## QCY T1C

# QCY T1C True Wireless Earbuds

INSTRUCTION MANUAL

## Product Overview

The QCY T1C True Wireless Earbuds offer a seamless audio experience with their advanced Bluetooth 5.0 technology, delivering crystal clear stereo sound. Designed for comfort and stability, these lightweight earbuds are perfect for various activities, from office work to gaming and sports. The included charging case provides extended battery life, ensuring your music and calls are always available.

## What's in the Box

- 1 x QCY T1C Earbuds
- 1 x Charging Case
- 3 x Eartips (S, M, L)
- 1 x Micro-USB Cable
- 1 x User Manual

Image: A visual representation of the QCY T1C Earbuds package contents, including earbuds, charging case, USB cable, eartips, and manual.

## Setup

### Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the micro-USB cable to the charging case and a power source. The indicator lights on the case will show charging status. Ensure earbuds are properly seated in the case for charging.

### Pairing with Your Device

1. Take both earbuds out of the charging case. They will automatically power on and attempt to pair with each other.
2. Once paired with each other, the right earbud's LED will blink red and white, indicating it's in pairing mode.

3. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.
4. Search for "QCY-T1C" (or similar, e.g., "QCY-T1_R") in the list of available devices and tap to connect.
5. Once successfully connected, the LED indicator on the earbud will turn off.

Video: Step-by-step instructions for initial setup, pairing, and factory reset of QCY T1C earbuds.

## Operating Instructions

### Music Control

- **Play/Pause:** Press the Multi-Function Button (MFB) on either earbud once.
- **Skip Track Forward:** Double-press the MFB on the right earbud.

- **Skip Track Backward:** Double-press the MFB on the left earbud.

### Call Management

- **Answer/End Call:** Press the MFB on either earbud once.
- **Ignore Call:** Hold the MFB on either earbud for approximately 1 second.

### Voice Assistant

- **Activate Voice Assistant:** Hold the MFB on either earbud for approximately 1 second to wake up your device's voice assistant (e.g., Siri, Google Assistant).

### Mono or Stereo Mode

The QCY T1C earbuds support both mono and stereo modes. Either earbud can be used independently for calls or music, providing flexibility for different scenarios.

## Maintenance

### Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe down the surfaces. For the eartips, you may gently remove them and clean with a damp cloth, ensuring they are completely dry before reattaching.

### Storage

Always store the earbuds in their charging case when not in use. This protects them from dust, damage, and ensures they remain charged for your next use.

### Battery Care

To prolong battery life, avoid exposing the earbuds and charging case to extreme temperatures. Charge the device regularly, even if not in frequent use, to prevent deep discharge.

Image: An illustration highlighting the long battery life of the QCY T1C earbuds, showing 3-4 hours playtime per charge and up to 12-

16 hours total with the charging case.

## Troubleshooting

If you encounter issues with your QCY T1C earbuds, please refer to the common solutions below:

### Pairing Issues

- **Ensure Earbuds are Charged:** Low battery can prevent proper pairing.
- **Reset Bluetooth on Device:** Turn off and then turn on your device's Bluetooth.
- **Clear Previous Pairings:** On your device, "forget" or "unpair" any previous QCY-T1C connections.

### Sound Cutting Out or Disconnecting

- **Proximity:** Ensure your device is within the Bluetooth range (up to 10 meters).
- **Interference:** Avoid strong Wi-Fi signals or other Bluetooth devices that might cause interference.
- **Earbud Placement:** Ensure earbuds are securely in your ears and not obstructed.

### Factory Reset

If the above steps do not resolve the issue, a factory reset can often fix persistent problems:

1. On your phone, delete the "QCY-T1C" (or similar) pairing record from your Bluetooth settings.
2. Place both earbuds back into the charging case.
3. While the earbuds are in the case, press and hold the Multi-Function Buttons (MFBs) on both earbuds simultaneously for approximately 10 seconds. The LEDs on both earbuds will blink red and white three times, then turn off. This indicates a successful reset.
4. Take the earbuds out of the case and repeat the initial pairing process.

For a visual demonstration of the factory reset process, please watch the manual video again:
