JEKCA 05S-M04

JEKCA Cat 05S-M04 Tabby Cat Plastic Building Blocks

INSTRUCTION MANUAL

Introduction

This manual provides detailed instructions for the assembly, care, and maintenance of your JEKCA Cat 05S-M04 Tabby Cat Plastic Building Blocks set. Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience. This product is designed for individuals aged 14 years and up.

Safety Information

WARNING: Small Parts inside. Not suitable for children under 14 years due to choking hazard.

Always keep small parts away from young children and pets. Exercise caution during assembly to avoid injury from small components or tools. Dispose of packaging materials responsibly.

What's in the Box

Your JEKCA Cat 05S-M04 package should contain the following items:

- Instruction Manual
- Building Bricks (over 1840 pieces)
- Connecting Pins
- Pin Driver (screwdriver tool)

Assembly Instructions

The JEKCA building system utilizes a unique interlocking brick-through system for enhanced stability. Follow these steps carefully for successful assembly.

1. **Preparation:** Unpack all components and organize the building bricks by color and type if desired. Ensure you have the Pin Driver readily available.
2. **Layer-by-Layer Construction:** Begin assembling the model according to the provided detailed instruction manual included in your box. Each step will illustrate which bricks to place.
3. **Interlocking System:** For each layer, after placing the bricks, use the provided connecting pins to secure them. Insert a pin through the designated holes in the bricks.

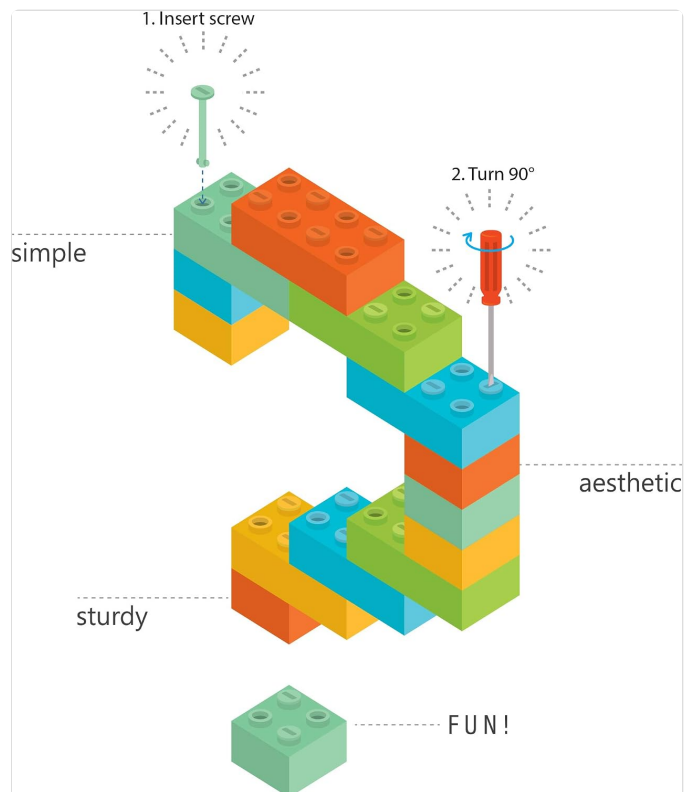

Figure 2: Illustration of the pin insertion and locking process. Insert the pin, then turn 90 degrees with the Pin Driver.

4. **Securing Pins:** Once a pin is inserted, use the Pin Driver to turn it 90 degrees. This action locks the bricks together, creating a sturdy and stable structure.

Figure 3: Detailed steps for the interlocking system. Place bricks, insert pins, and then rotate pins for a secure connection.

Figure 4: Using the Pin Driver to secure a pin into the JEKCA blocks.

5. **Continue Building:** Repeat the layering and pinning process until the model is complete. Refer to your physical instruction manual for specific brick placement and pin locations.

The interlocking system ensures that your finished model is robust and less prone to accidental disassembly compared to traditional building blocks.

Operating & Display

Once assembled, your JEKCA Tabby Cat model is ready for display. Due to its sturdy construction, it can be handled with reasonable care. Avoid dropping the model or applying excessive force, which could dislodge pins or bricks.

Maintenance

To keep your JEKCA model in optimal condition:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all bricks and pins organized to prevent loss. Store in a cool, dry place away from direct sunlight to prevent material degradation or color fading.

Troubleshooting

Issue	Possible Cause	Solution
Difficulty inserting pins	Misalignment of bricks or pin.	Ensure bricks are perfectly aligned. Gently wiggle the pin while applying light pressure. Do not force pins.
Pins not locking securely	Pin not turned 90 degrees completely.	Use the Pin Driver to ensure the pin is fully rotated 90 degrees after insertion.
Missing pieces	Packaging error or accidental loss during unpacking/assembly.	Carefully check all packaging materials. If pieces are genuinely missing, contact JEKCA customer support.
Instructions are unclear	Small diagrams or complex steps.	Review the diagrams carefully. If still unclear, refer to online resources or contact JEKCA support for clarification.

Specifications

- **Model:** JEKCA Cat 05S-M04
- **Item Model Number:** ST19CA05-M04
- **Product Dimensions:** 18.46 x 4.17 x 8.19 inches (46.9 cm x 10.6 cm x 20.8 cm)
- **Item Weight:** 2.86 pounds
- **Number of Pieces:** Over 1840
- **Recommended Age:** 14 years and up
- **Manufacturer:** JEKCA Limited
