

Zazu ZA-HARRY-01

Zazu Harry the Hedgehog Star Projector with Soothing Sounds User Manual

Model: ZA-HARRY-01 | Brand: Zazu

1. INTRODUCTION

Zazu Harry the Hedgehog is a comforting star projector designed to help your child fall asleep. It projects a magical starry sky and plays soothing melodies. This manual provides instructions for the safe and effective use of your Harry the Hedgehog projector.

Image 1.1: Zazu Harry the Hedgehog Star Projector, a plush hedgehog with a light projector on its back.

2. SAFETY INFORMATION

- Always supervise children when using this product.
- Keep the product away from water and moisture.
- Do not use rechargeable batteries. Use only 3xAA alkaline batteries.
- Ensure the battery compartment is securely closed.
- Do not mix old and new batteries, or different types of batteries.
- Remove batteries if the product is not used for an extended period.
- This product is not a toy.

3. PACKAGE CONTENTS

The Zazu Harry the Hedgehog package typically includes:

- 1x Zazu Harry the Hedgehog Star Projector with Soothing Sounds

Note: 3xAA batteries are not included and must be purchased separately.

4. SETUP

4.1 Battery Installation

1. Locate the battery compartment on the underside of Harry the Hedgehog.
2. Unzip the fabric cover to access the sound module.
3. Open the battery compartment cover using a small screwdriver (not included).
4. Insert 3xAA batteries, ensuring correct polarity (+/-).
5. Close the battery compartment cover and secure it with the screw.
6. Zip the fabric cover back into place.

4.2 Placement

Place Harry the Hedgehog on a stable, flat surface in your child's room, ensuring it is out of reach of infants and toddlers.

5. OPERATING INSTRUCTIONS

Harry the Hedgehog features intuitive controls for its various functions. The control buttons are located on the sound module inside the plush toy.

5.1 Power On/Off

Press the main power button on the sound module to turn Harry on or off.

5.2 Star Projection

Harry projects a magical starry sky onto the ceiling. You can select from four different color modes:

- Orange
- Blue
- Green
- Multicolour (cycles through colors)

Press the light button on the sound module to cycle through the color options.

4 colours

orange, green, blue and multi colour

Image 5.1: Harry the Hedgehog projecting green stars onto a ceiling, demonstrating one of the four available color modes.

5.3 Soothing Melodies

Harry offers three soothing melodies to help your child relax and fall asleep:

- Heartbeat sound
- White noise
- Lounge music

Press the music button on the sound module to select your desired melody. The volume can also be adjusted using the dedicated volume buttons.

3 Melodies

heartbeat, nature and lounge music

Image 5.2: Harry the Hedgehog projecting orange stars, accompanied by musical notes indicating the soothing melodies feature.

5.4 Auto Shut-off Timer

To conserve battery life and ensure a peaceful sleep environment, Harry features an automatic shut-off function:

- The light projection will automatically turn off after 30 minutes.
- The music will automatically turn off after 15 minutes.

5.5 Cry Sensor

Harry is equipped with a cry sensor that automatically activates the star projection and soothing melodies when your baby starts crying. This feature provides comfort and helps soothe your child back to sleep.

Cry sensor

can activate upon crying

Image 5.3: Harry the Hedgehog projecting blue stars, with an icon representing the cry sensor feature, indicating automatic activation upon detecting a baby's cry.

6. MAINTENANCE

6.1 Cleaning Instructions

To clean your Zazu Harry the Hedgehog:

1. First, ensure the product is turned off and remove the sound module from inside the plush toy.
2. The soft toy (without the sound module) can be hand washed or machine washed on a gentle cycle with mild detergent.
3. Allow the soft toy to air dry completely before reinserting the sound module.
4. Wipe the sound module with a dry, soft cloth. Do not immerse the sound module in water.

7. TROUBLESHOOTING

- **No Power/Not Turning On:** Check if the batteries are inserted correctly with the right polarity. Replace with fresh 3xAA batteries. Ensure the power button is pressed firmly.
- **No Light Projection:** Verify the unit is powered on. Check battery levels. Ensure the light button has

been pressed to activate projection.

- **No Sound/Music:** Verify the unit is powered on. Check battery levels. Ensure the music button has been pressed and volume is not set to minimum.
- **Cry Sensor Not Activating:** Ensure the cry sensor feature is enabled (if applicable, refer to specific button on module). Check for excessive ambient noise that might interfere with detection.
