

The toy hanger can be easily attached to the Newborn Set to keep toys within reach for your child.

1. Locate the designated slot on the side of the Newborn Set.
2. Insert the toy hanger into the slot until it clicks into place.

## **5. OPERATION AND ADJUSTMENT**

---

### **5.1 Adjusting the Recline Position**

The Newborn Set features two adjustable recline positions for your child's comfort. Use the one-hand trigger mechanism to change the position.

1. Ensure your child is safely secured with the harness before adjusting.
2. Locate the adjustment trigger (usually on the side or bottom of the seat).
3. Press the trigger and gently move the seat to the desired recline position. Release the trigger to lock it in place.

## Two Adjustable Positions

Use the one-hand trigger to easily adjust the position for baby's comfort.

## 5.2 Securing Your Child with the 5-Point Harness

Always use the 5-point safety harness to secure your child in the Newborn Set.

1. Place your child in the Newborn Set.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their hips.
3. Connect the two waist strap buckles to the central buckle.
4. Insert the crotch strap into the central buckle until it clicks.
5. Adjust all straps to ensure a snug but comfortable fit. There should be no more than one finger's width between the strap and your child's body.

## 6. CARE AND MAINTENANCE

### 6.1 Cleaning the Textile Set

The textile set is removable and machine washable for easy cleaning.

- Remove the textile set from the Newborn Set frame.
- Machine wash at 104°F (40°C) using a mild detergent.
- Do not bleach, tumble dry, iron, or dry clean.
- Allow to air dry completely before reattaching to the frame.

### 6.2 Cleaning the Frame

The plastic frame of the Newborn Set can be wiped clean.

- Wipe the frame with a damp cloth and mild soap.
- Ensure all soap residue is removed.
- Dry thoroughly before use.

## 7. TROUBLESHOOTING

---

### 7.1 Newborn Set Not Attaching Securely

- **Issue:** The safety indicator remains red after attachment.
- **Solution:** Ensure the Newborn Set is correctly aligned with the Tripp Trapp chair's attachment points. Apply firm, even pressure until a click is heard and the indicator turns green. Verify the Tripp Trapp chair is a model manufactured after May 2003.

### 7.2 Harness Feels Too Tight or Loose

- **Issue:** The 5-point harness does not fit your child properly.
- **Solution:** Adjust the shoulder and waist straps using the adjusters on the harness. Ensure a snug fit where only one finger can fit between the strap and your child. Refer to section 5.2 for detailed harness adjustment instructions.
