MZOO sm010

MZOO Luxury Sleep Eye Mask (Model sm010) Instruction Manual

Your Guide to Enhanced Sleep and Comfort

INTRODUCTION

Thank you for choosing the MZOO Luxury Sleep Eye Mask (Model sm010). This manual provides comprehensive instructions for the proper use, care, and maintenance of your new sleep mask. Designed with advanced features for optimal comfort and complete light blocking, this mask aims to enhance your sleep quality whether at home, during travel, or for daytime naps.

PRODUCT FEATURES

- **Low-Rebound Memory Foam:** Constructed with soft and comfortable memory foam for a gentle feel.
- **Zero Eye Pressure:** Features 13mm arc-shaped widened eye cups that provide ample space for natural blinking and prevent pressure on the eyes, making it suitable for users with makeup or lash extensions.
- **Side Sleeper Comfort:** Upgraded 15°-curved thin sides are designed to minimize temple pressure, ensuring comfort for all sleeping positions, especially side sleepers.
- **100% Light Blocking:** Patented contoured eye cups create a complete seal around each eye. Deep 22mm nose padding effectively blocks all light leakage.
- **Patented Nose Bridge Cutout:** Designed to perfectly contour the nose bridge, eliminating pressure and allowing for free breathing, preventing stuffiness and shifting during sleep.
- **Super Soft & Breathable:** Made from premium fade-resistant fabric and air-hole memory foam, ensuring the mask remains cool and breathable while blocking light.
- **Custom Fit for All:** An adjustable strap (19"-28") ensures a secure fit without snagging hair, suitable for various head sizes.

SETUP

1. **Unpack the Mask:** Carefully remove the sleep mask from its packaging.
2. **Adjust the Strap:** Locate the adjustable buckle on the elastic strap. Place the mask over your eyes and adjust the strap to achieve a snug yet comfortable fit around your head. Ensure it is not too tight to avoid discomfort or pressure marks.
3. **Position for Comfort:** Gently press the mask against your face, ensuring the contoured eye cups align with your eyes and the nose bridge cutout sits comfortably over your nose. This helps to eliminate light leakage.

OPERATING INSTRUCTIONS

The MZOO Luxury Sleep Eye Mask is designed for simple and effective use to provide a dark and comfortable environment for sleep or relaxation.

- **Wearing the Mask:** After adjusting the strap, place the mask over your eyes. The contoured design should naturally cup your eyes without applying direct pressure.
- **Ensuring Blackout:** Gently press the edges of the mask around your face, especially around the nose area, to ensure a complete seal and block out all external light. The patented nose bridge cutout is designed to facilitate this.
- **Side Sleeping:** The mask's 15°-curved thin sides are specifically engineered to prevent discomfort when

sleeping on your side. Position the mask so these sides align with your temples.

- **Eye Comfort:** The deep eye cups allow for natural eye movement and blinking, preventing any contact with your eyelashes, which is particularly beneficial for users with lash extensions.

Figure 3: The mask's design ensures zero eye pressure, allowing for comfortable blinking.

SIDE SLEEP COMFORT

Unique ultra-fitting soft curved sides,
avoid moving, no pressure on temples

Figure 4: The contoured sides provide comfort for side sleepers by minimizing temple pressure.

BLACKOUT

Press the padding for best results

Figure 5: Gently pressing the mask's padding ensures complete light blocking around the nose and eyes.

MAINTENANCE AND CARE

Proper care will extend the lifespan and effectiveness of your MZOO Sleep Eye Mask.

- **Cleaning:** The mask is machine washable. For best results and to maintain fabric integrity, it is recommended to hand wash with mild soap and cold water. Avoid harsh detergents or bleach.
- **Drying:** Air dry the mask flat. Do not tumble dry, iron, or expose to direct sunlight for prolonged periods, as this may damage the memory foam or fabric.
- **Storage:** Store the mask in a clean, dry place, preferably in the provided satin pouch, to protect it from dust and damage when not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light leakage around the nose or edges.	Mask not properly positioned or strap too loose.	Adjust the strap for a snug fit. Gently press the mask around your nose and eyes to ensure the contoured padding creates a complete seal.
Discomfort or pressure on eyes/temples.	Strap too tight or mask misaligned.	Loosen the adjustable strap. Reposition the mask to ensure the eye cups are centered over your eyes and the side contours align with your temples.
Mask feels warm or causes sweating.	Environmental factors or prolonged use in warm conditions.	The mask features breathable air-hole memory foam. Ensure your sleeping environment is adequately cool. If discomfort persists, remove the mask periodically.
Unpleasant odor.	New product odor or accumulated oils/sweat.	For new masks, allow it to air out for a few days. For used masks, follow the cleaning instructions to wash thoroughly.

SPECIFICATIONS

Model Number: sm010

Brand: MZOO

Material: Memory Foam

Color: Black (A-black variant)

Product Dimensions: 10 x 3.9 x 0.78 inches

Item Weight: 5.29 ounces
