UGREEN 50944

UGREEN Portable Wireless Magnetic Apple Watch Charger User Manual

Model: 50944 | Brand: UGREEN

1. INTRODUCTION

This manual provides detailed instructions for the safe and efficient use of your UGREEN Portable Wireless Magnetic Apple Watch Charger (Model 50944). This MFi certified charger is designed for convenience and compatibility with various Apple Watch Series models. Please read this manual thoroughly before use and retain it for future reference.

2. PACKAGE CONTENTS

- 1 x UGREEN Portable Wireless Magnetic Apple Watch Charger
- 1 x User Manual

3. PRODUCT FEATURES

- **MFi Certified:** Ensures full compatibility and safe charging for Apple Watch.
- **Portable Design:** Compact and lightweight, ideal for travel.
- **Magnetic Charging Module:** Integrates MagSafe technology with inductive charging.
- **USB-A Connector:** Plugs directly into any standard USB-A port for power.
- **Multiple Protections:** Built-in safeguards against over-current, over-voltage, short-circuit, and over-temperature.
- **Lanyard Design:** Allows for easy attachment to bags or keychains.

MULTIPLE PROTECTIONS

Over-current protection

Over-voltage protection

**Short-circuit protection**

Over-Temperature protection

Image 3.3: An exploded diagram illustrating the internal components and multiple protection layers of the charger, including over-current, over-voltage, short-circuit, and over-temperature protection.

4. SETUP

1. **Unpack:** Carefully remove the charger from its packaging.
2. **Remove Cap:** Take off the protective cap from the USB-A connector.
3. **Connect to Power:** Insert the USB-A connector into a powered USB port (e.g., wall adapter, power bank, laptop, desktop computer). Ensure the power source provides sufficient output (e.g., 5V/2A for optimal charging).

Image 4.1: An Apple Watch placed on the UGREEN portable charger, which is plugged into a laptop's USB port, demonstrating a typical setup.

5. OPERATING INSTRUCTIONS

1. **Place Apple Watch:** Gently place your Apple Watch onto the magnetic charging module. The watch will automatically align and begin charging.
2. **Charging Indicator:** Your Apple Watch screen will display a charging icon and battery percentage.
3. **Charging Time:** The charger is designed to fully charge your Apple Watch within approximately 2 hours, similar to the original charger.
4. **Orientation:** The charger can be used in various orientations depending on the USB port. If the watch hangs downwards, ensure it is securely attached to prevent accidental dislodgement. The included anti-slip component can help stabilize the watch if needed.

AS FAST AS THE ORIGINAL CHARGER

Fully charge Apple Watch within 2 Hours

2h

Video 5.1: This video demonstrates the UGREEN Apple Watch Charger in use, showing how to connect it to a power source and place the Apple Watch for charging. It highlights the charger's portability and ease of use in various scenarios, including charging from a laptop, power strip, and power bank.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the charger. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use, store the charger in a cool, dry place. Replace the protective cap over the USB-A connector to prevent dust and damage.
- **Handling:** Avoid dropping the charger or subjecting it to strong impacts.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Apple Watch not charging.	- Charger not properly connected to power source. - Apple Watch not correctly placed on the magnetic module. - Power source insufficient or faulty. - Charger or Apple Watch is damaged.	- Ensure the USB-A connector is fully inserted into a working USB port. - Reposition the Apple Watch on the magnetic module until charging begins. - Try a different USB port or power adapter. Ensure the power source provides at least 5V/1A. - Contact UGREEN support if the issue persists.
Slow charging.	- Low power output from the USB port. - Using a power source with less than recommended output.	- Use a USB port or power adapter that provides 5V/2A for optimal charging speed. - Avoid charging from low-power USB ports (e.g., some older laptop ports).
Charger feels warm during use.	- Normal operation. - Overheating due to poor ventilation or excessive load.	- A slight warmth is normal during charging. - Ensure the charger is in a well-ventilated area. If it becomes excessively hot, disconnect it immediately and contact support.

8. SPECIFICATIONS

| Feature	Detail
Model Number	50944
Brand	UGREEN
Connectivity Technology	Wireless, USB
Connector Type	USB Type A (Note: Product images and video show USB-A, despite some specifications listing USB Type C)
Compatible Devices	Apple Watch Series 1/2/3/4/5/6/7/8/SE
Special Features	Portable, Magnetic Charger, Lightweight, Wireless, Travel
Item Weight	0.81 ounces
Package Dimensions	5.4 x 3.1 x 0.7 inches
Amperage	2 Amps
Wattage	10 watts
Color	White

9. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the official UGREEN website or contact their customer service directly. Details can typically be found on the product packaging or the manufacturer's official channels.
