JEKCA ST19MA05

JEKCA Hahn's Macaw 01S Building Blocks Instruction Manual

Model: ST19MA05

Brand: JEKCA

INTRODUCTION

This instruction manual provides detailed guidance for assembling your JEKCA Hahn's Macaw 01S building block set. Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience. The JEKCA building system utilizes a unique interlocking brick-through technology for enhanced stability.

SAFETY INFORMATION

- **Small Parts:** This product contains small parts which may pose a choking hazard. Keep away from young children.
- **Recommended Age:** This building set is recommended for individuals aged 14 years and above.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger builders within the recommended age range.

WHAT'S IN THE BOX

Before starting, please verify that all components are present:

- Bricks (approximately 470 pieces)
- Instruction Manual
- Pin Driver (screwdriver)
- Pins (screws)

- Quick Guide

If any parts are missing, please contact JEKCA customer support.

SETUP: ASSEMBLY INSTRUCTIONS

The JEKCA building system uses a unique interlocking brick-through technology. Each brick is secured with a pin (screw) using the provided pin driver (screwdriver). Follow the steps outlined in the included Instruction Manual and Quick Guide carefully.

General Assembly Process:

1. Identify the required bricks and pins for each step as indicated in the manual.
2. Align the bricks according to the diagrams.
3. Insert the appropriate size pin into the designated holes. Note that different colored bricks may require different sized pins (e.g., size 2 for smaller pins, size 3 for larger pins). Refer to your manual for specific guidance on pin sizes.
4. Use the pin driver to gently screw the pin through the bricks until they are securely interlocked. Do not overtighten.
5. Repeat these steps, layer by layer, following the detailed instructions in your manual.

OPERATING (DISPLAY AND STABILITY)

Once assembled, your JEKCA Hahn's Macaw 01S model is designed to be sturdy and durable due to its interlocking brick-through system. It can be displayed on any flat, stable surface. The unique construction ensures that the model will not easily break apart, providing a lasting display piece.

MAINTENANCE

To maintain the appearance of your JEKCA model:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling for storage, keep all bricks and pins organized to prevent loss.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause colors to fade over time.

TROUBLESHOOTING

Issue	Possible Cause / Solution
Difficulty understanding instructions	Review the Quick Guide first. Pay close attention to the diagrams and the numbering of steps. Some steps may require careful interpretation.
Model does not stay together / feels unstable	Ensure all pins are fully inserted and tightened with the pin driver. Verify that the correct size pins are used for each brick as indicated in the manual. The interlocking system relies on proper pin insertion.
Missing parts (bricks or pins)	Carefully check the packaging and work area. If parts are genuinely missing, contact JEKCA customer support for assistance.
Pins (screws) are too small or too large	The instruction manual specifies which pin size to use for each step. Pins are typically differentiated by size (e.g., size 2 for smaller, size 3 for larger). Ensure you are using the correct pin as per the manual's guidance.

SPECIFICATIONS

Brand: JEKCA

Model Name: Hahn's Macaw 01S

Model Number: ST19MA05

Number of Pieces: Approximately 470

Recommended Age: 14 years and above

Item Dimensions (L x W x H): 7.13 x 2.72 x 9.37 inches (18.11 x 6.91 x 23.80 cm)

Item Weight: 0.55 kg (1.21 lbs)

Material Type: Plastic

Educational Objective: Concentration, Construction Skills

Special Feature: Sturdy without glue (Interlocking Brick-through System)

WARRANTY

JEKCA products are designed for durability and quality. For specific warranty information regarding your Hahn's Macaw 01S building set, please refer to the official JEKCA website or contact their customer support directly. Keep your proof of purchase for any warranty claims.
