Kubota L245 L245DT Tractor Parts Manual

Comprehensive Parts Catalog for Kubota L245 and L245DT Tractors

1. PRODUCT OVERVIEW

This document serves as a detailed parts catalog for the Kubota L245 and L245DT tractor models. It is designed to assist in identifying specific components, understanding their assembly, and locating factory (OEM) part numbers. This manual is an essential resource for repair, maintenance, and ordering replacement parts.

A parts catalog typically includes exploded views of various assemblies, along with corresponding lists of part names and their unique factory part numbers. This information is crucial for ensuring correct part identification and compatibility.

2. UNDERSTANDING AND USING THIS MANUAL

To effectively use this parts manual, follow these guidelines:

- **Exploded Views:** Each section features an exploded diagram illustrating how components fit together within an assembly. These diagrams are numbered to correspond with the parts list.
- **Parts Lists:** Adjacent to or below each exploded view, you will find a table listing all parts shown in the diagram. This list typically includes:
 - **Item Number:** Corresponds to the numbers in the exploded view.
 - **Part Number:** The unique factory (OEM) identification number for the part.
 - **Part Name:** A descriptive name for the component.
 - **Quantity:** The number of units of that part required for the assembly.
- **Identification:** Use the exploded views to visually identify the part you need. Then, cross-reference the item number with the parts list to find its exact part number and description.
- **Ordering:** When ordering parts, always provide the full part number to ensure you receive the correct component for your Kubota L245 or L245DT tractor.

3. EXPLODED VIEWS AND PARTS LISTS

3.1. Camshaft Assembly

This section details the components of the camshaft assembly, including the camshaft itself, tappets, gears, and associated fasteners. The exploded view helps visualize the arrangement of these critical engine parts.

4. PRODUCT SPECIFICATIONS

This parts manual is a quality reproduction, designed for durability and clarity, often surpassing the condition of vintage original prints.

- **Manual Type:** Parts Catalog
- **Applicable Models:** Kubota L245, Kubota L245DT Tractors
- **Content:** Exploded Views, Parts Names, Factory (OEM) Parts Numbers
- **Manufacturer:** AgPubs
- **Purpose:** Facilitates accurate part identification for repair and maintenance.

5. SUPPORT AND ASSISTANCE

For further assistance or clarification regarding the parts listed in this manual, it is recommended to contact the original equipment manufacturer (OEM) or an authorized Kubota dealer. They can provide expert guidance on part compatibility and availability.

When seeking support, always have your tractor's model number (L245 or L245DT) and the specific part numbers from this catalog readily available.

6. WARRANTY INFORMATION

This document is a parts manual and does not come with a specific product warranty from AgPubs. Any warranties related to the tractor itself or individual replacement parts should be sought from the respective manufacturers or

authorized dealers at the time of purchase.
