Eagle Creek ORV 30" 2-Wheel Trunk User Manual

Model: EC0A34PA275

Product Overview

The Eagle Creek ORV 30" 2-Wheel Trunk is a rugged and durable rolling luggage designed for extensive travel and demanding conditions. It features robust construction with weather- and abrasion-resistant materials, ensuring longevity and protection for your belongings. This trunk offers ample storage and smart organization features for efficient packing.

Key Features

- **Durable Construction:** Built with Bi-Tech and Bi-Tech armor fabrics for maximum abrasion and weather resistance. Features puncture-resistant lockable zippers.
- **Oversized Treaded Wheels:** Equipped with two large, durable wheels, heavy-duty housing, skid plate, and bumper protection for smooth mobility over varied terrain.
- **Wet/Dry Compartment:** An expandable, seam-taped compartment designed to protect and separate wet or damp

items from the rest of your travel essentials.

- **Equipment Keeper:** A system to secure additional gear to the top of the bag, including a built-in Porter Key bottle opener.
- **Internal Organization:** Features internal elasticized pockets and a cargo net for compression and secure storage of contents.
- **External Lash Points:** Provides points for securing additional gear or rigging the trunk to a vehicle.
- **Multi-Point Grab Handles:** Strategically placed handles for easy lifting and maneuvering.

Setup and Packing

The ORV Trunk is designed for intuitive use. No complex assembly is required. Focus on efficient packing to maximize its capacity and organizational features.

Packing Guidelines:

1. **Utilize Internal Compression:** The internal cargo net can be used to compress clothing and other soft items, helping to maximize space and prevent shifting during transit.
2. **Wet/Dry Compartment Use:** Place damp clothing, shoes, or toiletries in the dedicated wet/dry compartment to keep them separate from dry items. Ensure the compartment is properly sealed.
3. **Secure External Gear:** Use the Equipment Keeper and external lash points to attach items like jackets, sleeping bags, or other gear to the exterior of the trunk.
4. **Lockable Zippers:** For added security, utilize the puncture-resistant lockable zippers on main compartments. Consider using TSA-approved locks for air travel.

Operating the Trunk

The ORV Trunk is designed for ease of transport and handling in various environments.

Transport and Maneuvering:

- **Rolling:** Extend the telescoping handle and tilt the trunk to engage the two oversized treaded wheels. Pull the trunk behind you for smooth movement.
- **Lifting:** Use the multiple grab handles located on the top, side, and bottom of the trunk for easy lifting into vehicles, onto luggage racks, or through security checkpoints.
- **Stability:** The trunk is designed to stand upright on its own, even when fully packed, aiding in stability during waiting periods or when accessing contents.

Maintenance and Care

Proper care will extend the life and performance of your Eagle Creek ORV Trunk.

- **Cleaning:** For general cleaning, wipe the exterior with a damp cloth and mild soap. For stubborn dirt, a soft brush can be used. Rinse thoroughly and air dry completely before storage.
- **Zipper Care:** Periodically clean zippers of any dirt or debris. Lubricate with a silicone-based spray if they become stiff.
- **Storage:** Store the trunk in a cool, dry place away from direct sunlight when not in use. Ensure it is completely dry before storing to prevent mildew.
- **Inspection:** Before and after each trip, inspect the wheels, handles, zippers, and fabric for any signs of wear or damage.

Troubleshooting

Problem	Possible Cause	Solution
Zippers are stiff or difficult to close.	Dirt/debris in zipper teeth, lack of lubrication.	Clean zippers with a small brush. Apply a silicone-based lubricant. Ensure zipper alignment when closing.
Wheels are not rolling smoothly.	Debris caught in wheels, worn bearings.	Remove any debris from around the wheels. If issues persist, contact customer support for potential repair or replacement under warranty.
Telescoping handle is stuck or difficult to extend/retract.	Dirt/debris in handle mechanism, bent handle components.	Ensure no items are obstructing the handle mechanism. Clean any visible dirt. Avoid forcing the handle. If bent, contact customer support.
Bag appears dirty or stained.	Accumulated travel grime.	Clean with a damp cloth and mild soap. For tougher stains, use a fabric cleaner suitable for durable synthetics.

Specifications

Model: EC0A34PA275

Dimensions: 15 x 30 x 16.5 inches (38.1 x 76.2 x 41.9 cm)

Weight: Approximately 9.88 pounds (4.49 kg)

Capacity: 97 Liters (Total Capacity: 98 Liters)

Material: Bi-Tech and Bi-Tech Armor fabrics

Wheels: 2 oversized treaded wheels
