## Lumineo 780323

# Lumineo 1000 LED Warm White Christmas Compact Lights Set (Model 780323)

Instruction Manual

## INTRODUCTION

This manual provides instructions for the safe and effective use of your Lumineo 1000 LED Warm White Christmas Compact Lights Set. Please read all instructions carefully before installation and operation.

The Lumineo Compact Lights feature 1000 warm white LED bulbs on a transparent wire, designed for both indoor and outdoor use. The set includes a built-in controller with 8 lighting functions and an integrated timer.

## IMPORTANT SAFETY INFORMATION

- This product is UL588 Standard Certified, ensuring compliance with safety standards.
- For indoor and outdoor use.
- The LED lamps are not replaceable. Do not attempt to replace individual bulbs.
- Do not connect the light chain to the power supply while it is still in its packaging.
- Always ensure the transformer is protected from moisture when used outdoors.
- Unplug the lights from the power source when not in use or before cleaning.
- Keep away from children and pets.

## PACKAGE CONTENTS

## SETUP INSTRUCTIONS

- Unpack the Lights:** Carefully remove the light set from its packaging. Ensure the lights are fully uncoiled before plugging them in. The compact design helps prevent tangling.
- Placement:** Position the lights as desired for your indoor or outdoor display. The 74-foot lighted length and 1-inch spacing between bulbs allow for dense coverage.
- Power Connection:** Connect the 10-foot lead wire to the UL approved transformer, then plug the transformer into a suitable power outlet.
- Individual Operation:** Note that these lights plug in individually and cannot be connected end-to-end with other sets.

## OPERATING INSTRUCTIONS

The Lumineo Compact Lights feature an integrated controller for managing lighting functions and the timer.

### Timer Function

- To activate the timer, press the timer button on the controller once.
- The lights will illuminate for 8 hours, then automatically turn off for 16 hours.
- This 8-hour on, 16-hour off cycle will repeat daily at the same time you initially activated the timer.

### Lighting Functions

The controller offers 8 different lighting functions. Press the function button on the controller repeatedly to cycle through the available effects:

- Steady-on
- Twinkle

- Various fading and atmospheric effects

## CARE AND MAINTENANCE

- **Bulb Lifespan:** The LED bulbs have an approximate lifespan of 50,000 hours.
- **Bulb Replacement:** The LED lamps are not designed to be replaced.
- **Cleaning:** Ensure the lights are unplugged before cleaning. Wipe gently with a soft, dry cloth. Do not immerse

any part of the light set or transformer in water.

- **Storage:** When not in use, store the light set in a cool, dry place, away from direct sunlight. Carefully coil the lights to prevent damage.
- **Cool to Touch:** LED bulbs remain cool to the touch during operation, reducing fire hazards.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	Not plugged in correctly. Power outlet malfunction. Controller issue.	Ensure the transformer is securely plugged into a working outlet. Test the outlet with another device. Press the timer/function button to ensure it's not in an "off" state or try resetting by unplugging and replugging.
Timer function not working as expected.	Timer not activated correctly. Power interruption.	Press the timer button once to initiate the 8-hour on/16-hour off cycle. The cycle begins from the moment the button is pressed. If power is interrupted, the timer may need to be reset by pressing the button again.
Lights are flashing instead of twinkling.	Incorrect function selected.	Cycle through the 8 functions using the function button until the desired effect is achieved. Some effects may appear as rapid flashing.

## PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Lumineo
Model Number	780323
Light Source Type	LED
Number of Lights	1000
