## SAFETY INFORMATION

---

- Keep small parts away from children during assembly to prevent choking hazards.
- Ensure all screws and fasteners are securely tightened before use. Periodically check for loose connections.
- Do not climb on or stand on the table.
- Use the table on a level surface to prevent tipping and ensure optimal gameplay.
- Adult supervision is recommended for young children during play.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly:

- 1 x Foosball Table (unassembled components)
- 2 x Soccer Balls
- 1 x User's Manual (this document)
- All necessary hardware for assembly

## ASSEMBLY INSTRUCTIONS

---

Assembly typically requires approximately 3 hours. It is recommended to have two adults for easier and safer assembly. Follow the step-by-step diagrams provided in the included user's manual for detailed instructions.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify all components against the parts list.
2. **Assemble the Base:** Attach the legs to the main table body. Ensure all screws are tightened firmly but do not overtighten to avoid damaging the engineered wood. The oversized leg levelers should be installed at this stage to allow for height adjustment.
3. **Install Playing Rods:** Insert the alloy steel rods through the designated holes. Attach the foosball players (13 black, 13 ivory) and comfortable rubber hand grips to the rods. Ensure the players are oriented correctly.
4. **Secure Scoring Devices and Ball Returns:** Attach the bead-style scoring devices to each end of the table. Verify that the internal goal and ball collector mechanisms are correctly positioned for easy retrieval.
5. **Final Checks:** Once assembled, check all connections for stability. Adjust the leg levelers to ensure the playing surface is perfectly flat.

## OPERATING INSTRUCTIONS

### Playing the Game

- **Starting Play:** Place one of the two included soccer balls into the designated ball entry point at the center of the table.
- **Controlling Players:** Use the rubber hand grips to rotate and slide the rods, moving your foosball players to strike the ball. The rods are designed for smooth rotation and control.
- **Scoring:** When a ball enters the opponent's goal, use the bead-style scoring device located at the side of the table to keep track of the score. The internal goal and ball collector allow for easy retrieval of scored balls.
- **Fair Play:** Avoid spinning the rods excessively, as this can damage the table and is generally considered unsportsmanlike.

## MAINTENANCE

- **Cleaning:** Wipe the playing surface and exterior with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Rod Lubrication:** Periodically apply a small amount of silicone-based lubricant to the steel rods to ensure smooth operation. Avoid oil-based lubricants as they can attract dust.
- **Hardware Check:** Regularly inspect all screws and fasteners for tightness. Re-tighten any loose connections to maintain table stability.
- **Storage:** Store the foosball table in a dry environment, away from direct sunlight and extreme temperature fluctuations, to preserve its materials.

## TROUBLESHOOTING

- **Loose Screws:** If screws become loose or fall out over time, re-insert and tighten them. For persistent issues, consider using slightly larger screws or a small amount of wood glue in the screw holes for added security.
- **Uneven Playing Surface:** Adjust the oversized leg levelers at the bottom of each leg until the playing surface is perfectly horizontal.
- **Sticking Rods:** Apply silicone lubricant to the rods as described in the Maintenance section. Ensure rods are clean and free of debris.
