

JEKCA 02S-M04

JEKCA Hamster 02S-M04 Plastic Building Blocks Instruction Manual

Model: 02S-M04 | Brand: JEKCA

For ages 14 and above

1. INTRODUCTION

This manual provides detailed instructions for assembling your JEKCA Hamster 02S-M04 plastic building block model. Please read all instructions carefully before beginning assembly to ensure a correct and enjoyable building experience. The JEKCA building system utilizes a unique interlocking brick-through mechanism for sturdy construction without the need for glue.

2. SAFETY INFORMATION

- **Small Parts:** This product contains small parts which may pose a choking hazard. Keep out of reach of children under 3 years of age.
- **Recommended Age:** This building set is recommended for individuals aged 14 years or above.
- **Handling:** Handle components with care. Avoid excessive force during assembly to prevent damage to the blocks or pins.

3. PACKAGE CONTENTS

Please verify that all components are present before starting assembly:

- Bricks (approximately 780 pieces)
- Instruction Guide
- Pin Driver
- Pins
- Quick Guide

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included Instruction Guide. The JEKCA system uses a unique interlocking method to create a sturdy model.

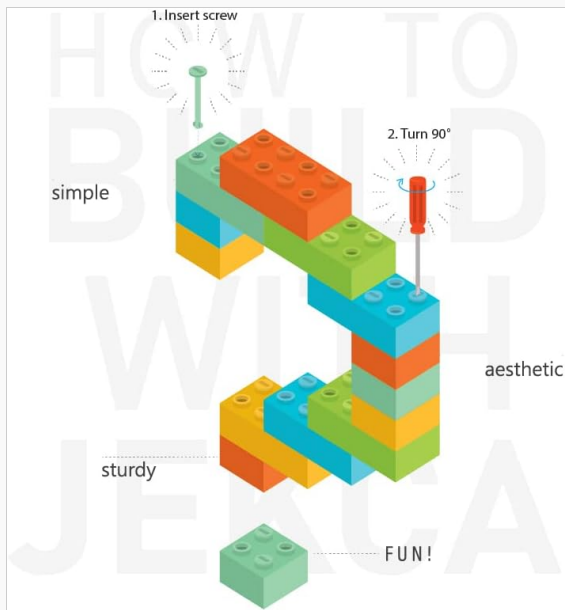

Figure 4.1: JEKCA Interlocking System. This diagram shows the three steps for connecting JEKCA blocks: 1. Align two blocks. 2. Insert pins through the aligned holes. 3. Turn the pins 90 degrees with the pin driver to secure the connection.

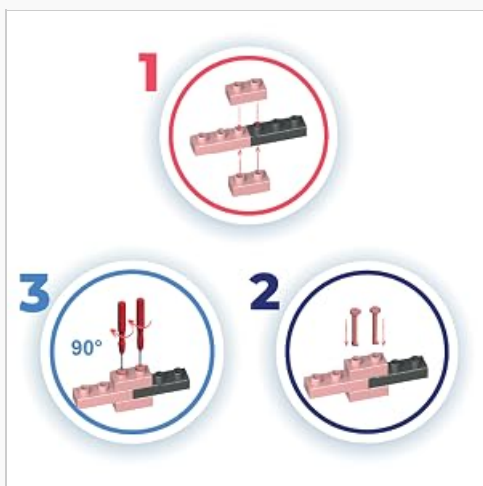

Figure 4.2: Pin Insertion and Rotation. This image details the process: (1) Align blocks, (2) Insert pins, (3) Rotate pins 90 degrees using the pin driver for a secure connection.

4.1 Key Assembly Steps:

1. **Identify Components:** Sort the bricks by color and shape as indicated in your Instruction Guide.
2. **Follow the Guide:** Refer to the detailed Instruction Guide for the specific sequence of block placement. Each step will show which blocks to use and where to place them.
3. **Interlock Blocks:** For each connection, align the designated blocks. Insert the provided pins through the holes. Use the pin driver to turn the pins 90 degrees. This rotation expands the pin inside the blocks, creating a strong, stable connection.
4. **Verify Connections:** Ensure each connection is firm before proceeding to the next step. Properly interlocked blocks will not easily separate.
5. **Complete Sections:** Build the model section by section as outlined in the guide.

This image displays the fully assembled JEKCA Hamster 02S-M04 from a front-side perspective, showcasing its white blocks and pink details.

