John Deere PC1070

John Deere BWF Disc Harrow PC1070 Parts Manual

Detailed Parts Identification and Diagrams

Introduction

This document serves as a comprehensive parts manual for the John Deere BWF Disc Harrow, model PC1070. Its primary purpose is to assist users in identifying and ordering correct replacement parts for their equipment. This manual contains exploded views, part numbers, and descriptions to facilitate accurate part identification.
Please note that this manual focuses exclusively on parts identification and does not include operational instructions, general maintenance procedures, or troubleshooting guides for the disc harrow's performance issues. For such information, please refer to the dedicated John Deere Operator's Manual for the BWF Disc Harrow PC1070.

Using This Parts Manual

To effectively use this parts manual, locate the relevant section for the component you need to identify. Each section typically includes an illustration (exploded view) and a corresponding parts list. Match the numbered items in the illustration to the part numbers and descriptions in the list.

Setup

This parts manual does not cover the initial setup or assembly instructions for the John Deere BWF Disc Harrow PC1070. For detailed setup procedures, including attachment to a tractor and initial adjustments, please consult the official John Deere Operator's Manual specific to your equipment model.

Operating

Operational instructions for the John Deere BWF Disc Harrow PC1070 are not included in this parts manual. Safe and efficient operation of the disc harrow requires adherence to guidelines provided in the dedicated Operator's Manual. This includes information on proper usage, safety precautions, and operational adjustments.

Maintenance

While this parts manual is crucial for identifying replacement components during maintenance, it does not detail routine maintenance schedules or procedures such as lubrication, cleaning, or general adjustments. For comprehensive maintenance guidelines, refer to the John Deere Operator's Manual. This parts manual is specifically for identifying the correct parts needed for repair or replacement.

Troubleshooting

This parts manual does not provide troubleshooting steps for operational issues or performance problems with the John Deere BWF Disc Harrow PC1070. For diagnostic information and solutions to common operational difficulties, please consult the troubleshooting section of the John Deere Operator's Manual or contact an authorized John Deere service technician.

Specifications

Detailed technical specifications for the John Deere BWF Disc Harrow PC1070, such as dimensions, weight, working width, or power requirements, are not typically found in a parts manual. For complete product specifications, please refer to the official John Deere product documentation or the Operator's Manual for the BWF Disc Harrow PC1070.
This parts manual primarily lists specifications related to individual components, such as part numbers and descriptions.

Warranty Information

Information regarding the warranty for the John Deere BWF Disc Harrow PC1070 or its individual components is not provided within this parts manual. For details on warranty coverage, terms, and conditions, please refer to the original purchase documentation, contact your authorized John Deere dealer, or visit the official John Deere website.

Support and Service

For further assistance with parts identification, technical support, or service for your John Deere BWF Disc Harrow PC1070, please contact your local authorized John Deere dealer. They can provide expert advice, genuine John Deere parts, and professional service.
