## Kohler K-27294-CP

# Kohler ELATE HOTELIER Bathroom Shelf

Model: K-27294-CP

## 1. INTRODUCTION

This manual provides instructions for the proper installation, operation, and maintenance of your Kohler ELATE HOTELIER Bathroom Shelf. Please read all instructions carefully before beginning installation and retain this manual for future reference.

## 2. SAFETY INFORMATION

- Always wear appropriate safety gear, such as safety glasses, during installation.
- Ensure the mounting surface is structurally sound and capable of supporting the weight of the shelf and its intended contents.
- Locate and avoid electrical wires and plumbing pipes behind the wall before drilling.
- Use only the recommended tools and hardware, or suitable alternatives for your specific wall type.

## 3. PRODUCT OVERVIEW

The Kohler ELATE HOTELIER Bathroom Shelf is designed for organizing towels and other bathroom essentials. It features a minimalist design and durable metal construction with a polished chrome finish, resistant to corrosion and tarnish.

## 4. PACKAGE CONTENTS

---

Verify that all components are present before beginning installation:

- ELATE HOTELIER Bathroom Shelf Assembly
- Mounting Hardware (screws, wall anchors)
- Installation Template (if included)

## 5. TOOLS REQUIRED

---

The following tools are typically required for installation:

- Phillips Head Screwdriver
- Drill
- Drill Bits (appropriate size for wall anchors)
- Pencil
- Level
- Measuring Tape
- Hammer (for wall anchors)

## 6. INSTALLATION INSTRUCTIONS

---

Follow these steps to install your bathroom shelf:

1. **Prepare the Wall:** Choose a suitable location on the wall. Use a level and pencil to mark the desired height and horizontal alignment for the mounting brackets. If an installation template is provided, tape it to the wall at the desired location.
2. **Mark Drill Holes:** Mark the precise locations for drilling holes through the mounting bracket holes or the template.
3. **Drill Holes:** Using a drill bit appropriate for your wall type and the provided wall anchors, carefully drill pilot holes at the marked locations.
4. **Insert Wall Anchors:** Insert the wall anchors into the drilled holes. Tap gently with a hammer until they are flush with the wall surface.
5. **Attach Mounting Brackets:** Align the shelf's mounting brackets with the wall anchors. Insert the provided screws through the brackets and into the anchors. Tighten the screws securely, but do not overtighten.
6. **Secure the Shelf:** Attach the main shelf assembly to the installed mounting brackets. Ensure it is firmly seated and stable. Some models may have set screws to secure the shelf to the brackets; tighten these if present.
7. **Final Check:** Gently pull on the installed shelf to ensure it is securely fastened to the wall.

**Note:** For optimal stability, especially when mounting into drywall, consider using heavy-duty wall anchors or toggle bolts (not included) if the provided hardware does not meet your specific needs or if the shelf will hold heavier items.

## 7. OPERATING INSTRUCTIONS

---

The Kohler ELATE HOTELIER Bathroom Shelf is designed for static storage. Place items on the shelf evenly to distribute weight. Avoid exceeding the maximum recommended weight capacity (specific capacity not provided, use reasonable judgment).

## 8. CARE AND MAINTENANCE

---

To maintain the finish and appearance of your Kohler ELATE HOTELIER Bathroom Shelf:

- Clean regularly with a soft, damp cloth.
- Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the polished chrome finish.
- Dry the surface immediately after cleaning to prevent water spots.
- Periodically check mounting screws for tightness and re-tighten if necessary.

## 9. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Shelf feels loose or wobbly after installation.	Mounting screws are not tight enough; wall anchors are not secure; incorrect wall anchors used for wall type.	Ensure all mounting screws are tightened. If using wall anchors, verify they are appropriate for your wall material and installed correctly. Consider using stronger anchors if necessary.
Finish appears dull or stained.	Residue from cleaning products; hard water spots; improper cleaning.	Clean with a soft, damp cloth and mild soap, then rinse and dry thoroughly. Avoid abrasive cleaners. For hard water spots, use a vinegar-based solution and rinse well.

## 10. SPECIFICATIONS

---

- **Brand:** Kohler
- **Model Name:** Elate
- **Model Number:** K-27294-CP
- **Finish Type:** Polished Chrome
- **Material:** Metal
- **Mounting Type:** Wall Mounted
- **Included Components:** Installation Hardware
- **Item Weight:** 1 Pound

## 11. WARRANTY AND SUPPORT

---

This Kohler product is covered by a limited warranty. Specific warranty details, terms, and conditions are typically provided with the product packaging or can be found on the official Kohler website. For technical

support, replacement parts, or warranty claims, please contact Kohler customer service directly.

**Kohler Customer Service:** Refer to your product packaging or the official Kohler website for current contact information.
