NOERDEN LIFE2

NOERDEN LIFE2 38mm Smartwatch

USER MANUAL

Introduction

The NOERDEN LIFE2 is a sophisticated hybrid smartwatch that combines the timeless elegance of a traditional analog watch with advanced smart features. Designed for both men and women, this 38mm timepiece tracks your daily activities, monitors sleep, and keeps you connected with smart notifications, all while maintaining a classic aesthetic. This manual provides detailed instructions to help you set up, operate, and maintain your NOERDEN LIFE2 smartwatch.

Key Features:

- Activity Tracking (steps, distance, calories)
- Automatic Run Detection
- Sleep Analysis (light/deep, duration, awakenings)
- Smart Notifications (alerts, calls, rejections)
- Music Control
- Camera Remote Trigger
- Find My Smartphone Function
- Silent Alarm
- Bluetooth 4.0 Connectivity
- 5ATM Water Resistance
- Long Battery Life (6 months to 1 year)
- Interchangeable Strap

Setup

Follow these steps to set up your NOERDEN LIFE2 smartwatch for the first time.

1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Ensure all items are present and undamaged.

Image: Contents of the NOERDEN LIFE2 packaging, including the smartwatch, quick start guide, and safety statement.

The box typically contains the NOERDEN LIFE2 smartwatch, a quick start guide, and a safety statement. The watch features a stainless steel case, mineral glass, and a 20mm interchangeable silicone strap.

2. App Installation

Download the official NOERDEN app from your smartphone's app store. The app is compatible with both Android and iOS operating systems.

- For iOS devices: Search for "NOERDEN" in the Apple App Store.
- For Android devices: Search for "NOERDEN" in the Google Play Store.

3. Bluetooth Pairing

Ensure Bluetooth is enabled on your smartphone. Open the NOERDEN app and follow the on-screen instructions to pair your LIFE2 smartwatch. The app will guide you through the connection process.

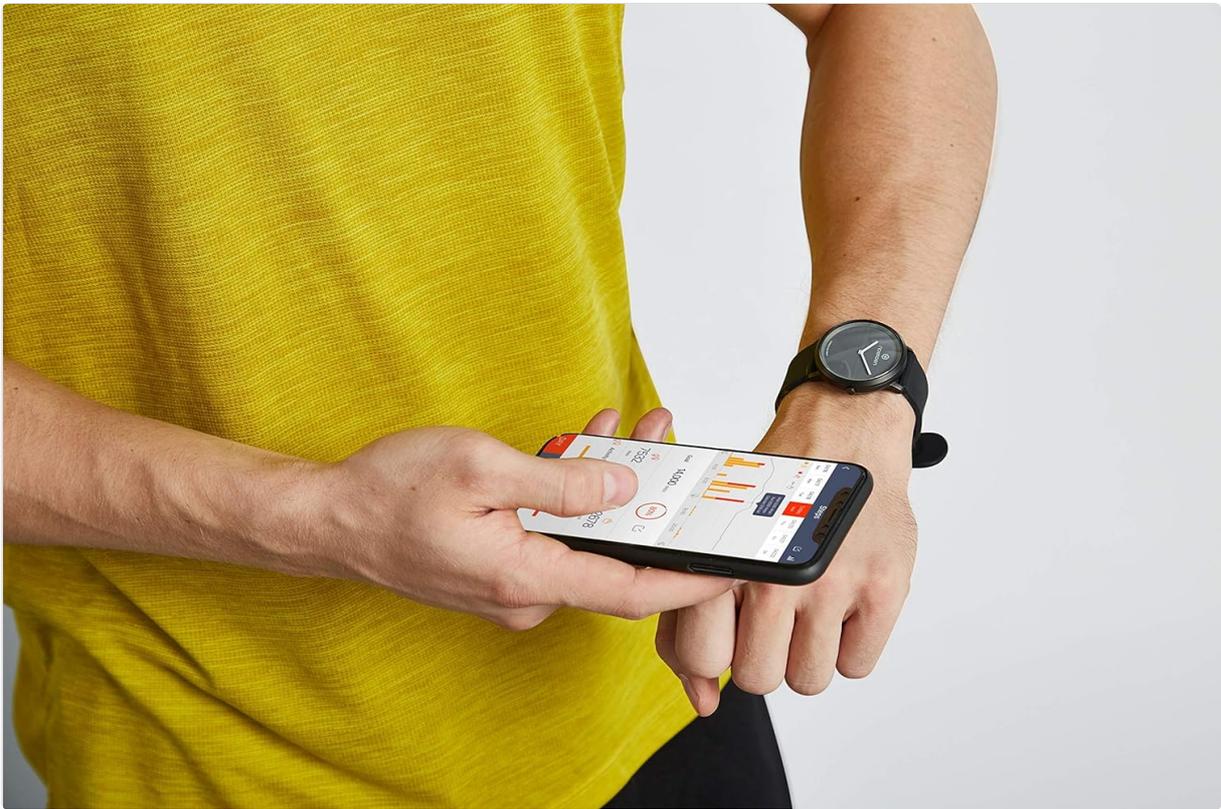

Image: A user interacting with the NOERDEN mobile application on their smartphone, with the NOERDEN LIFE2 smartwatch visible on their wrist, demonstrating the app's interface for data tracking.

