Setup and Installation

The eclife Bathroom Vanity Sink Combo requires self-assembly. Please follow the included installation instruction manual carefully. Ensure you have all necessary tools before starting.

Key Assembly Features:

- **MDF Material:** The vanity and side cabinet are constructed from durable MDF, designed for humidity and corrosion resistance.
- **Soft-Close Hinges:** The vanity cabinet doors feature 304 stainless steel soft-close hinges for quiet operation.
- **Durable Handles:** Zinc alloy handles are used for drawers and doors.
- **High-Quality Slide Rails:** Drawers are equipped with smooth, high-quality slide rails.
- **Numbered Parts:** Alphanumeric characters on boards facilitate easier installation.
- **Adjustable Feet:** Aluminum alloy vanity foot pads provide stability.

Plumbing Connections:

The faucet includes 9/16" hot/cold water supply hoses and requires a 1-3/8" faucet hole. The pop-up drain is designed for a 1-3/4" drain opening. Ensure all connections are secure and leak-free after installation.

Operating Instructions

Once installed, the vanity and sink combo is ready for use.

- **Faucet Operation:** Turn the faucet handle to control water flow and temperature. The 1.5 GPM aerator helps conserve water.
- **Pop-up Drain:** Press the top of the pop-up drain to open or close it for water retention or drainage.
- **Storage:** Utilize the vanity cabinet, side cabinet, and drawers for organized storage of bathroom essentials. The soft-close mechanisms ensure quiet use.

Maintenance

Regular cleaning and proper care will extend the life and appearance of your vanity combo.

- **General Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish or glass.
- **Sink Care:** The tempered glass sink is scratch and stain-resistant. Clean with mild soap and water.
- **Faucet Care:** The ORB (Oil Rubbed Bronze) faucet is stain-resistant. Clean with a soft cloth and mild cleaner. Avoid abrasive pads.
- **Water Spills:** Promptly wipe up any water spills on the MDF surfaces to prevent moisture damage.
- **Drain Maintenance:** Periodically check and clean the pop-up drain to prevent clogs.

Troubleshooting

Refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Low Water Pressure from Faucet	Clogged aerator; partially closed water supply valves; issues with home plumbing.	Unscrew and clean the faucet aerator. Ensure hot and cold water supply valves are fully open. Consult a plumber if the issue persists.
Leaking Connections	Loose fittings; improper sealing.	Tighten all plumbing connections. Ensure thread sealant tape (Teflon tape) was used correctly during installation.
Drawers or Doors Not Closing Smoothly	Misalignment during assembly; obstruction in slide rails or hinges.	Check assembly instructions for correct alignment of drawers and doors. Clear any debris from slide rails or hinges.

Warranty and Support

Specific warranty information for this product is not detailed in the provided product description. Please refer to the manufacturer's official website or contact eclife customer service for warranty details.
