# Meichoon KA08 12-Digit Dual Power Desktop Calculator User Manual

Model: KA08 | Brand: Meichoon

## 1. INTRODUCTION

---

Welcome to the user manual for your Meichoon KA08 12-Digit Dual Power Desktop Calculator. This calculator is designed for ease of use and reliability, featuring a large LCD display and dual power sources (solar and battery) to ensure continuous operation. It is suitable for various applications, including home, office, and educational use.

## 2. KEY FEATURES

---

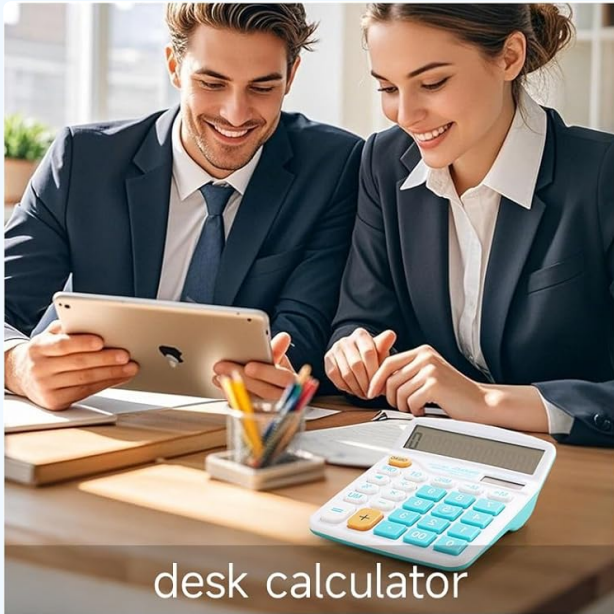

- **12-Digit Display:** Large, easy-to-read numbers for clear visibility.
- **Dual Power:** Operates on solar power in well-lit environments and switches to battery power in low light conditions.
- **Durable Buttons:** Silicone buttons provide a good tactile response, made from lightweight ABS plastic for comfortable operation.
- **Versatile Functions:** Performs common mathematical operations and various financial functions.
- **Compact Design:** Ideal for desktop use, yet portable enough for various settings.

## 3. PRODUCT OVERVIEW

---

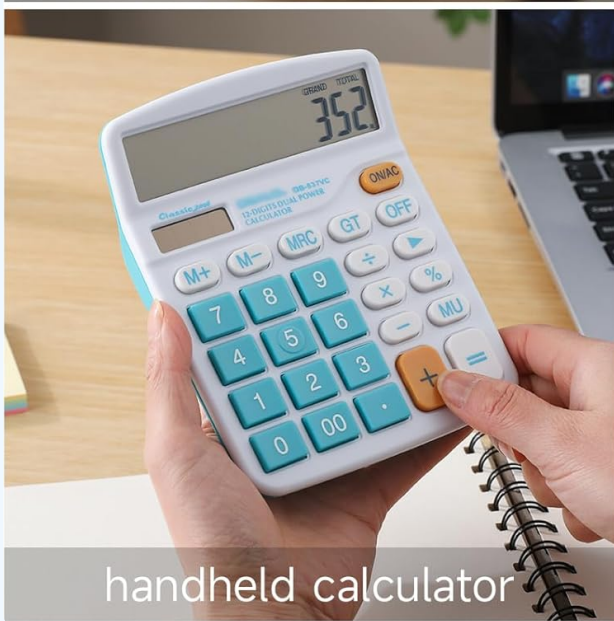

The Meichoon KA08 calculator features a large LCD display and a comfortable button layout, presented in a vibrant blue color.

## 6. POWER MANAGEMENT

---

The Meichoon KA08 calculator is equipped with dual power capabilities:

- **Solar Power:** The calculator primarily operates using its solar panel when sufficient light is available. This feature helps conserve battery life and is environmentally friendly.
- **Battery Power:** In low-light conditions or when solar power is insufficient, the calculator automatically switches to battery power (1 AAA battery, included). This ensures uninterrupted use.

## 7. MAINTENANCE

---

- **Cleaning:** Wipe the calculator with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the calculator in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Replacement:** If the display becomes dim or unresponsive, replace the AAA battery.

## 8. TROUBLESHOOTING

---

- **Display is blank:** Ensure there is sufficient light for solar power or check/replace the AAA battery.
- **Incorrect calculations:** Press **ON/AC** to clear all previous entries and memory before starting a new calculation.
- **Buttons are unresponsive:** Ensure the calculator is clean and free from debris around the buttons.

## 9. SPECIFICATIONS

---

Feature	Detail
Brand	Meichoon
Model	KA08
Display Technology	LCD
Display Size	10 Centimeters
Resolution	12 digits
Power Source	Solar Powered, 1 AAA battery (included)
Material Type	Plastic
