# Instruction Manual

## MDESIGN PLASTIC KITCHEN PANTRY, MEDICINE CABINET, COUNTERTOP ORGANIZER STORAGE STATION

### PRODUCT OVERVIEW

---

The mDesign Three Section Storage Organizer Bin is designed to streamline and declutter various spaces within your home, particularly kitchens, pantries, medicine cabinets, and countertops. This versatile organizer features three generously sized sections, ideal for separating and storing a variety of small items.

Each organizer is equipped with two integrated handles, making it easy to transport from one location to another. This set includes four individual organizers, providing ample storage solutions for multiple areas or a larger collection of items.

### SETUP INSTRUCTIONS

1. **Unpacking:** Carefully remove all four organizers from their packaging. Inspect each unit for any signs of damage during transit.
2. **Initial Cleaning:** Before first use, it is recommended to wash each organizer with mild soap and water. Rinse thoroughly to remove any residue and allow them to air dry completely.

## OPERATING INSTRUCTIONS

---

These organizers are designed for versatile use in various settings:

- **Placement:** Place the organizers on any flat, stable surface such as kitchen countertops, pantry shelves, inside cabinets, or at a coffee bar station.
- **Organization:** Utilize the three distinct sections to sort and store items. Examples include:
  - Tea bags, coffee pods, and filters
  - Sugar packets, sweeteners, and individual condiment packets
  - Stirring sticks, small utensils, or liquid vitamins
- **Portability:** The integrated handles allow for easy transport. Simply grasp the handles to move the organizer from a cabinet to a counter, or from one room to another, as needed.

## MAINTENANCE AND CARE

To ensure the longevity and cleanliness of your mDesign organizers, follow these simple care instructions:

- **Cleaning:** Wash the organizers by hand using mild soap and warm water.
- **Rinsing:** Rinse thoroughly to remove all soap residue.
- **Drying:** Allow the organizers to air dry completely before refilling or storing.
- **Avoid:** Do not use abrasive cleaners, harsh chemicals, or scouring pads, as these can scratch or damage the plastic surface.

## TROUBLESHOOTING

- **Organizer does not fit in desired space:** Verify the dimensions of the organizer against your available space. Consider using a single organizer or rearranging items to optimize space.
- **Items are too large for sections:** The sections are designed for smaller, individual packets or items. For larger items, consider alternative storage solutions or other mDesign products.
- **Organizer slides on smooth surfaces:** If the organizer tends to slide, place a non-slip mat or rubber grippers underneath to provide stability.
