

FlightScope Mevo (E51-A7310)

FlightScope Mevo - Portable Personal Launch Monitor for Golf User Manual

User Instruction Manual

INTRODUCTION

The FlightScope Mevo is a lightweight and portable 3D Doppler radar launch monitor designed to help golfers practice with purpose and improve their game. It provides essential club and ball data parameters, allowing users to gain valuable insights into their performance both indoors and outdoors.

Image: The FlightScope Mevo device shown alongside mobile devices displaying real-time golf swing data and video analysis.

SETUP

To set up your FlightScope Mevo, ensure the device is placed 6-7 feet directly behind the ball. For indoor use, metallic dots are required on the ball for accurate spin measurement. For pitching, the maximum distance to the target should be 20 yards. For outdoor full swings, ensure unrestricted ball flight. The Mevo connects wirelessly to your mobile device via the FlightScope Golf app.

OPERATING INSTRUCTIONS

The Mevo provides 8 essential data parameters for every shot, including carry distance, club head speed, ball speed, spin rate, launch angle, smash factor, time in air, and height. This data is instantly sent to your connected mobile device for real-time feedback.

Key Features:

- **Practice Anywhere:** Use the Mevo on the driving range, on the golf course, or at home for consistent data collection.
- **Video Recording & Analysis:** The Mevo app automatically records and clips videos of every shot. You can overlay selected data parameters directly onto the video for detailed swing analysis. The app also allows you to draw lines and circles on the video for further examination of your swing mechanics.
- **Voice Feedback:** The Mevo provides audible feedback through your device's speaker, headphones, or wireless earphones, announcing key data parameters after each shot.
- **Mevo Skills Challenges:** Engage in various challenges such as PGA & LPGA Challenges, Long Drive Competition, and Range Competition to make your practice sessions more engaging and goal-oriented.

Video Description: This video illustrates the global presence and portability of the FlightScope Mevo, showing how it can be easily carried and used anywhere a golfer practices. It reinforces the device's convenience and versatility.

MAINTENANCE

To ensure the longevity and optimal performance of your FlightScope Mevo, follow these maintenance guidelines:

- **Cleaning:** Wipe the device with a soft, damp cloth after each use to remove dirt and debris. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the Mevo in a cool, dry place away from direct sunlight and extreme temperatures. Use the provided carrying case for protection during transport.
- **Battery Care:** The Mevo uses a Lithium-Ion Polymer battery. Charge the device regularly, even when not in use, to maintain battery health. Avoid fully discharging the battery for extended periods.
- **Firmware Updates:** Periodically check for and install firmware updates via the FlightScope Golf app to ensure your device has the latest features and performance enhancements.

TROUBLESHOOTING

If you encounter issues with your FlightScope Mevo, consider the following common troubleshooting steps:

- **Connectivity Issues:** Ensure Bluetooth is enabled on your mobile device and the Mevo is within range. Try restarting both the Mevo and your mobile device.
- **Inaccurate Readings:** Verify that the Mevo is positioned correctly (6-7 feet directly behind the ball). For indoor use, confirm that metallic dots are properly applied to the golf ball. Ensure there are no obstructions between the Mevo and the ball.
- **App Not Responding:** Close and reopen the FlightScope Golf app. If the issue persists, try reinstalling the app.
- **Battery Not Charging:** Check the charging cable and adapter for damage. Ensure the charging port on the Mevo is clean and free of debris.

For further assistance, refer to the official FlightScope support resources or contact customer service.

SPECIFICATIONS

Feature	Detail
Brand	FlightScope
Model Name	Mevo
Item Weight	1.76 Ounces
Product Dimensions	3.5"L x 2.4"W x 1.5"H
Color	White with red trim
Material	Plastic
Batteries Included	Yes (Lithium-Ion Polymer)
International Protection Rating	IP54
Measuring Range	Typical golf swing and ball flight parameters
UPC	860000879606

WARRANTY AND SUPPORT
