## JOYIN Wooden Race Car Construction and Painting Kit

# JOYIN Wooden Racing Vehicles Craft Kit Instruction Manual

Model: Wooden Race Car Construction and Painting Kit

## INTRODUCTION

---

The JOYIN Wooden Racing Vehicles Craft Kit provides an engaging activity for children to build and customize their own wooden race car, motorcycle, and monster truck. This kit encourages creativity, fine motor skills, and problem-solving through hands-on assembly and artistic expression. Each vehicle is designed for easy construction and features moving wheels for interactive play once completed.

## WHAT'S INCLUDED

---

Your JOYIN Wooden Racing Vehicles Craft Kit contains all necessary components for building and decorating three unique vehicles:

- Wooden pieces for 1 Race Car
- Wooden pieces for 1 Motorcycle
- Wooden pieces for 1 Monster Truck
- 12 Paint Tubs in 10 assorted colors
- 3 Wooden Paint Brushes
- 3 Sheets of Racing Stickers for customization
- 1 Wooden Glue Pen for assembly
- Easy-to-follow instructions for each vehicle

### SETUP AND ASSEMBLY

Before beginning assembly, ensure all pieces are present and accounted for. Each vehicle comes with its own set of detailed instructions. Follow these guides carefully for optimal results. The wooden glue pen is provided for securing parts. Allow sufficient drying time for the glue between steps to ensure a strong bond.

## OPERATING (PAINTING AND DECORATING)

---

Once your wooden vehicles are assembled and the glue has dried completely, you can begin the painting and decorating process. Use the provided paint tubs and brushes to color your vehicles as desired. Experiment with different color combinations and designs. After the paint has dried, apply the racing stickers to add personalized details and flair to your creations.

## MAINTENANCE

---

To ensure the longevity of your wooden vehicles, avoid prolonged exposure to moisture or direct sunlight, which can cause the wood to warp or the paint to fade. Clean the vehicles with a dry or slightly damp cloth if necessary. Store the vehicles in a dry, cool place when not in use.

## TROUBLESHOOTING

---

### Parts Not Sticking

If wooden parts are not adhering properly, ensure that enough glue has been applied to both surfaces and that sufficient drying time is allowed. Press and hold pieces together firmly for a few moments after applying glue. For best results, allow glue to cure for several hours before handling or painting.
