## V2A Skmei-1163

# V2A Analogue-Digital Sports Watch Skmei-1163 User Manual

Model: Skmei-1163

## 1. PRODUCT OVERVIEW

---

The V2A Analogue-Digital Sports Watch Skmei-1163 is designed for active individuals, offering a blend of traditional analog timekeeping with modern digital functionalities. This watch features a durable construction, shock resistance, and water resistance suitable for daily wear and various sports activities. It includes multiple functions such as alarm, calendar, stopwatch, and dual time zone display.

## Key Features:

- **Analogue and Digital Display:** Provides both traditional and digital time formats.
- **Shock Resistant:** Designed to withstand impacts.
- **5 ATM Water Resistant:** Suitable for washing hands, showering, and swimming (not recommended for prolonged underwater activities).
- **Alarm Function:** Set daily alarms.
- **Calendar:** Displays date and day of the week.
- **Stopwatch:** For timing activities.
- **Dual Time Zone:** Track time in two different zones.
- **EL Backlight:** Electro-Luminescent backlight for visibility in low light conditions.

- **12/24 Hour Format:** Choose your preferred time display.
- **Hourly Chime:** Optional chime on the hour.

## Features:

- Analogue and Digital
- Dual Time Zone
- Stopwatch
- EL Backlight
- Hourly Chime
- Alarm
- Date/Day Calendar
- 12/24 Hour Format
- 5 ATM waterproof

## 2. INITIAL SETUP

Before using your V2A Sports Watch, familiarize yourself with the buttons and their functions. The watch is designed for easy setup and operation.

## Button Functions:

- **LIGHT Button (Top Left):** Activates the EL backlight.
- **MODE Button (Bottom Left):** Cycles through different modes (Time, Alarm, Stopwatch, Dual Time).
- **START/STOP Button (Top Right):** Starts/stops stopwatch, adjusts values in setting mode.
- **RESET Button (Bottom Right):** Resets stopwatch, selects items in setting mode.

## Setting Time and Date:

1. From the normal time display, press the **MODE** button three times to enter time setting mode. The seconds will flash.
2. Press the **RESET** button to cycle through the setting items: Seconds → Hour → Minute → Month → Date → Day of Week.
3. Use the **START/STOP** button to adjust the flashing value.
4. Once all settings are complete, press the **MODE** button to return to normal time display.

## 3. OPERATING INSTRUCTIONS

---

### Using the EL Backlight:

Press the **LIGHT** button (top left) to illuminate the display for a few seconds, allowing you to read the time in dark conditions.

### Setting and Using the Alarm:

1. From the normal time display, press the **MODE** button once to enter alarm mode.
2. Press the **RESET** button to select the hour or minute to set.
3. Use the **START/STOP** button to adjust the flashing value.
4. Press the **MODE** button to confirm and exit alarm setting.
5. To turn the alarm ON/OFF, in alarm mode, press the **START/STOP** button. An alarm icon will appear/disappear.

### Using the Stopwatch:

1. From the normal time display, press the **MODE** button twice to enter stopwatch mode.
2. Press the **START/STOP** button to start timing.
3. Press the **START/STOP** button again to pause timing.
4. Press the **RESET** button to reset the stopwatch to zero.
5. Press the **MODE** button to exit stopwatch mode.

### 12/24 Hour Format:

In normal time display, press the **RESET** button to toggle between 12-hour (with AM/PM indicator) and 24-hour formats.

## 4. CARE AND MAINTENANCE

---

### Water Resistance:

This watch is **5 ATM water resistant**, meaning it can withstand splashes, rain, showering, and swimming in shallow water. However, it is **not recommended for prolonged underwater activities, diving, or hot water exposure** (e.g., hot showers, saunas) as this can compromise the water seals. Do not press any buttons while the watch is wet or submerged.

Image 4.1: Water resistance capabilities of the V2A Sports Watch.

### Cleaning:

Wipe the watch case and strap with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and drying thoroughly. Avoid harsh chemicals or abrasive materials that could damage the watch's finish or seals.

### Storage:

Store the watch in a cool, dry place away from direct sunlight and extreme temperatures. Avoid exposing the watch to strong magnetic fields.

## 5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Watch not displaying time/blank screen	Battery depleted.	Replace the battery. Consult a professional if unsure.
Incorrect time/date	Time/date not set correctly or reset.	Refer to the "Setting Time and Date" section to adjust.
Alarm not working	Alarm not activated or set incorrectly.	Ensure the alarm is turned ON (alarm icon visible) and the time is set correctly.
Water inside the watch	Exposure to water beyond 5 ATM rating or buttons pressed underwater.	Immediately take the watch to a qualified service center. Do not attempt to open it yourself.
Buttons unresponsive	Dirt/debris, internal malfunction, or low battery.	Clean buttons gently. If issue persists, contact customer support.
