## MAINTENANCE

### Cleaning the Doll

To clean the Elsa doll, gently wipe her body with a damp cloth and mild soap. Avoid submerging the doll in water. For her hair, use a wide-tooth comb or a doll brush to gently detangle and style. Do not use heat styling tools on the doll's hair.

### Dress Care

The doll's dress can be hand-washed with cold water and mild detergent. Air dry completely. Do not bleach or tumble dry.

## TROUBLESHOOTING

### Tangled Hair

If Elsa's hair becomes tangled, gently spray with a small amount of water or a doll-safe detangling spray. Starting from the ends, carefully comb through the hair with a wide-tooth comb or doll brush, working your way up to the roots.

### Loose Limbs

The doll's limbs are designed for movement. If they feel too loose, this is generally normal for poseable dolls. Avoid excessive force when posing to prevent damage.
