› INLAND Micro Center 32GB Class 10 MicroSDHC Flash Memory Card with Adapter for Mobile Device Storage Phone, Tablet, Drone & Full HD Video Recording - 80MB/s UHS-I, C10, U1 (2 Pack) 32GB - 2 pack

INLAND 32GB MICROSD TP

INLAND Micro Center 32GB Class 10 MicroSDHC Flash Memory Card with Adapter

Model: 32GB MICROSD TP

1. INTRODUCTION

This manual provides essential information for the proper use and care of your INLAND Micro Center 32GB Class 10 MicroSDHC Flash Memory Card. Designed for versatile storage, this memory card is ideal for expanding capacity in mobile devices, cameras, drones, and other compatible electronics. Please read this manual thoroughly to ensure optimal performance and longevity of your product.

2. SETUP

The INLAND MicroSDHC card comes with an SD adapter for broader compatibility. Follow these steps to set up your memory card:

- Inserting the MicroSD Card into the Adapter:** Gently slide the smaller MicroSDHC card into the designated slot on the larger SD adapter until it clicks into place. Ensure the gold contacts on the card align with the contacts inside the adapter.
- Inserting into a Device:** Once assembled (or using the MicroSDHC card directly if your device supports it), insert the card into the memory card slot of your compatible device (e.g., smartphone, tablet, digital camera, laptop). Ensure the card is inserted in the correct orientation to avoid damage.
- Compatibility Check:** This MicroSDHC card requires MicroSDHC or SDHC supported devices. Consult your device's specifications or look for the MicroSDHC/MicroSDXC logo for compatibility.

3. OPERATING THE MEMORY CARD

Your INLAND MicroSDHC card is designed for efficient data handling across various applications:

- **File Transfer Speeds:** The card offers fast read speeds of up to 80MB/s and write speeds of up to 15MB/s. These speeds facilitate quick transfer and storage of music, photos, videos, documents, and other files.
- **Full HD Video Recording:** Rated UHS-I Speed Class 1 (U1) and Speed Class 10 (C10), this card ensures consistent and sustained performance for recording Full HD videos. It is compatible with devices such as drones, video cameras, action cameras, and trail cams.
- **Broad Device Compatibility:** Use your MicroSDHC card to expand storage on smartphones, tablets, game consoles, digital cameras, desktops, and laptops.

Write Speed
15MB/s

Read Speed
80MB/s

4. MAINTENANCE

To ensure the longevity and reliability of your INLAND MicroSDHC card, adhere to these maintenance guidelines:

- **Durability Features:** This high-durability Micro Card is designed to be waterproof, shockproof, temperature proof, and X-ray proof. This rugged construction helps resist damage and keeps your data secure in demanding environments such as dashcams, CCTV systems, surveillance systems, or security cameras.
- **Proper Storage:** Store the memory card in a clean, dry environment, free from dust, dirt, or excessive moisture. Use the provided protective case or a similar secure container when not in use to prevent physical damage to the contacts.
- **Avoid Extreme Conditions:** While designed to be temperature proof, prolonged exposure to extreme heat or cold can potentially affect performance over time. Avoid leaving the card in direct sunlight or in very cold environments for extended periods.

5. TROUBLESHOOTING

If you encounter issues with your INLAND MicroSDHC card, consider the following:

- **Compatibility Issues:** Ensure your device explicitly supports MicroSDHC cards. Older devices may not be compatible. Always check your device's specifications.
- **Data Loss/Corruption:** While durable, no storage device is immune to data loss. Regularly back up important data to another storage medium (e.g., cloud storage, external hard drive) to prevent permanent loss.
- **Slow Performance:** If the card's performance seems slower than expected, ensure it is properly seated in the device or adapter. Also, check if the card is nearly full, as this can sometimes affect speeds.

6. SPECIFICATIONS

Feature	Detail
Brand	INLAND
Model Name	Micro Center 32GB Class 10 microSDHC Card (2 Pack)
Flash Memory Type	SD, Micro SD, Micro SDHC, SDHC
Memory Storage Capacity	32 GB
Compatible Devices	Laptop, Tablet, Camera, Smartphone
Read Speed	80 Megabytes Per Second
Write Speed	15 Megabytes Per Second
Secure Digital Association Speed Class	Class 10
Special Feature	X Ray Proof, Water Proof, Drop Proof, Temperature Proof
Product Dimensions	0.04"D x 0.43"W x 0.59"H (MicroSD card); 1.97"L x 1.77"W (Adapter)
Item Weight	0.03 Pounds (MicroSD card); 0.48 ounces (Total package)
Manufacturer	Inland
UPC	618996726851
First Available Date	November 6, 2018

7. WARRANTY AND SUPPORT

The INLAND Micro Center 32GB Class 10 MicroSDHC Flash Memory Card comes with a **3-Year Limited Warranty**. For warranty claims, technical assistance, or any product-related inquiries, please contact INLAND customer support through their official channels. Retain your proof of purchase for warranty validation.