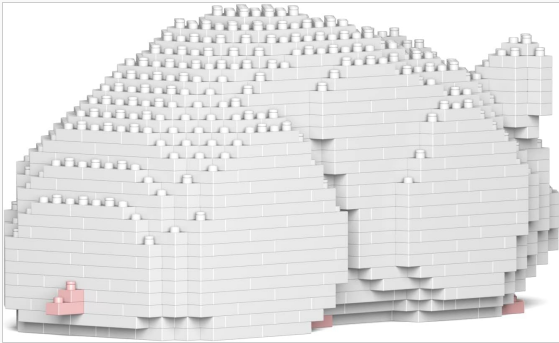

Figure 4.4: Completed Hamster Model (Side View). A side view of the assembled JEKCA Hamster 02S-M04, highlighting the contours and block arrangement.

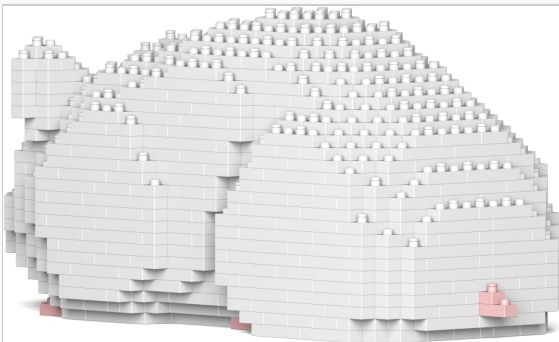

Figure 4.5: Completed Hamster Model (Rear View).

This image shows the rear perspective of the assembled JEKCA Hamster 02S-M04.

5. MAINTENANCE

- **Cleaning:** To clean the assembled model or individual blocks, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth with mild soap can be used, followed by thorough drying.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Disassembly:** If disassembling, carefully use the pin driver to rotate the pins back to their original position before pulling them out. Avoid forcing blocks apart.

6. TROUBLESHOOTING

- **Difficulty Interlocking:** Ensure the pins are correctly aligned with the holes and that the pin driver is fully engaged before rotating. Do not force the pins.

- **Loose Connections:** If a connection feels loose, verify that the pin has been rotated 90 degrees. If it has, ensure the blocks are fully seated together.
- **Missing Pieces:** Carefully check all packaging materials. If pieces are genuinely missing, please contact JEKCA customer support with your model number and a description of the missing parts.
- **Damaged Pieces:** If any pieces are damaged upon arrival, do not attempt to force them. Contact JEKCA customer support for assistance.

7. SPECIFICATIONS

Attribute	Detail
Brand	JEKCA
Model Name	Hamster 02S-M04
Item Model Number	ST19HAM02-M04
Color	White
Material	Plastic
Number of Pieces	780
Recommended Age	14 years and above
Item Dimensions (L x W x H)	9.84 x 3.66 x 4.25 inches (25.0 x 9.3 x 10.8 cm)
Item Weight	1.56 pounds (0.71 Kilograms)
Special Feature	Sturdy without glue (Interlocking Brick-through System)

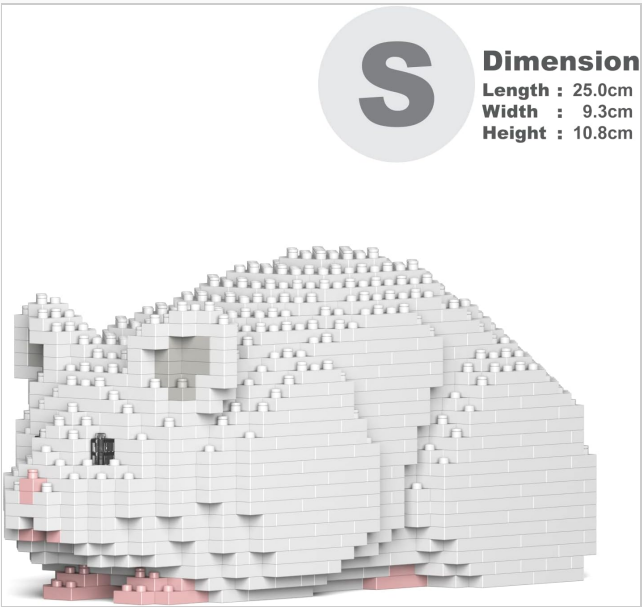

Figure 7.1: Product Dimensions. The assembled JEKCA Hamster 02S-M04 model measures approximately 25.0 cm in length, 9.3 cm in width, and 10.8 cm in height.
