5. SETUP

5.1. Battery Installation and Charging

1. Remove the back cover of the phone by gently prying it open from the notch.
2. If present, remove the insulating tape from the battery terminals.
3. Insert the 1400 mAh Li-ion battery into the battery compartment, ensuring the gold contacts align with the phone's terminals.
4. Replace the back cover, pressing firmly until it clicks into place.
5. Connect the charger to the phone's charging port and plug it into a power outlet. Charge the battery fully before first use.

Battery: 1400 mAh

5.2. Inserting SIM Cards and Memory Card

The SERVO 225 supports dual SIM cards (Dual GSM) and a T-Flash memory card (up to 32GB, not included).

1. With the back cover and battery removed, locate the SIM card slots. The phone supports two SIM cards.
2. Carefully insert your SIM cards into the designated slots with the gold contacts facing down.
3. Locate the T-Flash (microSD) card slot. Insert the memory card until it clicks into place.
4. Reinstall the battery and back cover.

Supports dual GSM SIM cards

6. OPERATING INSTRUCTIONS

6.1. Power On/Off

- **To Power On:** Press and hold the Power/End Call key until the screen lights up.
- **To Power Off:** Press and hold the Power/End Call key until the power off options appear, then select "Power off".

6.2. Basic Functions

- **Making Calls:** Enter the phone number using the keypad and press the Call key.
- **Answering Calls:** Press the Call key when the phone rings.
- **Sending Messages:** Navigate to the "Messages" menu, select "Write message", enter your text, and send to the desired recipient.
- **Menu Navigation:** Use the navigation keys (up, down, left, right) to browse through menus and the center key to select.

6.3. Key Features

- **Bluetooth:** Connect to other Bluetooth-enabled devices for file transfer or hands-free communication.
- **FM Radio:** Listen to your favorite radio stations. Requires headphones to be plugged in as an antenna.
- **MP3/MP4 Player:** Play audio and video files stored on your memory card.

- **GPRS/WAP:** Access basic internet services and WAP sites.
- **Camera:** Capture photos with the 0.3MP rear camera.
- **Additional Tools:** Calendar, Sound Recorder, Calculator, World Clock, Alarm.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the phone's surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the phone in a cool, dry place when not in use for extended periods.
- **Battery Care:** Avoid overcharging or completely draining the battery frequently to prolong its life.

8. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|-------------------------------|---|---|
| Phone does not power on. | Battery is low or not installed correctly. | Charge the battery. Ensure battery is properly inserted and insulating tape is removed. |
| No network signal. | SIM card not inserted correctly or out of network coverage. | Reinsert SIM card. Move to an area with better network coverage. |
| Cannot make or receive calls. | No network, SIM card issue, or call barring enabled. | Check network signal. Verify SIM card. Disable call barring if active. |
| Memory card not detected. | Memory card not inserted correctly or corrupted. | Reinsert memory card. Try a different memory card. |
