5. MAINTENANCE

To ensure the longevity and clarity of your mDesign Storage Organizer Bin Basket, follow these simple care instructions:

- **Cleaning:** Clean with mild soap and water. Use a soft cloth or sponge to wipe down surfaces.
- **Drying:** Allow to air dry completely or wipe with a clean, dry cloth to prevent water spots.
- **Avoid Dishwasher:** Do not place the bin in a dishwasher, as high temperatures can cause warping or damage to the plastic.
- **Chemicals:** Avoid using harsh abrasive cleaners or strong chemical solvents, as these can scratch or cloud the clear plastic.

6. TROUBLESHOOTING

While the mDesign Storage Organizer Bin Basket is designed for durability and ease of use, here are some common considerations:

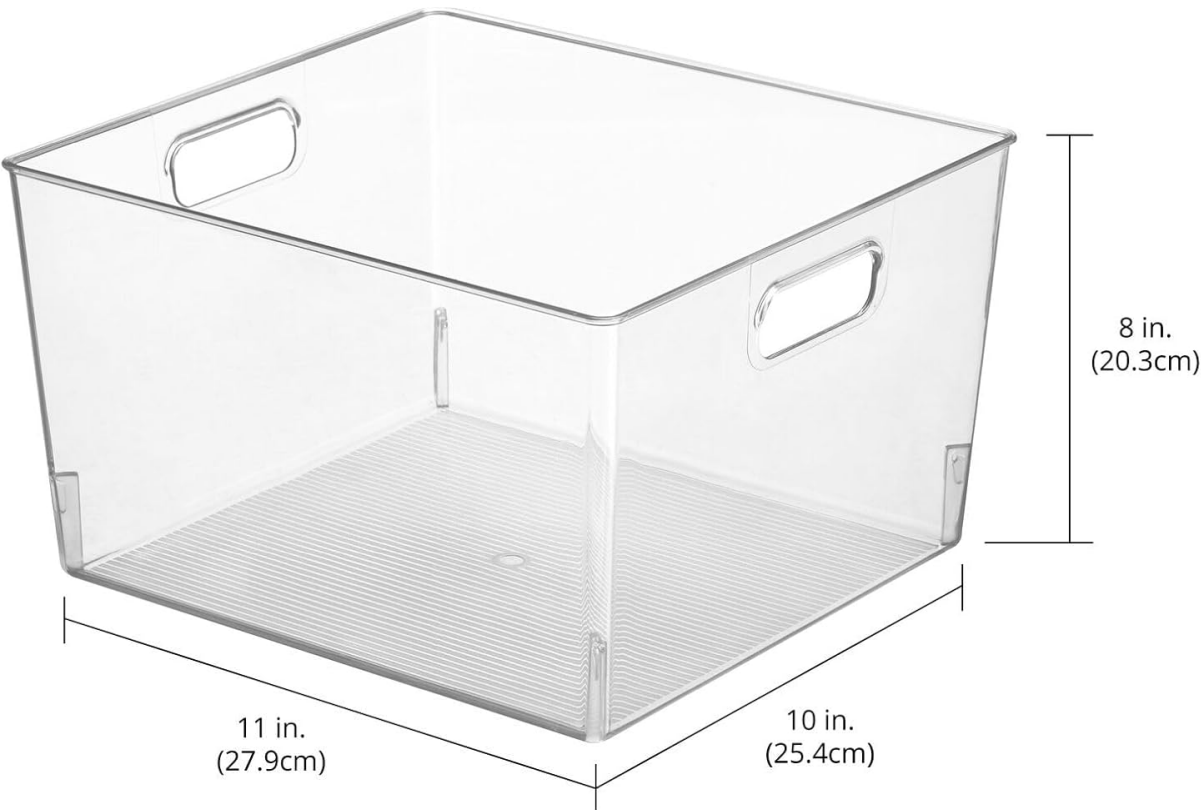

- **Scratches:** To minimize scratches, avoid dragging the bin across rough surfaces and do not store sharp objects directly against the plastic.
- **Cloudiness/Discoloration:** If the plastic appears cloudy or discolored, ensure you are using only mild soap and water for cleaning. Exposure to direct sunlight for prolonged periods may also contribute to discoloration over time.
- **Stability when Stacked:** Ensure bins are placed on a flat, stable surface when stacked. Avoid overloading the top bins to maintain stability.
