### Doc Johnson 5110-03-AM

# Doc Johnson Man Squeeze - Bear Instruction Manual

Model: 5110-03-AM

## 1. INTRODUCTION

---

Thank you for choosing the Doc Johnson Man Squeeze - Bear. This premium ULTRASKYN stroker is engineered to provide a unique and customizable experience with its innovative squeeze plate and suction-adjusting end cap. Crafted with lifelike ULTRASKYN material, it offers a realistic feel and is designed for discreet storage and easy cleaning. Please read this manual thoroughly before first use to ensure proper handling, maintenance, and safety.

## 2. PRODUCT FEATURES

---

- **ULTRASKYN Material:** Lifelike, body-safe material that warms to the touch for enhanced realism.
- **Squeeze Plate:** Allows the user to control and vary the pressure and tightness of each stroke.
- **Suction-Adjusting End Cap:** Twist the end cap to modify the internal suction strength.
- **Discreet Hard Case:** Double-cap hardshell design functions as a travel and storage case.
- **Unique Internal Texture:** Designed to provide a stimulating and varied sensation.
- **Easy Disassembly:** Fully disassembles for thorough cleaning and hygiene.
- **Phthalate-Free & Body-Safe:** Constructed from materials safe for intimate use.

## 3. SPECIFICATIONS

---

| Attribute         | Detail                     |

| Model Number      | 5110-03-AM                 |
| Brand             | Doc Johnson                |
| Color             | Vanilla (ULTRASKYN insert) |
| Material          | ABS / TPE / ULTRASKYN      |
| Total Length      | 9 in. (22.9 cm)            |
| Insertable Length | 8.75 in. (22.2 cm)         |
| Width/Diameter    | 3.5 in. (8.9 cm)           |
| Circumference     | 10.5 in. (26.7 cm)         |
| Product Weight    | 1.45 Pounds                |

## 4. SETUP AND ASSEMBLY

---

- 1. Unboxing:** Carefully remove the Man Squeeze - Bear from its packaging.
- 2. Initial Cleaning:** Before first use, disassemble the unit and thoroughly clean all components as described in the 'Care and Maintenance' section. Allow all parts to air dry completely.
- 3. Reassembly:** Once dry, reassemble the ULTRASKYN insert into the hard case, ensuring the end caps are securely twisted on.

Image 4.1: The Man Squeeze - Bear fully assembled within its discreet hard case.

## 5. OPERATION

---

1. **Lubrication:** Apply a generous amount of water-based lubricant to the entry point of the ULTRASKYN insert and, if desired, to yourself. Do not use silicone-based lubricants as they can damage the ULTRASKYN material.
2. **Insertion:** Gently insert into the opening.
3. **Adjusting Pressure (Squeeze Plate):** The hard case features a flexible squeeze plate. Apply pressure to this plate with your hand to increase the internal tightness and sensation. Release pressure to loosen.
4. **Adjusting Suction (End Cap):** The end cap can be twisted to adjust the level of suction. Experiment with different settings to find your preferred intensity.

5. **Movement:** Use a back-and-forth motion, varying speed and depth as desired.

Image 5.1: A hand demonstrating how to hold and apply pressure to the squeeze plate for variable sensation.

4. **Rinsing:** Rinse all components thoroughly to remove any soap residue.
5. **Drying:** Allow all parts to air dry completely before reassembly and storage. You can gently pat dry with a lint-free cloth. Ensure no moisture remains inside the insert.
6. **Storage:** Once completely dry, reassemble the unit and store it in a cool, dry place away from direct sunlight and extreme temperatures. The hard case provides discreet and protective storage.

## 7. TROUBLESHOOTING

---

- **Issue: Suction is too weak or too strong.**  
*Solution:* Twist the end cap to adjust the suction level. Ensure the end caps are securely fastened to create a proper seal.
- **Issue: Difficulty cleaning the interior.**  
*Solution:* Fully disassemble the unit. Use warm water and a mild, toy-safe soap. For thorough cleaning, a soft brush designed for cleaning narrow openings can be used. Ensure all soap residue is rinsed away.
- **Issue: Material feels sticky or attracts lint.**  
*Solution:* This is normal for ULTRASKYN. After cleaning and drying, you may apply a small amount of cornstarch or toy-safe refreshing powder to the exterior to reduce stickiness and maintain a smooth feel.
- **Issue: Product does not feel as tight as expected.**  
*Solution:* Ensure you are actively using the squeeze plate during operation to control the internal pressure. Also, verify the end cap is adjusted for maximum suction if desired.

## 8. SAFETY INFORMATION

---

- This product is intended for adult use only.
- Do not use with silicone-based lubricants, oils, or petroleum jelly, as these can damage the ULTRASKYN material. Only use water-based lubricants.
- Inspect the product before each use for any signs of damage or degradation. Discontinue use if any damage is

found.

- Clean the product thoroughly before and after each use to maintain hygiene.
- Store the product in a clean, dry place away from direct sunlight and extreme temperatures.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.
