Video: An official overview of the Soundstream H2GO True Wireless Earbuds, detailing their features, design, and connectivity options, including Qi charging and Bluetooth 5.0.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

- 1. Qi Wireless Charging:** Place the charging case on a compatible Qi wireless charging pad. The indicator light on the case will show charging status.
- 2. USB Charging:** Connect the provided USB cable to the charging port on the case and plug the other end into a USB power source. The indicator light will confirm charging.
3. Ensure the earbuds are properly seated in the charging case for them to charge.

2. Pairing with Your Device

The Soundstream h2GO earbuds use Bluetooth 5.0 for wireless connection.

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode (indicator lights will flash).
3. On your mobile device (e.g., Android phone), go to Bluetooth settings and turn Bluetooth on.
4. Search for available devices and select 'Soundstream h2GO' from the list.
5. Once connected, the indicator lights on the earbuds will change, and your device will confirm the connection.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** The earbuds automatically power on when removed from the charging case.
- **Power Off:** Place the earbuds back into the charging case to power them off and begin charging.

Music Playback

Control your music directly from the earbuds (specific controls may vary, refer to quick start guide for

detailed touch/button functions).

- **Play/Pause:** Typically a single tap on either earbud.
- **Next Track:** Often a double tap on the right earbud.
- **Previous Track:** Often a double tap on the left earbud.

Call Management

Manage phone calls with ease.

- **Answer/End Call:** Typically a single tap on either earbud.
- **Reject Call:** Often a long press on either earbud.

Voice Assistant

Activate your device's voice assistant (e.g., Siri) using the earbuds.

- **Activate Voice Assistant:** Typically a triple tap or specific gesture on an earbud.

MAINTENANCE

Proper care ensures the longevity of your Soundstream h2GO earbuds.

- **Cleaning:** Use a soft, dry cloth to clean the earbuds and charging case. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged.
- **Water Resistance:** While water resistant, avoid submerging the earbuds in water. Dry them thoroughly if they get wet.

TROUBLESHOOTING

If you encounter issues, try the following solutions:

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the case, close it, then open it again to re-enter pairing mode. Check your device's Bluetooth settings and try reconnecting.
- **Only one earbud working:** Try resetting the earbuds (refer to manufacturer's specific reset instructions if available). Ensure both earbuds are fully charged.
- **Charging issues:** Verify the charging cable is securely connected or the Qi charging pad is properly aligned. Clean charging contacts on earbuds and case if necessary.
- **No sound:** Check the volume level on your connected device. Ensure the earbuds are properly paired and selected as the audio output.
