Amazon Basics 9060BK-W

Amazon Basics Leakproof Canvas Bottom Guinea Pig Cage

Model: 9060BK-W

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Amazon Basics Leakproof Canvas Bottom Guinea Pig Cage. Designed for guinea pigs and other small animals, this habitat offers a secure and comfortable environment.

Key Features:

- Indoor/outdoor canvas-bottomed pet cage with divider for guinea pigs and other small animals.
- Iron wire cage frame to keep pets effectively contained and safe.
- Provides a textural surface that creates traction and comfort for small, sensitive feet.
- Leak-proof design keeps pet messes and water spills contained.
- Easy no-tools-required setup; convenient to disassemble and store or clean when required.

PRODUCT COMPONENTS

Before assembly, ensure all components listed below are present and undamaged.

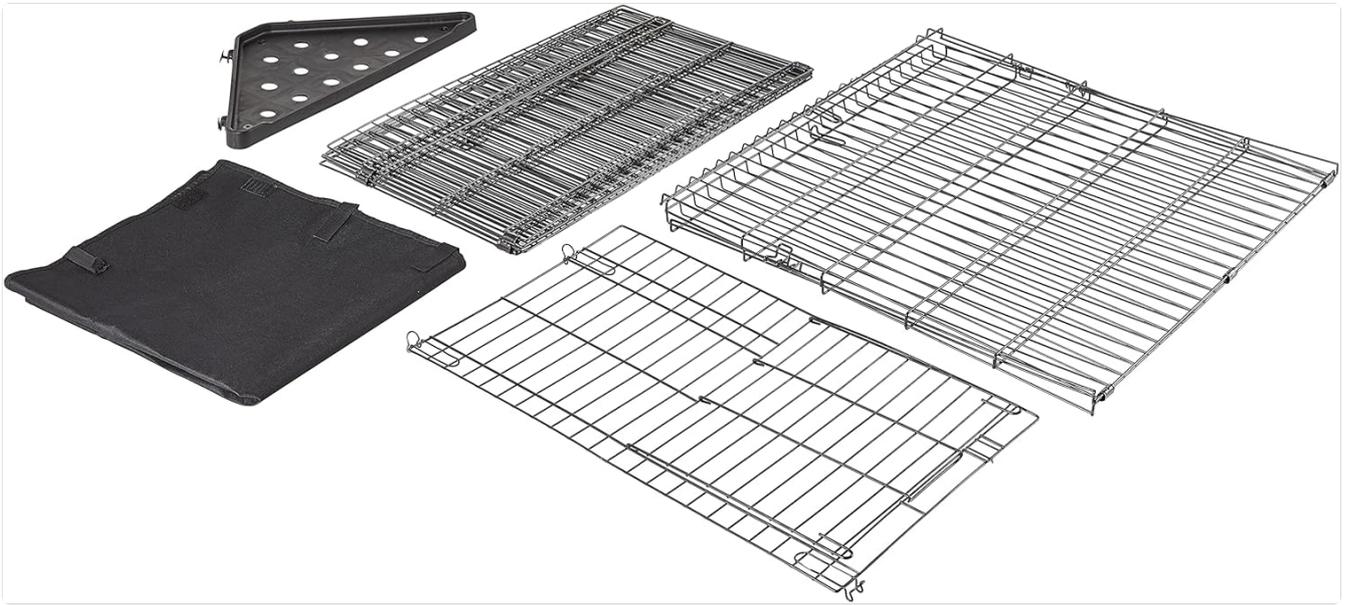

Figure 1: All components included in the package.

- Wire Panels (various sizes for sides, top, and divider)
- Leakproof Canvas Bottom
- Corner Shelf (plastic)
- Divider (wire)
- Connectors/Clips (for securing panels)
- Assembly Instructions

SETUP AND ASSEMBLY

Follow these steps to assemble your guinea pig cage. No tools are required for the main assembly.

Step 1: Unfold the Wire Panels

Carefully unfold the main wire frame of the cage. Ensure all sections are aligned correctly.

Figure 2: The main wire frame unfolded and ready for the canvas bottom.

Step 2: Attach the Canvas Bottom

Place the leakproof canvas bottom on a flat surface. Position the unfolded wire frame over the canvas bottom. Secure the canvas bottom to the wire frame using the integrated Velcro straps or clips, ensuring a snug fit around the base of the cage.

Figure 3: Detail of the Velcro fasteners for the canvas bottom.

Step 3: Install the Divider (Optional)

If desired, insert the wire divider into the designated slots within the cage. This allows for separation of areas within the habitat.

Figure 4: The wire divider in place, creating two separate sections.

Step 4: Place the Corner Shelf (Optional)

The plastic corner shelf can be placed in any corner of the cage to provide an elevated platform for your pet.

Figure 5: The corner shelf provides an elevated area for your pet.

OPERATING INSTRUCTIONS

Accessing the Cage

The cage features multiple access points for easy interaction with your pet and for cleaning.

- **Top Opening:** The top wire panel can be opened by unlatching the clips. This provides full top-down access.
- **Front Door:** A smaller door is located on the front of the cage, secured by a simple latch mechanism.

Figure 6: The secure latch mechanism for the cage door.

Using the Divider

The included divider can be used to create separate zones within the cage, useful for separating food/water areas from sleeping areas, or for temporary separation of pets.

MAINTENANCE

Regular cleaning is essential for maintaining a hygienic environment for your pet.

Cleaning the Canvas Bottom

The leakproof canvas bottom can be easily detached from the wire frame for cleaning. Wipe down with a pet-safe cleaner and allow to air dry completely before reattaching. For deeper cleaning, the canvas can be hand-washed.

Video 1: This video demonstrates an efficient method for cleaning the cage, highlighting how to remove bedding and wipe down surfaces to maintain hygiene.

Wire Frame Cleaning

Wipe down the wire frame with a damp cloth and pet-safe disinfectant as needed. Ensure all surfaces are dry before returning your pet to the cage.

TROUBLESHOOTING

Cage Stability Issues

If the cage feels unstable after assembly, double-check all connectors and ensure they are securely fastened. The wire panels should snap firmly into place. For added stability, ensure the cage is placed on a flat, even surface.

Pet Chewing on Canvas

While the canvas is durable, some pets may attempt to chew it. Provide ample chew toys and enrichment within the cage to redirect chewing behavior. Monitor your pet's interaction with the canvas bottom.

SPECIFICATIONS

Feature	Detail
Item Weight	12.16 Pounds
Item Dimensions (LxWxH)	47.64 x 24.21 x 13.98 inches
Brand Name	Amazon Basics
Color	Black
Size	47.6"L x 24.2"W x 14.0"H
Material	Iron (frame)
Style	Canvas Bottom Pet Cage with Divider Set
Breed Recommendation	Small Breeds
Special Feature	Leakproof