If you experience difficulty pairing, ensure no other Bluetooth devices are actively connected to your phone, as this can sometimes interfere with the connection.

4. Time Synchronization

Once paired, the watch will automatically synchronize its time with your smartphone. This ensures accurate timekeeping and proper functioning of all smart features.

Operating Instructions

The NOERDEN LIFE2 smartwatch offers a range of functionalities to enhance your daily life.

Activity Tracking

The watch continuously tracks your steps, distance covered, and calories burned throughout the day. It also features automatic run detection, recognizing when you start a running activity.

Sleep Analysis

Wear your watch to bed to monitor your sleep patterns. The app provides detailed analysis of your sleep, including light sleep, deep sleep, total duration, and awakenings.

Smart Notifications

Receive alerts for incoming calls, messages, and other app notifications directly on your watch through vibrations. You can also reject incoming calls from your watch.

Music Control

Control music playback on your smartphone directly from your watch. This feature allows you to play, pause, skip tracks, and adjust volume without needing to access your phone.

Camera Remote Trigger

Use your watch as a remote shutter button for your smartphone's camera, making it easier to take group photos or selfies.

Find My Smartphone

If you misplace your phone, use the "Find My Smartphone" feature on your watch to make your phone ring, helping you locate it quickly.

Silent Alarm

Set silent alarms through the app. The watch will vibrate gently to wake you up or remind you of important events without disturbing others.

Data Tracking and Sharing

The NOERDEN app provides a comprehensive overview of your activity and sleep data, presented with curves and historical records. You can share your data via email, SMS, and social networks. The app also supports data synchronization with Apple Health and WeChat Sport.

Image: Two views of the NOERDEN LIFE2 smartwatch in blue, highlighting its minimalist design and the mechanical hands that display time.

The watch features traditional mechanical hands for time display, combining classic watchmaking with smart technology.

Maintenance

Proper care and maintenance will extend the life of your NOERDEN LIFE2 smartwatch.

Water Resistance

The NOERDEN LIFE2 is water-resistant up to 5 ATM (50 meters), making it suitable for everyday use, including showering and swimming in shallow water. It is not recommended for diving or high-pressure water activities.

Battery Replacement

The watch uses a CR2 battery, which typically lasts between 6 months to 1 year depending on usage. When the battery is low, the app will notify you. Battery replacement should ideally be performed by a qualified watch technician to ensure water resistance is maintained.

Note: The product specifications indicate that 1 CR2 battery is required.

Cleaning Instructions

To clean your watch, wipe the case and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, which can damage the watch's finish.

Strap Replacement

The 20mm silicone strap is interchangeable, allowing you to customize the look of your watch. To replace the strap, locate the quick-release pins on the underside of the strap and gently slide them to detach. Attach a new 20mm strap by reversing the process.

Troubleshooting

If you encounter issues with your NOERDEN LIFE2 smartwatch, refer to the common problems and

solutions below.

Watch Not Connecting to Smartphone

- **Check Bluetooth:** Ensure Bluetooth is enabled on your smartphone and the watch is within range.
- **Restart App/Phone:** Close and reopen the NOERDEN app, or restart your smartphone.
- **Forget Device:** In your phone's Bluetooth settings, "forget" or "unpair" the NOERDEN LIFE2, then attempt to pair again through the app.
- **Interference:** Disconnect other Bluetooth devices from your phone that might be causing interference.

Notifications Not Vibrating

- **App Settings:** Verify that notification alerts are enabled within the NOERDEN app settings.
- **Phone Settings:** Ensure your phone's notification settings allow the NOERDEN app to send alerts.
- **Battery Level:** A very low watch battery might affect vibration strength or functionality.

Inaccurate Activity Tracking

- **Wear Position:** Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone.
- **App Sync:** Regularly sync your watch with the app to ensure data is transferred and processed correctly.

Watch Not Responding / "Bricked"

- **Battery Check:** The most common cause is a depleted battery. Replace the CR2 battery.
- **Hard Reset:** Refer to the quick start guide for instructions on performing a hard reset, if available.
- **Contact Support:** If the issue persists after battery replacement and basic troubleshooting, contact NOERDEN customer support.

Specifications

Detailed technical specifications for the NOERDEN LIFE2 38mm smartwatch.

Feature	Detail
Brand	NOERDEN
Model Name	LIFE2
Model Number	6970754370558
