# Spilay DIY Dollhouse Miniature Kit: Slow Time Villa Model A080

Model: A080 | Brand: Spilay

## 1. Introduction

This instruction manual provides detailed guidance for assembling, operating, and maintaining your Spilay DIY Dollhouse Miniature Kit, Model A080, also known as the "Slow Time" villa. This 1:24 scale miniature dollhouse features wooden furniture, LED lighting, and a music box, offering a detailed and engaging building experience. The kit is designed for individuals aged 14 and above.

## 2. Safety Information

- This kit contains small parts and is not suitable for children under 3 years due to choking hazards.
- Adult supervision is recommended for users under 14 years of age.
- Exercise caution when using sharp tools such as scissors, cutters, and tweezers during assembly.
- Ensure proper ventilation when using adhesives. Avoid contact with skin and eyes.
- Dispose of batteries responsibly according to local regulations.

## 3. Package Contents

The Spilay DIY Dollhouse Miniature Kit includes the following components:

- Pre-cut wooden pieces for the dollhouse structure and furniture.
- Fabric, paper, and other decorative materials.
- LED lighting components and wiring.

- Music box mechanism.
- Dust cover.
- Detailed English instruction manual with diagrams.
- Various miniature accessories as depicted in the product images.

## 4. Tools Required (Not Included)

To complete the assembly of your dollhouse, you will need to provide the following items:

- Silicone liquid glue (or similar craft adhesive suitable for wood, paper, and fabric).
- Three (3) AAA batteries for the LED lights and music box.
- Scissors or craft knife.
- Tweezers (recommended for handling small parts).
- Ruler.

## 5. Assembly Instructions

The assembly process involves multiple steps, requiring patience and attention to detail. Follow the included English instruction manual step-by-step for best results. The general process is outlined below:

1. **Unpack and Organize:** Carefully unpack all components. Identify and sort parts according to the provided diagrams in the instruction manual.
2. **Prepare Materials:** Cut out paper and fabric pieces as instructed. Ensure all wooden parts are smooth and ready for assembly.
3. **Construct the Structure:** Begin by assembling the main frame of the dollhouse, including walls, floors, and roof sections, using the specified glue.
4. **Assemble Furniture and Accessories:** Construct all miniature furniture pieces and accessories as detailed in the manual.
5. **Install Electrical Components:** Carefully install the LED lights and route the wiring according to the diagrams. Ensure all connections are secure.
6. **Integrate Music Box:** Install the music box mechanism in its designated location.
7. **Decorate and Finalize:** Place furniture and accessories in their respective rooms. Add any final decorative touches.
8. **Attach Dust Cover:** Once assembly is complete, secure the dust cover to protect your finished dollhouse.

## 6. Operating Instructions

### 6.1 LED Lighting

To activate the LED lights, ensure that 3 AAA batteries are correctly installed in the battery compartment (location specified in the detailed manual). Use the designated switch to turn the lights on or off.

### 6.2 Music Box

The music box operates independently or in conjunction with the lighting, depending on the model's design. Wind the music box mechanism gently to play the melody. Ensure batteries are installed for electronic music box versions.

## 7. Maintenance

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust from the dollhouse and its components. Avoid using water or chemical cleaners.
- **Dust Cover:** Always keep the dust cover in place when the dollhouse is not being actively viewed or used to protect it from dust and environmental factors.
- **Battery Replacement:** Replace batteries when LED lights dim or the music box stops functioning. Ensure correct polarity.
- **Storage:** Store the dollhouse in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.

## 8. Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| LED lights do not turn on. | Batteries are dead or incorrectly installed. Wiring is loose or disconnected. | Check battery orientation and replace if necessary. Inspect all wiring connections for security. |
| Music box does not play. | Music box not wound. Batteries are dead (for electronic versions). | Gently wind the music box. Replace batteries if applicable. |
| Missing or damaged parts. | Manufacturing error or shipping damage. | Contact Spilay customer support for assistance. |
| Parts do not fit together. | Incorrect part identification or assembly step. | Refer to the instruction manual diagrams carefully. Ensure parts are oriented correctly. |
